—In riding through the country we notice that the farmers in this vicinity are making more improvements in the way of clearing land, grubbing, building, setting out fruit trees etc., than ever before. Every one seems to be imbued with the spirit of improvement.

—Mr. Moses Votaw and wife arrived in Newberg Thursday from Washington Territory, on a visit to his parents Mr. and Mrs. Jonathan Votaw. It is reported that Mr. Moses Votaw would start a bank here, but we have heard nothing certain. Newberg needs a bank badly and the man who does start one will make some money.

—The lecture by Rev. Alfred Kummer on "Shams" last Friday evening was very well attended. It was an interesting lecture having mostly to do with the sham of the saloon. It was full of good sound sense, yet alive with humorous stories. Should Mr. Kummer ever return to deliver another of his entertaining lectures, Newberg will give him a full house.

—Mr. J. J. Conlee, who lives about four miles from Newberg on one of the finest farms in the whole valley, made us a pleasant call last Monday morning. Mr. Conlee is one of the old pioneers of the Pacific coast, having come to Oregon in 1840. He informed us there were still good sound apples, American pippens, on the trees in his orchard, which had kept as well as those gathered and put in the cellar in the fall. Mr. Conlee said he had not finished digging his potatoes yet. The weather has not been cold enough to injure them and they are still keeping nicely. How is that for Oregon climate?

—Winslow & Nicholson's new restaurant was opened Wednesday evening. The front room contains a small stock of confectionary, nuts, etc., on one side and a stock of good clean meals on the other arranged in a neat manner. The food is strictly first class and every comfort is afforded the customers. This new restaurant is destined to be a very popular place under the present efficient management of Winslow & Nicholson. Just try it for a good meal.

—A paper, on which was written the following, was found on the Newberg bridge Tuesday morning: "Will you go to church with Ed to-night?" "On course I will if Ed will let this little out-cast go. Amen." The owner of this property will please call at the Guarino office and receive the same.

—The property holders of Newberg should see that shade trees are set out in front of their lots. Nothing helps the looks of a town more than beautiful shade trees along the streets. Cooper & Son the Newberg nurserymen, have some Oregon Maple trees to sell, and these make a very fine shade tree. Every one should try and make the town look as well as possible.

—Newberg is noted as a quiet peaceable place to live and none have more confidence in the safety of property than the real estate men. When going to Portland with their families they do not lock their doors nor even close the windows, and some of their many valuables can be seen from the street, yet they have no fear of thieves, or destruction of property by cyclones.

Nursery Stock.
Cooper & Son, proprietors of the Newberg Nursery, have on hand a full supply of nursery stock and are prepared to fill orders and supply the trade. Call at the new nursery, near the tile factory, on Portland street, Newberg, Oregon.

Mr. M. Mendenhall and his son Walter had quite an adventure with a bear last Tuesday. Some parties were out surveying and found a bear and two cubs; they came after Mendenhall and his hounds. They soon got their guns ready and started for the bear. When they got there Hurd had gone; they captured the cubs. The dogs soon found her track and after running her some time they came up with her and there was a lively fight for some time, but Walt soon dispatched her with a well directed shot from his Winchester. One of the dogs received an ugly gash on the head, guess he don't want any more bear soon.

The sick folks of our town are improving.

WILLAMINA DUDE.
A plumber declared in an Omaha police court the other day that "all reporters are liars." This statement of the plumber reminds us that all liars are not reporters.—Telegram.

Would you build your town up and hold it on a permanent foundation? Then do not overcharge or take advantage of the stranger and newcomer. We say this now, not to intimate that it has been done in Salem, but to guard against it. High prices for board and lodging are sure to break a town and destroy its prosperity. Omaha, Kansas City and other places had a grand boom some two years ago. Higher went prices until it was evident no poor persons could live there. Now it is the poor laboring class that makes all the life, trade and all the prosperity of a city. The mighty trade of every great port comes of the enormous consumption of the millions. Even the trade of children in some lines is of supreme importance and long blocks of splendid retail stores are sustained by the pennies so freely expended by the little ones.—Capital Journal.

DIED.
COOPER.—At the residence of Mr. Hull on the Chehalis mountain, Mrs. Sarah Cooper, aged 78 years.

Mrs. Cooper had only been in the state three months having come here from Missouri last November. She had been suffering with consumption for some time which finally caused her death. The bereaved relatives have the sympathy of many friends.
