—Our fighting editor has sold his rifle, which we called attention to some time ago, but since we have added two pair of Indian clubs and a pair of boxing gloves to our arsenal. The undertakers goods are still in our back room, so our stock is still quite complete. Those who come to whip the editor will find it best to wear their Sunday suit unless they prefer to climb the golden stairs with their every day clothes.

—Through the courtesy of Mr. Eli Hadley, who is working in the County Clerks office, we were shown through Yamhill county's new court house last Tuesday. The building is a large substantial fire-proof structure, and when finished it will be one of the finest in the State. The officers rooms are large and convenient, and everything is first-class. From the top of the building the country for many miles in every direction is spread out before the eye forming a very grand sight. Yamhill County has reason to be proud of her new court house.

—One has only to go out Portland street past the tile factory to see that many improvements are being made. Cooper & Son have purchased thirty acres in the edge of town and are fitting up their nursery in first class style. They have the largest and best assortment of all kinds of fruit and ornamental trees that we have ever seen in Oregon. Messrs. Coopers are practical and experienced nurserymen and although this is their first season in Newberg, they have sold several thousand dollars worth of trees and their trade is increasing all the time. Anyone wanting trees will find it to their interest to call and examine the stock in the Newberg nursery.

—Mr. Oliver spent a few days among us this week rustling up a very fine display of fruit and grain to represent Chehalum valley and old Yamhill county at the State Board of Immigration rooms at Portland. Cyrus Hoskins furnished his case of samples representing nearly all kinds of dried fruit and is very attractive. E. Fendel, Mrs. Conlee, J. C. Nelson, Wm. Hobson, Ben. Janeway, D. Everest and N. C. Maris kindly donated such they had at this time of the year. Any one having any nice fresh or canned fruit that they would be willing to donate for this purpose can leave it at the office of the C. V. B. of Immigration at this place and they will be forwarded at once.

—Last Thursday afternoon just before the north bound passenger train arrived Mr. Bowker the station agent received a telegram from Dundee to have a boy by the name of Willie Runion put off the train and keep him until the arrival of a special engine to take him back to Dundee. This was done and the engine arrived in a few minutes. It seems that checks to the amount of fifty-five dollars, and several small articles had been stolen from the telegraph office at Dundee and suspicion rested on him. The boy acknowledged the theft but told so many different stories about what he did with the checks that nothing could be learned from him. He was taken to Dundee on the engine and we have not heard how the matter was settled.

### W. C. T. U. COLUMN.

#### "For God and Home and Native Land."

(Mrs. F. A. MORRIS, Press Superintendent)

(Continued from last week)

plain only by gestures and object lessons, or through an interpreter. Teach them reverence, politeness, kindness to each other, habits of neatness; in fact, everything you would teach young children. As they advance in knowledge, teach them that that light which shines into their hearts and "lighteth every man that cometh into the world," is from God. Tell them of a Savior's love, their need of salvation, and our Heavenly Father's care

Explain to them the evil effects of opium and all intoxicating drinks. Give them short talks each day, choosing the most simple words to convey ideas (just as you would talk to an infant class) of right living and their responsibility to God. Close the school by repeating in concert some Scripture text or the Lord's Prayer. Do not attempt to teach too much at a time, but be willing to go slowly. Supply each pupil with a Bible. Let the Chinamen purchase their own school-books and pay the incidental expenses of the school, each paying just what he can afford, from ten cents to a dollar a month. It is better for each to agree to pay a certain sum than to take up a collection.

If you have a mission room, let one or more of the Chinamen take care of it, doing the sweeping, dusting, scrubbing, etc. The books and charts recommended may be purchased in San Francisco, Cal., at the American Tract Society's Deposit, 757 Market street. Charts, with short Scripture texts, the ten commandments and Lord's Prayer can be obtained at the American Sunday School Union.

The W. C. T. U. of Augusta, Wis., conducts a department in The Augusta Eagle, a Republican paper, which keeps this notice standing at the head of the column: "This column is rented to and conducted by the W. C. T. U., and the editor of this paper disclaims all responsibility for the views expressed." The department is very ably edited by Mrs. J. M. Cobban, and renting its space is an excellent investment of W. C. T. U. money.

Ex-Bailie Lewis, of Iverness, Scotland, while in office, set American men in like position a notable example. He declares that he sat on a license bench for twenty-five years, he never yet said "granted" to an application for license.

Another county in New Jersey has voted "dry". This time it is the "Gibraltar of North Jersey Democracy." Hunterdon county which gave 700 majority for no license.

The fact that Rockford, Ill., has a balance of \$14,000 in the city treasury after a no license year does not strengthen the revenue argument of high license advocates.

In regard to surgical operations every physician dares to have anything to do with beer drinkers. It is dangerous for a beer drinker to even cut his finger.—Dr. S. S. Thorne.

It is an alarming fact that the age at which the habit of smoking is acquired has declined in the last five years from twenty years and over to between the years of ten and five, the latter being not uncommon.

Major Hilton's appointments are: March 7 to 10, The Dalles; March 14 to 17, La Grand; March 21 to 24, Baker City.

Miss Weeden, of Portland, will address the Y. W. C. T. Union at their parlor meeting Sabbath afternoon. It is hoped that all will avail themselves of the privilege of hearing this noted speaker as it is perhaps the last visit she will make to this place before going east on an extended visit.

Do not forget the annual meeting of W. C. T. U. next Saturday March 16th, at the Evangelical Church.

Quite a delegation of Newberg W's and Y's boarded the train for Lafayette last Wednesday afternoon to attend the County Convention. A report of the proceedings of the convention will appear next week.

Miss Jane Weeden, Portland's efficient W. C. T. U. Press Supt., and City Missionary attended the County Convention at Lafayette March 6 and 7. Miss Weeden stopped in Newberg on her return where she will remain over Sabbath and organize a baby band in the interests of the Temperance Temple now in process of erection at Chicago. This lady has sent to the Temple \$326 mostly in ten cent offerings not having received more than five dollars from any one person. She has pledged one thousand dollars to the Temple and it is safe to say that should she be spared here she will raise the amount in full. She receives no commission whatever for her services in this particular line of work yet her zeal is not abated and her courage never falters.

A prohibition petition has been discovered in the archives of North Carolina from King Hagler, king of the Catawba Indians. It is dated 1756. "I desire a stop may be put to the selling of strong liquors by the white people to my people, especially near the Indians. If the white people make strong drink let them sell it to one another or drink it in their own families. This will avoid a great deal of mischief which will otherwise happen from my people getting drunk and quarreling with the white people."—Dallas (Tex.) Advocate.

Miss Jessie Arkenman, second round-the-world W. C. T. U. missionary, sailed for Honolulu from San Francisco January 29th.

Mr. Caine, M. P., who is spending three months in India at work for total abstinence, has formed a temperance society of 200 native gentlemen in the capital of Guzerat.
