Requests Pour in For July 29 Radio Dedication Show

Service Office this week.
Since the "Victory Tunes" series was instituted, the band has been forced to turn down unpublished tunes written by dogfaces from camps all over the country. Mr. Dolph explain-ed. However, Dolph added, Hayes' song is well above aver-

War Maneuvers Slated Near Area of Abbot

Guadal Hero Commands 4th Army Sham Battles: Landowners Cooperate

One of the dauntless heroes of the Guadalcanal campaign, Maj. Gen. A. M. Patch has been named commander of the Fourth Army maneuvers to be staged in September and October over 10,000 square mile area embracing three Oregon counties, including Deschutes, where Camp Abbot is located.

Thousands of troops of every part of the army will take part in the maneuvers, largest ever held in the Northwest.

Gen. Patch commanded army forces on Guadalcanal, then came to Fort Lewis, Wash., early in June as corps commander. His Oregon headquarters will be at Camp Abbot.

Assembling of land for use in the large scale maneuvers has been a job involving many long hours, much travel and burning the midnight oil, according to Maj. Ernest H. Keene, ranking officer of the Lands and Claims Board of the Ninth Service Command, stationed at Camp Abbot.

Knowledge of the terrain of the northwest by reason of his long residence in this section of the country paved the way for Maj. Keene to a certain extent, but he attributes much of the speed in which land owners consent is being obtained to the whole hearted co-operation shown by Oregonians in the war

Major Keene is a veteran in military circles. He has served with the Washington National Guard and the U. S. Army Re-serve for over 40 years and has seen the military establishment of the United States grow into the most formidable in the world.

The doctor is a brother of Col. Frank S. Besson, post commander. Lt. Comdr. John Henry Besson, Jr., son of Dr. and Mrs. Besson, also in-spected the camp.
