of a Baby. A magazine devoted to the care of infants was established in New York a few years ago its plan was to procure, the best writing that money could buy from physicians, trained turses, and everyone else who was competent o advise in the perplexities that confront cor entious parents who aim at successful training of their children. An experienced physician

oreign subscription list was sufficiently large or it to catablish a London office last year and begin the issue of a foreign edition,
BABYHOOD contains important popular ar-

deles on infants' diseases; departments of 'Nursery Problem," in which numerous ques delps and Novelties," comprising description of recent inventions and conveient nursery fu aishings; a "Mothers' Parliament," containing interesting letters from readers, etc., etc. Th Congregationalist recently said: "Every issue of Banymoon confirms us in the opinion which we have often expressed, viz., that it is peerless in its way. It is full of material of the mospractical value to all mothers, and it must b read to be appreciated. It is doing missionary work of a high order."

By special arrangements with the publishers Secretary we are enabled this year to make an unusua Asst Secretary nation with Babyhood for \$1,00 per year. This is a "bargain" that needs no comment. Make a careful note of it, cut this out, or, what is bet ter, send in the amount at once. If you wish t distage a copy of the magazine, address a petal card to "Basynood; New York," asking for one, and a back number will be sent, free.
