Decision on USO Job Thought Near

Complete renovation of the Bend USO was brought one step nearer this week with an announcement by Carl A. Johnson, president of the USO council, that the only thing still undecided was whether the work would be paid for with Federal or USO funds.

That question will be settled Monday or Tuesday when a USO building construction committee meets in Bend. Henry W. Guttersen and C. W. Reynolds,

regional USO executives, and Dr. Richard P. Saunders, USO building counselor, are expected to attend the meeting, Mr. Johnson said.

Actual reconstruction, which should be completed in thirty days, will result in tremendously increased service facilities for soldiers. Contemplated plans include a new floor, a renovated food service unit, a game room, new snack bar, check room and information desk, new entrance and roof, and a completely renovated second floor to allow for two hobby rooms and executive offices.

DE LUXE FOXHOLE

It may not have all the comforts of home, but compared to some of the fox holes prepared by trainees undergoing Camp Abbot's new three-week unit training problems, this is a two-man de luxe model. Canvas is used as a covering, and the occupants boasted that with the front flap closed and the trash in place, rabbits were continually trying to use the place for their own ends.

Navigation Aid Is Latest AAF 'Secret' Weapon

The U. S. Army Air Force has come up with another new "secret weapon," the use of which makes possible the accurate bombing of targets obscured by as much as 25,000 feet of thick cloud cover.

Described by Maj. Gen. Frederick Anderson, Jr., commander of the Eighth Bomber Command as of tremendous importance in the United Nations' aerial assault on Germany, the new "weapon" is probably the most minutely developed navigational aid in the history of air warfare. Already it has been used in bombing missions involving a total of more than 8,000 bombers and fighters.

Gen. Anderson, who declined information on the navigational aid at a press conference held in Washington shortly after his return from Britain, said that his British-based command with the aid of the new device, dropped more than 8,000 tons of bombs in one month.

Another disclosure made recently by the AAF was that a brand new German Junkers 88 bomber has been installed in a well-guarded hangar at Wright Field, Ohio, where it is being studied by engineers.

The plane was flown from Romania to a British airfield on the island of Cyprus by a discouraged young Nazi pilot who explained to the British that he was "tired of it all." It was then flown to the U. S. from Cairo. Engineers hope to learn German plane secrets by studying it.

Abbot Face!

J. O. Lummi, ranger for the Deschutes National Forest, sold his home in Bend, sent his wife to live with her parents and left for the army. His first assignment: Back to Bend to Company A of the 9th Engineer Training Battalion at Camp Abbot.

There was a bottleneck in the Service Cafeteria line—right at the beginning.

"We pushed through the crowd, murmuring an apology which was doubtless for 'Move over, mugs,'" and came to the scene of the congestion.

A couple of GIs were stranded right in front of the silver ware—obviously in a state of confusion.

Just about then the pressure got more than they could hold back and they flopped down the line, still no tools on their tray.

"They ought to put them down by the coffee," we heard one mutter. "A guy'd know what he needed them."

Camp Abbot Bus Schedule Changed

The following bus schedule was announced by the Pilot Butte Bus Lines this week. Tack it on your bulletin board.

| Leave Bend | Leave Abbot |
