SORES AND **ULCERS.**

Sores and Ulcers never become chronic unless the blood is in poor condition—is sluggish, weak and unable to throw off the poisons that accumulate in it. The system must be relieved of the unhealthy matter through the sore, and great danger to life would follow should it heal before the blood has been made pure and healthy and all impurities eliminated from the system, S.S.S. begins the cure by first cleansing and invigorating the blood, building up the general health and removing from the system A CONSTANT DRAIN all morbid, effetematter. UPON THE SYSTEM.

When this has been accomplished the dis-charge gradually ceases, and the sore or fulcer heals. It is the tendency of these old indolent sores to grow worse and worse, and eventually to destroy the bones. Local applications, while soothing and to some extent alleviate pain, cannot reach the seat of the trouble. S. S. S. does, and no matter how apparently hopeless your condition even though your constitution has broker down, it will bring relief when nothing else can. It supplies the rich, pure bloomecessary to heal the sore and nourish

Dr. Pierce's Favorite Prescription is the one medicine for women which prepares them perfectly, both for the burdens and pleasures of maternity. It prevents the morning sickness from which so many women suffer. It strengthens the whole body, so that there is no nervousness nor anxiety. Very Thankful.

"I will be very glad to say a few words for Dr. Pierce's Favorite Prescription," writes Mrs. P. S. Douglas, of Mansonville, Brome Co., Quebec. "During the first four mouths when I looked forward to becoming a mother I suffered very much from nausca and vomiting and I felt so terrible sick I could scarcely eat or drink anything. I hated all kinds of food. At this time I wrote to Dr. Pierce and he told me to get his 'Favorite Prescription' and a bottle of 'Golden Medical Discovery.' I got a bottle of each and when I had taken them a few days, I felt much better, and when I had taken hardly three parts of each bottle I felt well and could eat as well as any one, and could do my work without any trouble, (I could not do any thing before). I feel very thankful to Dr. Pierce for his medicine and I tell all who tell me they are sick to get these medicines or write to Dr. Pierce."
