\$500 will buy a one-half interest in the Fruit-Dryer and 3 fractional lots near the Depot.

\$600 will buy a 3/4 Studebaker wagon, nearly new.

\$800 will buy a 7 room home and choice gr. black near the Post Office. The property is bringing rent equal to 12 per cent interest on price asked.

\$50 per acre will buy 45 acres in one mile of the town limits of Newberg. Soil good. One half sloping hill side and one half level valley land. A good mountain stream runs across the place, also a fine spring on hillside from which water can be piped to barn and house. Two full box houses on the place, mill frame 30 x 30 ft. will make a good barn. Besides the buildings on the property there is near ten ft. of good lumber. About 6 acres clear. The timber is mostly a light growth of fir, except about 8 acres of excellent timber. This property with a comparatively small outlay can be made one of the most desirable fruit farms and convenient homes in the valley.

To any of my friends, or persons who wish to make investments in city property, either in Portland, Astoria, or Port Townsend, I will be pleased to assist you in making your investments in such property as will bring you the quickest returns.

SCHOOL DESKS, SCHOOL FURNITURE, SCHOOL BELLS.

MAPS, CHARTS, GLOBES.
Gentle Reader—Do you know that the FASHION School Desk is in use at the NEWBERG ACADEMY, where it has given good satisfaction for years. The FASHION Desk was selected at Albany in preference to all others. The FASHION School Desk is in use in the public schools of Portland, where the best that money can buy is indulged in. The FASHION Desk was the laurel at the Salem public school, the contract price being 54 cts. per desk higher than the price quoted by the Victor agent, and all other competitors were knocked out in the first round. This was the strongest contest in the state, lasting five days between the Victor and FASHION. The wood and iron of the FASHION Desk are united together throughout by the patent T head fastening, which has been acknowledged to be the strongest union of wood and iron known—the seat hinge is strong and capable of sustaining an enormous weight. The Desk is finished in a first class manner and has the largest sale of any desk in the Willamette valley.

Wanted.
A young woman to do general house work—good wages paid—address Post Office Box No 21 Newberg, Oregon.

NOTICE.
The firm doing business as the Willamette Real Estate Co., was by mutual consent dissolved March 1st 1899.
J. M. WRIGHT,
W. D. SCARCE.

—Mrs. L. Ella Hartley was on the program for the county Sunday School convention at LaFayette this week. No letter representative could have been sent from our town.

—We are indebted to Dr. Carman for a report of the organization of the Presbyterian church this week and to Frank P. Baum for the report of the proceedings of the county S. S. convention.

—Mr. Branson, a young man from Sheridan, who has been learning surveying, was down this week with county surveyor Maloney and stopped over Tuesday night at the Arlington hotel.

—Miss Leah Cooks response to the address of welcome at the county S. S. convention was highly complimented by those who heard it. Miss Cook belongs to Newberg, we are glad to say.

—Mr. McCullough from across the river was in town Tuesday. He said that Mr. Reid told him that it was not yet decided whether the railroad bridge would be built across the river at Rays or Rogers Landing.

—Prof. Hartleys scripture lessons before the Y. M. C. A. meetings on Sunday afternoons at the Academy are very interesting. Last Sunday the house was about full. It will pay old men as well as young to attend.

—A gentleman from Forest Grove was in town last Saturday, who had not seen this part of the country for ten years. He said he could not locate the place where the little store and blacksmith shop stood at that time.

—I. K. Vantress, our new road supervisor is beginning to gaze at the mud holes along the roads and we are daily expecting to hear of his issuing the dreaded proclamation to all male citizens over twenty-one and under fifty years.

—"Stanley in Africa" is the title of a work received at the Graphic office this week from the "History Company" of San Francisco. Nearly all the publishing companies in the country have a Stanley work and agents are very numerous.

—F. S. Cottle, a former resident of Newberg has succeeded in loosening the moss on the backs of some of Carltons staid old timers and now has them sufficiently awake so that he proposes to "whop em up" through a real estate office. Fred will be heard from later.

—Elmer Armstrong and family from Iowa arrived here the first of the week and are preparing to move to Dr. J. B. Moore's farm east of town. Mr. Armstrong is a live young man and we are glad to welcome him and his little family among us as citizens.

—At the county Sunday school convention the Evangelical S. S. of our town was represented by Rev. Beaumont, and Mr. and Mrs. Frank P. Baum, and Friends S. S. by Mr. and Mrs. Jesse Edwards, Jas. Vestal, G. W. Mitchell, Mrs. Heacock, Mrs. Bolton, and Mrs. Hartley.

—We TAKE PLEASURE IN ANNOUNCING TO THE PUBLIC THAT OUR NEW SPRING STOCK IS NOW BEING OPENED—

WE CORDIALLY INVITE YOU TO INSPECT THE NEW STYLES AND MANY NOVELTIES FOR THE COMING SEASON.—

MORRIS, MILES & CO.

—Mr. C. Schmeitzer from the vicinity of Schools Bridge in Washington county was in town Tuesday. He says if he can rent his farm he will move to Newberg at once. Mr. S. can certainly be accommodated as there is a call at the Graphic office almost every day for a farm to rent.

—H. S. Maloney, our efficient county surveyor was down Tuesday surveying a road over at the foot of Bald Hill. Mr. Maloney is one of the most efficient surveyors Yamhill county has ever had and it will be to the interests of the people to elect him to this position at the June election.

—Mr. Ong is improving every opportunity lately to get the six thousand fruit trees set on the large fruit farm at the foot of "Bald Hill." The unsettled weather we have had this spring has been very bad for tree setting and many that had intended to set trees this spring will no doubt wait until fall.

—Some parties from here bought fruit trees at a nursery in another county and had them shipped during the cold snap a short time ago and many of the roots were frozen on the way which ruined a large number of trees. Moral: Patronize your home nursery and keep all the money at home you can.

—When you meet the road supervisor don't fail to make sundry suggestions about this road and that, and inform him as to how the work should be done. Advise about road work is always cheap, for every one except the supervisor knows just how the work ought to be performed so don't fail to post Van when you see him.

—Our painters were busy last week. Dr. Moore's new residence on Center street received the last coat of paint and the residence of Will Scarce and Wm. Thomas on Main street also look neat and new by a change of color. There are a goodly number of other houses in town that might be very much improved by an application of the brush and paint.

—The Whittier literary society on Friday night of last week, resolved themselves into a "spellin' skule" and spelled everything from "baker" to "bean." Wm. Finnegan carried off the laurels as he proved to be the best speller in the house, and at the next match he is likely to be the first chosen, instead of the last. Sweet hearts will cut no figure at all.

—One of our real estate men has attracted considerable attention this week by the wearing of a new hat. The reader must not suppose from the reading of this that this agents business had here to fore been so poor that he had always worn a poor hat. The new one is only of a different kind from what he has been wearing and this what attracts attention.

—One of our contractors is about to move to Portland. We understand that he said he was going into the contracting and building business and already had

the contract for putting up six hundred houses. If other contractors have a like number of buildings on hand, business will certainly be lively in Portland during the summer. The fact is, the statement sounds a little bit windy.

—AMONG THE MANY NEW GOODS WE ARE GETTING IN ALMOST DAILY, WE WANT TO CALL THE SPECIAL ATTENTION OF THE LADIES TO "THE LATEST" IN LACE COLLARS, EMBROIDERIES—POINT LACES—HOSIERY—BUTTONS—SATTENS—PONGERS—CHAMBRAYS—DRESS GINGHAMS—INDIA LINENS—NAINSOOKS—LINEN STRIPES—SUITINGS ETC.—ALL NEW FOR THIS SPRING—MORRIS, MILES & CO.
