DUJARDIN'S IFE ESSENCE

This wonder of Modern Chemiatry is pronounced to be unequalled for its power of replenishing the vitality of the body, by supplying all the essential constituents of the Blood, Brain and Nerve Substance, and for developing all the Powers and Functions of the System to the highest degree. It acts as a specific. surpassing all those of the present age, for the speedy and permanent cure of all derangements of the Nervous and Blood Systems, Nervous Prostration, General Debility, Mental and Physical Depression, Incapacity for Study or Business, Noises in the Head and Ears. Loss of Energy and Appetite. Being a Natural Restorative, its onergising effects are not followed by corresponding reaction, but are Permanent, and are frequently shown, from the first day of its administration, by a remarkable Increase of the Nervous Power. with a feeling of Vigor, Strongth and Comfort to which the patient has long been unaccustomed. The nervous symptoms disappear, as well as the Functional Derangement. Sleep becomes calm and refreshing. At the same time the patient gains flesh, the features presenting a striking improvement; the Face becomes Fuller, the Lins Red, the Eyes Brighter, and the Skin Clear and Healthy. The hair of the head and beard grows and acquires strength, as also the nails, showing the importance of the action of the medicine on the organs of nutrition. It gives back to the human structure, in a suitable form, the Lively, Animating, Element of Life which has been wasted, and exerts an has been wasted, and exerts an important influence directly on the Brain, Spinal Marrow and Nervous System, of a Nutritive, T = 1c and In-vigorating character, thereby check-ing all wasting of the Vital Fluid and the more Exhausting Processes of Life, maintaining that Buoyant Enorgy of the Brain and Museular System, which wanders the Mind System which renders the Mind Happy, Cheerful, Brilliant and Energetic: entirely overcoming that dull, inactive and sluggish disposition which many persons experi-ence in all their action.
