VALLEY RECORD.

ASHLAND, Or., Thursday, May 30, 1901

Judge Ballard of the superior court at Santa Ana, Cal., rendered a decision which knocks out the "social clubs" recently organized at Fullerton and Capistrano, presumably with the view of evading the new county liquor ordinance. "The rule seems to be well established," says the judge in his decision, "that where evidence shows that the so-called club was but a pretense and fraudulent device to evade the law, it will not avail as defense upon proof of the violation of the law."

Biliousness is a condition characterized by disturbance of the digestive organs. The stomach is debilitated, the liver torpid, the bowels constipated. There is a loathing of food, pains in the bowels, dizziness, coated tongue and vomiting, first of the undigested or partly digested food and then of bile. Chamberlain's Stomach and Liver Tablets allay the disturbances of the stomach and create a healthy appetite. They also tone up the liver to a healthy action and regulate the bowels. Try them and you are certain to be much pleased with the result. For sale by all druggists.

The Fruit Growers and Shippers' association of Sacramento has received the Southern Pacific's time schedule for deciduous fruit trains this season. The schedule provides for six days to Chicago and nine to New York, thus granting the requests of growers and shippers for expedited service. This will not apply to single cars, but to trains only. Last year, it is stated, the average time to Chicago was 15 days. Formerly it was seven.

Some Things To Consider

in choosing a Grocer are these:

Are his Goods fresh and wholesome?
Does he keep up with the Market?
Is he neat and clean?
Does he deal fair with all Customers?

If you find he is all this and more, he will do to tie to.

MEDFORD'S POSTMASTER

Tells of a Cure Effected in His Family by Dr. Darrin, Now at Hotel Nash, Medford.

Medford Mail.]

The following testimonial from Postmaster Merriman is one of the many hundreds, similar in character, which Dr. Darrin has in possession. Nearly everyone in Southern Oregon knows Geo. Merriman, for years engaged in blacksmithing in Medford, now our efficient postmaster. It was George who shod horses for the stage company between Roseburg and Yreka in the days prior to the laying of steel rails by the Southern Pacific Company and that's how all the early settlers happen to know him. Here is his testimonial:

Noticing Dr. Darrin's advent in Medford, I think it no more than right to tell the public what he did for my wife two years ago. For about six years my wife had a troublesome catarrh of the head, which resulted in bronchitis and asthma. All previous attempts at cure proved futile. Dr. Darrin cured her of the above mentioned troubles in about three months. I am glad to give this card in justice to Dr. Darrin as well the good it may do the public. Refer any one to me or my wife.

High School Alumni Meeting.

The Ashland High School Alumni held their annual meeting last Friday evening in Pioneer hall. A new plan was inaugurated this year having refreshments served from booths, instead of all present being seated around a long table as has heretofore been the custom. Streamers of bunting in the colors of the incoming class were hung in beautiful festoons through the room.

The booths were also draped with the class colors, and fancifully decorated with beautiful white snowballs. The booths were in charge of the young ladies of the Alumni, who freely dispensed the good things stored therein.

In the absence of the president, Mr. Waldo Klum, Miss Mamie McWilliams, the Vice-president presided. The Roll-call was read by the Secretary, Miss Docia Willitts, and was responded to by members as far back as the class of 1892. Letters were then read from absent members. The address of welcome by Miss McWilliams was responded to by Mr. James Wooden of the class of 1901. A piano solo by Miss Willitts was followed by a reading by Prof. Vining, entitled "Lucky Jim." The election of officers occurred next, resulting in the election for the following year of, President, Fred Engle; Vice-president, Miss Lily Patterson; Secretary and Treasurer, Miss Bessie Stanley.

All then repaired to the booths and afterwards spent the rest of the evening in conviviality and in reminiscences of days of old. The music from an orchestra added to the enjoyment of the evening. At a late hour all dispersed, voting the new plan a complete success, doing away with the formality usually accompanying such affairs.

All bills due to the Ashland House under the management previous to the 27th of April, 1901, are due and payable to me. Parties knowing themselves indebted are respectfully requested to settle the same with my agent, B. A. Radcliff.

Daly had been working several months for a Coos river farmer and had just been paid $170. No money was found on the body.

John N. King, a well-known business man of Lewiston, Ida., was arrested and charged with the murder of Charles E. Thatcher. The latter, who was a partner of King, was murdered in the firm's store at Lapwai, 12 miles from Lewiston, on the night of July 15, 1898. King's statement at that time was to the effect that two masked men entered the store and shot Thatcher. Two bullets of different caliber were found in his body. The state will attempt to prove that King and Thatcher quarreled and that King took two revolvers and fired a bullet from each into the body of Thatcher. The warrant for King's arrest was issued on the complaint of Harry Thatcher of Genesee, a brother of the murdered man.

William R. Wheeler, a wholesale hardware merchant of San Francisco, testified before the industrial commission at Washington. He said that in recent years there had been a great increase in transpacific trade, mostly with China, as there is no great demand from the Philippines caused by their development. He said that the people of the far west generally were opposed to the efforts of Chicago and St. Louis to secure lower rates on the Pacific business than is given to New York, as such a change would interfere with their obtaining trade.
