Great! Do you know that the FASHION School Desk, is in use at the NEWBERG ACADEMY, where it has given good satisfaction for years. The FASHION Desk was selected at Albany in preference to all others. The FASHION Desk is in use in the public schools of Portland, where the best that money can buy is indicated in. The FASHION Desk won the laurels at the Salem public school, the contract price being 40 cts. per Desk higher than the price quoted by the Victor agent, and all other competitors were knocked out in the first round. This was the strongest contest in the state, lasting five days between the Victor and FASHION. The wood and iron of the FASHION Desk are united together throughout by the patent T head fastener which has been acknowledged to be the strongest union of wood and iron known—the seat slugs is strong and capable of sustaining an enormous weight. The Desk is finished in a first class manner and has the largest sale of any Desk in the Willamette valley.

—The graded school will not open next week. The public will be notified at the proper time in regard to the time of opening.

—S. M. Woodward who left here last fall for Indiana has rented a large farm belonging to his sister, for a term of three years.

—Mrs. Clark on Chehalis mountain has been in poor health for some time. She was at Portland the first of the week for treatment.

—We will have an interesting letter from Edmund Robinson next week, giving an account of their trip from here to England.

—Some of our new comers were looking for the ark the first of the week, but a little "mist" is nothing when you get used to it.

—Over at Salem the other day a workman laid his overcoat off for a few moments and when he returned it was gone. Too much boom.

—Judge Shattuck of Portland allows no smoking in his court room. Even when court is not in session, lawyers must step outside if they take a puff.

—Frank M. Barr cut his foot quite severely one day last week. He was attended by Dr. Carman, who had to tie an artery before the blood was stopped.

—A log was recently measured at Hoquiam in Washington that was 22 feet long, measured 112 inches through the butt, and was scaled at 9600 feet. The seller got \$47.50 for the log.

—Ed. Trueblood formerly of our town but now with Russell & Co., of Portland has been having a serious time with his eyes, caused by getting out too soon after having the grippe.

—Mrs. Mount, who has been back in Iowa on a visit returned Monday. She was one of the passengers that were blockaded at Baker City, being on the road nine days.

—Albert Egan who had been laying by for several days on account of the blockade on the Southern Pacific, took a berth on the steamer for San Francisco last Monday night.

—Mrs. Morris has had a letter from Mrs. Robinson who, with her husband left here in November for Ed's former home across the ocean. Their address is Cockermonth England.

—In this issue will be found the program of Friends Quarterly Bible school conference to be held the night of Feb. 8th. The program is a good one which promises entertainment. All are cordially invited to attend.

—A land slide on the P. & W. V. railroad below Elk Rock prevented trains from passing for a day or two this week. Thursday passengers, mail etc were transferred at this point and the up train was only an hour behind time.

—Abraham Morris has had lumber for his home, across a pole to dry for some time. Our friend has not been in the country long and it might be of interest to him to know that lumber will dry much faster next summer.

—Mrs. Smith and children returned from Tacoma Monday evening where they have been visiting Mrs. Smith's parents. There are so many Smiths in the country, it might be well to say that this is the family of the Smith we call Jack.

—Quarterly Meeting of Friends church will be held next Saturday and Sunday Feb. 8th and 9th. John Henry Douglas the noted evangelist is expected here by that time and every member of the church should be in attendance. Everybody will be welcome.

—Benj. and Elizabeth Miles have returned home without getting through to California to make their visit. They were blockaded at Astoria for several days and as there was no prospect of the blockade being raised for some time they thought best to return.

—Gersham Gard says that the papers published at points where he has lived before coming to Newberg, favored the whiskey business and he did not like to send them to his friends in the east. He likes the tone of the Graphic on this question so well he has subscribed for two copies to be sent to relatives in Indiana.

—Read our new ad this week of the great Northern Pacific Railroad. This road gives the best accommodations of any of the transcontinental lines. For rates and other information call either at this office or Mr. Smith, agent at the depot.

He is an old teacher and comes recommended as being very successful in his profession. He was to have left Monday for this place.

—O. C. Wright is now manager of a hotel at Roslyn, Washington, a town located on a branch road of the Northern Pacific in the region of the great coal fields belonging to that company. The house is new, having just been built by a company of Tacoma capitalists. John Campbell head waiter and will look well in a full rigged white apron. The boys are fortunate in securing good positions and have the best wishes of their many friends here.

—The Telephone Register of McMinnville has labored long and hard to get a little breeze started in the way of advertising the town. It is evident from the remarks of brothers Harding and Heath that they regard some of their citizens as being constituted much like "Captain Hanks" in Holland's "Nicholas Minerva" who was "a hard workin' and slow savin' man" and not much inclined to bestow fancied notions. There well directed efforts are about to result in the organization of a board of immigration.

ALBANY, OR.,
Jan. 27th 1893.

Dear Editor:
Will you kindly state in local columns of this week's GRAPHIC, that owing to serious sickness in my family, I was unable to fill my appointments at Newberg last Sabbath, but will be there to hold services on Monday next, Feb. 3rd at 3 p. m. also at 7 p. m. in the Free Methodist church. A full attendance is earnestly desired. A business meeting will be held after the 3 p. m. service.

Yours Respectfully,
W. A. Willison.
Pastor Presbyterian Church.

—S. E. Lent was arraigned before city Recorder Frank P. Baum last Thursday on a charge of running a dancing hall without a license. J. E. Mager was attorney for the city and Jas. McCain attorney for the defendant. The case was dismissed without trial on a demurrer to the complaint. This was a great disappointment to the crowd that had gathered to hear the spouting of the legal talent. The heavy weather we have had lately has caused time to drag wearily along to people where employment calls them out of doors and at such times nothing draws like a little case in court.

—Brother Bannister of Dayton is getting after the sleepy business men of that town in earnest. Probably if he had added, that a few first class funerals in town would be an advantage, he would have hit the mark squarely. Here is what he says: We propose to run the Herald as good as we can according to the patronage we receive. When merchants of Dayton come up and advertise as live business men should and about fifty or one hundred more names are added to our list from Dayton, then we will show what can be done here in the newspaper line. No use in talking, we are not going to run a twelve horse paper to fit a six horse town. We are not running this paper for our health and we can't do something for nothing. Now don't you forget it.
