You get the best service by sending to Hudson & Brownhill for your corrected plats as you get the latest corrections of any township. This is impossible where you go to parties having duplicate government plats, as it would require a correction of all their plats from the land office every day. Besides the above firm charges you only fifty cents and guarantees to send it by return mail.

The School Bulletin, with William Boegli as editor, made its first appearance at Prineville this week. Mr. Boegli is to be congratulated on his work in the first issue and we trust that the little journal will meet with the support, which it deserves, from school patrons all over Crook County. The paper will be published monthly and parents will do well to read it themselves and place it in the hands of their children.

Yes, THE DESCHUTES NEWS IS PRINTED IN PRINEVILLE. However, it prints twice as much local news as Truthful James' Bulletin and commands a local advertising patronage which we are proud of. The fact that this paper is read by everybody (Truthful possibly excepted) is another indication of its standing in the community. We further desire to state that no part of this paper is Printed in Portland.
