"I have not the slightest hesitancy in recommending Chamberlain's Cough Remedy to all who are suffering from coughs or colds," says Chas. M. "It has been some two years since the City Dispensary first called my attention to this valuable medicine and I have repeatedly used it and it has always been beneficial. It has cured me quickly of all chest colds. It is especially effective for children and seldom takes more than one bottle to cure them of hoarseness. I have persuaded many of hoarseness. THE MODERN STORE

It Has One Department Little Known To Customers.

The great department store of our time has one department usually unvisited by customers, and yet very essential to the good of the store. It is the hospital department. The hospital is a feature of the equipment of the great modern department stores, because experience has proved its advantages. It is not more a mark of humanitarian progress than of commercial sagacity. It is not there for the benefit of customers, though its use would not be denied them. It is there for the benefit of the clerks, a majority of whom are women, and these women are those who almost exclusively use the nospital. It is not an uncommon thing for the young woman employee of the store to sink down exhausted, or to drop

fainting to the floor. Her shop-mates promptly care for her, and she is assisted to the store hospital where she may rest and have the needed restoratives.

WOMEN THE SUFFERERS. While the existence of the store hospital points to the sympathy of the man-agement with its employees, it also em-phasizes the weakness of the women for whom the hospital is established. Women who work must be prompt and regular in their duties or they are not wanted. The back may ache, every step may jar along the spine until the head throbs pitifully. The reaching up for a box of gloves or the stooping to pick something from the floor may cause acute pain, but the woman behind the counter must hold on until she drops, and she generally does. Then comes the hospital, a brief rest, and some pallative for her present pain. Next month she may repeat the same experience; for it is noted that this liability to physical collapse among women is much greater at certain periods. The hospital is good in its place. But what these women need is health, Through Palace and Tourist Steepers sound health. And sound health for them means the cure of those womanly diseases which are the primary cause of

the physical weakness such women feel. There is a cure for womanly diseases which has the testimony of tens of thoumanent nature. It is Dr. Pierce's Favorite Prescription, the medicine which makes weak women strong and sick

"A heart overflowing with gratitude as well as a sense of duty urges me to write to you and tell you of my wonderfull recovery," says Miss Corinne C. Hook, of Orangeburg, Orangeburg Co., South Carolina, (care of J. H. Hook). "By the use of Dr. Pierce's Favorite Prescription am entirely a new being compared to the poor miscrable sufferer who wrote

I now weigh 125 pounds. I read in your book of testimonials where a lady said Dr. Pierce's medicines were a 'Thousand pounds of comfort,' please let me add one thousand pounds more to it. Mine was a case of complicated fe-male disease in its worst form."

THE BEST MEDICINE FOR WOMEN. Dr. Pierce's Favorite Prescription can lay claim to being the best medicine for women without fear of contradiction. It it best because it contains no alcohol, and is entirely free from opium, cocaine and all other narcotics, which give only temporary relief from pain. It is the best medicine for women because its cures are radical, going to the root of disease and establishing perfect and permanent health. To these claims the themselves are the witnesses, who having tried in vain
