Leo Pockmiz and H. Cohen, millionaires of central California, together with a party of friends including G. J. Panario, cashier of the Italian-American bank of San Francisco, enroute to the Alaska-Yukon exposition, using two \$7000 French motor cars, sojourned a few days in Ashland stopping at the Hotel Oregon. They looked over the town and parks generally and were delighted with their stop. When leaving they stated that it was with reluctance, since during all their travels both in foreign countries and in America, they had never found a more delightful place for recuperation and enjoyment. The pure cold water, the invigorating atmosphere, properly tempered for comfort, the beautiful park and scenery did it all.

Mr. and Mrs. A. E. Reames, Mr. and Mrs. John Orth, Mrs. Strickland and her niece, Miss Eva Dreyfus of Seattle were guests of Mr. and Mrs. Staples on a trip to Mt. Ashland last Saturday and Sunday. The visitors have traveled a very great deal over the United States visiting comfort and scenic resorts and were unanimous in saying that this trip would be remembered as one of the most interesting and pleasant ever enjoyed by them. They expect to go again and take other friends with them.

In Memoriam

Miss Caroline Frances Carpenter, oldest daughter of Mr. and Mrs. G. C. Carpenter, Liberty street, died Sunday morning at 3:30 after a long illness of tuberculosis.

Miss Carpenter was born February 22nd, 1888, at Forest River, North Dakota, where she grew to womanhood and was universally loved for her sweet disposition and helpful life. At the age of 9 she united with the First Presbyterian Church of Forest River and ever since has been an active worker especially in the Christian Endeavor Society, and a consistent Christian.

As soon as they discovered the presence of the dread "White Plague," her parents brought her West, hoping a change of climate might benefit her and they were in Eastern Washington a short time, coming to Ashland last January. In all her suffering she was very patient and uncomplaining and fell sweetly asleep, awaking, we are sure, in the presence of him whom she served so faithfully here. Saturday she received a box from her old C. E. friends in North Dakota, containing many beautiful remembrances and expressions of the love and appreciation of her life-long companions.

The funeral service was held from her late home on Liberty street, Monday, August 2nd, 2:30 p. m., conducted by Rev. Ward W. MacHenry, pastor First Presbyterian church and the interment was in Mountain View Cemetery. A quartet from the church choir furnished appropriate music.

MANY KILLED IN INTERUBAN CRASH

TWELVE DEAD, 102 INJURED AS CARS COLLIDE.

DOCTORS HURRY TO SCENE

Nearby Homes Are Converted Into Temporary Hospitals for Care of the Injured.

Spokane, Wash., Aug. 2.—Twelve persons were killed and about 102 injured, some 60 of the latter sustaining only slight injuries, in a head-on trolley car collision Saturday afternoon, at Coldwell, on the Spokane and Coeur d'Alene branch of the Spokane & Idaho railway, 25 miles east of Spokane.

The heavily-laden passenger coaches were crushed and shattered. Men and women were thrown from their seats, some being hurled to the top of the coaches, while others were sent flying through the windows.

A special train of physicians was hurried from Spokane. Automobiles reached the scene from Coeur d'Alene and Spokane with other physicians and the Coeur d'Alene hospital is now filled with the injured. How many of the injured will recover is not known, but it is thought that a number were fatally hurt.

Uninjured passengers at once hurried to telephones to call aid. Residents of Coldwell and Coeur d'Alene hurriedly made emergency hospitals of their homes.

The first car of the train—the smoker—was so smashed that nothing but the trucks remained. It was crowded with men and scarcely one of them escaped alive or uninjured.

Motorman Campbell, of the wrecked train, who was badly mangled in the vestibule of his car, says he understood his orders were to meet the other train at a siding five miles from where the collision occurred.

TAFT ALLOWED TRAVEL PAY

President Gets Money for Tour by Senate's Vote.

Washington, Aug. 3.—The senate passed the urgent deficiency appropriation bill, including \$25,000 for the President's traveling expenses, appropriations for executing the tariff bill's provisions, reducing the salaries of five judges of the new customs court from \$10,000 to \$7,500 per year and reducing the salaries of other customs court officials.

Amendments appropriating \$6000 each for the purchase and maintenance of automobiles for the vice-president and speaker of the house were allowed to pass without comment.

Idaho's Statute of Shoup at Capital.

Washington, Aug. 3.—Idaho is the fourth state west of the Mississippi to avail itself of the privilege of placing a statute of one of its distinguished citizens in Statuary Hall of the Capitol. The memory of Geo. L. Shoup, the last territorial governor, the first governor after the state was admitted, and also one of the first two United States senators, will be perpetuated in marble, his statue having just reached the capitol from Rome, Italy.

Filipinos Barred by Old Law.

Manila, Aug. 3.—A party of 500 native laborers, bound to Hawaii to work on the sugar plantations, was held up at Iloilo on the protest of Filipino officials there who cited the old Spanish law under which only adults may leave the country. Many of the men in the party are under age and for this reason their sailing was delayed.

Smuggling Gang Broken Up.

Vancouver, B. C., Aug. 2.—In the arrest of Michael Morgan, the customs authorities believe that they have disrupted a gang of peddlers who have systematically smuggled dress goods across the line into British Columbia. The smuggling is alleged to have been carried on from Blaine, Wash.

Opium Smuggling in Philippines.

Manila, Aug. 3.—The government is pressing the investigation of what appears to be an extensive opium smuggling plot which was brought to light by the discovery and seizure of 460 pounds of opium and 72 ounces of cocaine ingeniously concealed in a shipment of mining machinery brought from Hongkong.

Municipal Cows to Save Babies.

Chicago, Aug. 2.—The three municipal cows donated to save the lives of infants in the congested districts of the city were delivered today and will be placed in different parts of the city.

NATIONS HONOR J. J. HILL

Unveiling of Bust Imposing Ceremony at Exposition.

Seattle, Aug. 3.—The formal unveiling of the bust of James J. Hill at the A.-Y.-P. Exposition today, Minnesota day, was a most imposing spectacle. Three great nations—England, Japan and the United States—participated in the unveiling pro-

GOVERNOR JOHNSON.

gram. Governor Johnson, of Minnesota, delivered the principal address at the ceremonies. A reception in the Washington state building was tendered to Mr. Hill, Gov. Johnson, Gov. Dunsuir, Gov. Hay, Prime Minister McBride, Consul Tanaka and other distinguished guests, after the unveiling ceremonies.

SPANISH REBELS DECLARE REPUBLIC

Don Jaime de Bourbon to Lead the Revolution.

London, Aug. 2.—Messages received here are to the effect that Spanish troops had been repulsed in a collision with revolutionaries at Barcelona and that the insurgents have proclaimed a republic. A meeting of Carlist leaders has been held at Figueras and the arrival is expected of the pretender, Don Jaime de Bourbon, in order to place himself at the head of the rebellion.

Color is lent to the report by other dispatches emanating from Cerbere on the Franco-Spanish frontier. These tell of a continuance of fighting between the troops and revolutionaries in Barcelona, showing the government has not gained control of the insurgents, as censored dispatches stated.

The news is allowed to be published from Barcelona except that favorable to the government. The revolutionary movement is spreading to the Basque provinces and is expected to burst into flame momentarily.

Give Lands to States.

Washington, Aug. 2.—To turn over to the various states in which they are situated the unappropriated public lands not included in national parks, Indian or military reservations for the construction and maintenance of water works, reservoirs, etc., for irrigation, mining, manufacturing and the generation of power is provided in a bill introduced by Representative Smith of California.

Salesman Bilks Farmers.

Colfax, Wash., Aug. 3.—W. O. Erbs, a traveling salesman for a Hartline, Wash., piano house, has been bound over to the superior court, charged with having defrauded several Whitman county farmers on piano deals. The farmers signed what they thought were contracts to store and help sell the pianos, but the contracts proved to be notes for about \$400 each.

Deschutes Fight May Cost Lives.

The Dalles, Or., Aug. 2.—It is currently reported here that a force of "gun men" is being rounded up by the Harriman forces and will be rushed into the Deschutes Canyon. One gang, it is said, will come from Portland. Presumably these men will be used as deputy sheriffs to enforce the court orders secured by the Harriman people.

Paderewski Honored in Paris.

Paris, Aug. 2.—The government is to decorate Paderewski, the pianist, with the Legion of Honor. Following the precedent in the case of Rubenstein, he will be named an officer without first being made a chevalier of the order.

TARIFF BILL WINS BY SMALL MARGIN

HOUSE GIVES A MAJORITY OF 12 FOR THE REPORT.

20 REPUBLICANS OPPOSE

Payne Predicts Chaos if Bill is Defeated—Clark Says Revision Is Really Upward.

Washington, D. C.—The House Saturday adopted the conference report on the tariff bill, 195 to 183. Twenty Republicans voted against the report and two Democrats for it. The entire Pacific Northwest delegation, except Poindexter, of Washington, voted for the bill.

Mann of Illinois, in a sensational speech said he would vote against the report unless the rates on pulp and print paper as reduced by the house were retained. He declared that Canada would take such action regarding pulp wood and print paper as to place an almost prohibitory price upon paper in this country.

Payne appealed to his Republican colleagues to stand by the bill, saying that if they wanted to drive their party into chaos they could vote against it. But he said it would be a delusion to vote against the bill upon the idea that the Dingley rates would be continued.

Payne estimates that the increase of revenue that would result from the enactment of the bill will be \$40,000,000 annually.

Average Rate Higher.

Champ Clark, the Democratic leader, said President Taft had been imposed on by being made to believe that the conference report was really a revision downward. Clark submitted a table showing that the average rate of the report is 1.73 per cent higher than the average rate of the Dingley law. If scores of new items in the report, but not in the Dingley law, were added, Clark said, the average increase would be at least 2 per cent.

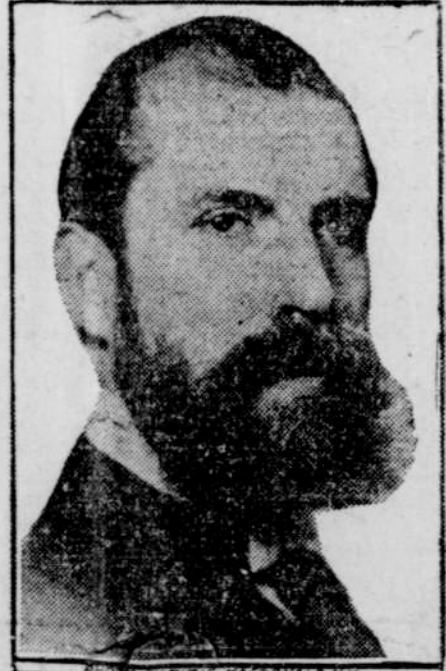

The conference report will undoubtedly be adopted by the senate. Seven or eight of the original "insurgents" will cast their ballots in opposition to the report, but it is not believed that their example will be followed by many other Republicans. The Democrats have been united on a course, though the South bitterly denounce the putting of binding twine on the free list and leaving cotton bagging on the dutiable list as an unwarranted partiality. Democratic senators criticize the increased tax on tobacco, which they declare was imposed to make up for the reduction of the corporation tax rate.

The senate decided at 1 p. m. Monday to reassemble the conference committee for the purpose of preparing an official explanation of an alleged "joker" in the hide and leather compromise.

GOV. HUGHES AT EXPOSITION

Comes to Seattle to Be Present at Fair on New York Day.

Seattle, Aug. 2.—Charles E. Hughes, governor of New York, participated in the celebration of New York day at the Exposition today. The New York building is a replica

CHARLES E. HUGHES.

of the home of William H. Seward, secretary of state under President Lincoln, and who negotiated the purchase of Alaska. The building contains guest rooms, where Gov. Hughes will be entertained during his stay in Seattle.

Claims on Fund to Be Presented.

Portland, Or., Aug. 3.—R. A. Balinger, secretary of the interior, yesterday held a conference in this city with the officers of the reclamation service, when the apportionment of a fund of \$7,000,000 for the further development of this work was discussed.

SHORT NEWS NOTES.

Fortifications costing possibly \$6,000,000 will be located around San Pedro, Cal., harbor if the government can secure the necessary sites for a satisfactory fort.

Beginning August 1, the parcels post arrangement recently concluded by the United States with Denmark and Japan became effective. Parcels for these countries will be accepted up to \$80 in value and 11 pounds in weight.

The total attendance at the Seattle Exposition passed the million and a half mark Saturday.

To mark the first visit of the white man to Wisconsin 275 years ago, a celebration will be held at Green Bay, Wis., August 10-12.

Over 13,000 buildings were destroyed by fire Saturday in Osaka, Japan. Four square miles of territory were devastated. The loss is in millions.

Angered by a report that President Reyes, when he fled Colombia for Europe, took with him \$20,000,000 in gold and a bag containing jewels as his plunder from the government, the people of the republic are on the verge of a serious revolution.

R. D. Kincheloe, a Fresno, Cal., farmer, 61 years old, has completed a fast of 30 days. Thirty days ago he weighed 300 pounds; today he weighs 218.

The Seattle Exposition has offered Louis Bieriot, the Frenchman who sailed over the English channel in an airship, \$25,000 for an aeroplane race between him and the Wright Bros.

Dr. Luk Wing, Chinese vice-consul at New York, was killed by a Chinese in his office Saturday.

Contracts for the construction of new lines in the states of Oregon, Washington and Idaho, executed or scheduled during the last three months by the different transcontinental systems, aggregate the surprising total of \$30,725,000.

The law in Minnesota prohibiting the sale of cigarettes became effective August 1.

Distribution of the new cents, which bear the head of Lincoln instead of that of the Indian which has ornamented them for so many years, began Monday. The Philadelphia mint has a total of over 30,000,000 on hand. As there are 1,650,000,000 pennies of the old style in circulation, it will be years before the Lincoln coin entirely supplants the familiar Indian head.

President Taft's Western trip will include stops at Spokane Sept. 29, Seattle Sept. 30 and Oct. 1, and at Portland Oct. 2.

Five West Point cadets, who are said to have been concerned in the recent hazing of Cadet Sutton, a brother of the late Lieut. Sutton, will be sent home to await final action by President Taft and the secretary of war.

EARTHQUAKE IN MEXICO

Acapulco in Ruins and Inhabitants Face Famine.

Mexico City, Aug. 3.—Dispatches from Acapulco state that 73 distinct shocks of earthquake have been felt there since the first quake Friday. The city has been destroyed and the inhabitants face a famine. During one of the shocks a tidal wave engulfed the harbor and a number of lives were lost. Chilpancingo also has been practically destroyed. What the earthquake of Friday failed to do was accomplished by the stronger one Saturday, which either leveled or rendered uninhabitable every building in the two places.
