SATURDAY, APRIL 19, 1890.

Entered as second class matter at the post office at Newberg, Oregon.

SAN FRANCISCO and Oakland, Cal., still stand and the people go on about their business as usual.

WM. G. BRADLEY from Worthington, Indiana, suicided Tuesday night at the new "Hotel Portland." He leaves a wife and child in Worthington.

NATURAL GAS at a depth of 140 feet was struck at Astoria this week. The flame burned to a height of five feet and it is thought that by boring to a greater depth a strong flame will be found.

Almost every week some new railroad scheme for Oregon and Washington comes to light. Nothing develops a country so fast as a complete network of railroads and we are glad to see them coming.

HON. SAMUEL J. RANDALL of Pennsylvania died in Washington City a few days ago. He was elected to the lower house of Congress in 1863 and has served his state in this capacity ever since. In politics he was a Democrat and in statesmanship a man of marked ability.

A drove of fat stall fed cattle went through town the first of the week on their way to Portland. They probably got down in time to feed the hungry candidates that were gathered for the Republican state convention. The Simon or Lotan wing of the Portland crowd would soon make way with an ordinary Yamhill beef.

THE POLITICAL complexion of every voter in Newberg precinct is being "photographed" by a competent person and it will not be long until the vote of the precinct can be pretty accurately sized for the coming June election. The county nominating conventions will soon be held and the number on the anxious seat will be reduced to the actual candidates on the tickets.

THE MITCHELL and Aberdeen, South Dakota papers say that South Dakota is all right and that the newspapers of the state, "Most exert themselves to convince the rest of the world that they are all right." It strikes us the best argument they can use to convince the world that they are all right will be to call in the committee who are out begging seed wheat in order to put in a crop this spring.

A DISPATCH, published in the Oregonian dated New York, April 15th 1890, says: "That Winnie Davis, daughter of Jefferson Davis, is engaged to marry Alfred Wilkinson, a rising young attorney of Syracuse and a grandson of Samuel J. May, the great abolitionist." Surely time is working a wonderful change and will soon obliterate all traces of bitterness and animosity, caused by the great "Civil Strife." This is as it should be and we should all strive to hasten the coming of that day.

THE LONG drawn out contest over the United States senatorship has at last drawn to a close and Montana is for the first time represented in the Senate of the United States. Wilber F. Sanders and Thomas Power, the Republican claimants were seated at 5 o'clock P. M. on last Wednesday by a vote of 22 for, to 26 against. Senators, Barbour, George, Kenna and Walthall, all Democrats, voted with the Republicans against the seating of Clark and Maginnis, the Democratic claimants.

A short time ago a fanatical crank down at Oakland, California made a prophecy that on the 14th of this month, Oakland, San Francisco, Chicago Ill., and Milwaukee Wisconsin, would all sink. He sounded the warning and said that all who would die to the hills would be saved and all others would be lost. While in Portland this week we saw a gentleman who left Oakland late in the evening of the 14th, who said that there was great excitement in the city and the people had fled by the hundreds. He knew a man who was doing a large and profitable business that was seized with fear and almost gave his property away which would financially ruin him. It is rather remarkable that people who all their lives have refused to take the advice of ministers of the gospel who they know can be trusted for what they say, are so ready to accept as a divine revelation the wild fanatical so called prophecy of some untutored stranger who mounts a goods box on the streets and pronounces woe and destruction by earthquake or pestilence on some city or town.

Serious Accident.

One day last week, while playing ball on the Academy grounds, Walter Edwards was struck below the eye by a ball. The blow did not appear to cause

much pain at the time or during the evening and he went to bed thinking but little about it. The next morning when he was called, he got up, but was found to be in a dazed condition. He was unconscious during the fore part of the day after which he began to get better and is now much improved.

Free Sugar.

Sugar is placed on the free list by the terms of the new tariff bill reported by the ways and means committee, to the lower house of Congress this week. The bill proposes to pay a bounty of 2 cents per pound for 15 years, on all sugar made from raw material grown in this country. This bounty will cost the country \$7,000,000 per year and will save to the people who consume sugar, the difference between \$7,000,000 and \$55,875,610 the amount paid as duty on imported sugar last year, or \$48,875,610. This will be quite an item to poor people and it is earnestly hoped the Republicans will hold to their position and see that the bill is passed as reported.

Steamboat Accident.

The steamer Champion, while coming down the river Monday morning from Salem loaded with wheat struck a snag which opened a hole in her side large enough to throw a small sized dog through. It was thought at first the boat would have to be beached as the water rushed into the hold of the boat very rapidly, but by extra vigilance the rent was plugged up and the water stopped before much damage was done. Tad J. Hoover our informant, who was aboard said he climbed to the upper deck with a hatchet in hand ready to paddle his own canoe toward dry land, if a crisis came. Tad being short in stature, would make slow progress wading the Willamette, but being a light weight he would probably float easy.

Prohibition in Iowa Two Years More

DES MOINES, April 15.—The house refused to suspend the rules for the passage of the joint resolution for resubmission of the prohibitory amendment. The matter goes over for two years, as this is the last day of the session.—Oregonian.

It will now be in order for the Oregonian to come out in a two column editorial condemning the Republican party of Iowa for its weakness, fanaticism, and crankiness, although it is the testimony of leading men of the state and the Republican delegation in Congress from Iowa, that Prohibition has been a great benefit to the state, that crime has diminished, jails have been emptied and the convicts in the state prison reduced in number, that taxes have been lessened and that millions have been added to the wealth of the state, all due to the Prohibitory law.

HERMAN'S POPULARITY.

Republican Ticket.

The Republican state convention was held in Portland last Wednesday. Hon. Ringer Herman of Douglas county was renominated for Congress by acclamation, amidst great enthusiasm. The following state ticket was put in the field. Governor, D. P. Thompson, of Multnomah Co. Secretary of State, G. W. McBride, of Columbia Co. State Treasurer, Phil Metchan, of Grant Co. Judge of Supreme Court, R. S. Egan, of Lane Co. Superintendent of Public Instruction, E. B. McElroy, of Marion Co. State Printer, Frank C. Baker, of Multnomah Co. Mr. Stillwell of Tillamook county, was nominated for Joint Representative for Yamhill and Tillamook counties. G. H. Bingham, of Salem, received the nomination for Prosecuting Attorney, for our judicial district.

Stock Holders Meeting.

The stock holders of the "Newberg Home Protection Association" met at the Academy last Saturday night to elect a board of directors. Prof. G. N. Hartley was elected chairman of the meeting and Frank P. Egan, secretary. The articles of incorporation were read after which the election of a board of directors was held, resulting as follows: Pres. G. W. Mitchell, vice-president, N. C. Christensen, secretary, W. P. Hoxcock, treasurer, Moses Votaw. As members of the executive committee, Jesse Edwards and C. H. Maris.

The board was instructed to formulate by laws and call another meeting at as early a date as possible to consider matters of interest to the stock holders. The sentiment of the meeting indicated that they were in favor of raising funds to fight for the reputation of the community in keeping drunkard makers from our borders. All temperance people should watch for the call for the next meeting and be in attendance as important business will be transacted.

EDWIN MORRISON, Principal.

The Ute Indians.

The removal of the Ute Indians from their home in Colorado to the territory of Utah is a question which has been referred by the House of Representatives in Congress to a Committee which has reported in favor of their removal. The righteous law of truth and integrity obligatory upon individuals should be equally binding upon national contracts. How could this apply to the present question in reference to the removal of the Utes?

In 1880 they were restricted to a remnant of their original land by a Government compact with them ratified by Congress with the promise of good agricultural land to be given them in severalty, horses, cattle, farming implements, mills, and an annuity of \$75,000 to be divided per capita among the 950 numbers of their band. From accounts received no Agent has been furnished with the means to fulfill these promises. Five Indians only, so late as '83 being furnished with seeds and implements for labor. In 1885 but 250 acres being under cultivation, and only 600 at the present time. Of the schools promised in 1880, "with all the necessary provision for the education of their children." One house was built in '85, and school opened in '86 and '89. The walls of the house were propped by long poles and but four children in the school.

I will say here that the policy of the present Commissioner of Indian Affairs needs to be applied among the Utes—"for the Government to furnish buildings and appliances for the education of all the Indian children (as promised) to the Utes in 1880) and then require all the children of school age to attend the school."

It was also promised in 1883 that their reservation should not be trespassed upon. The next year a railroad passed through 50 miles of it, accompanied with all the usual trespassing and talk of a speedy "removal." Indians are quick to discern and are apt to apply such indications as these and the effect would be to discourage them from improving their land, and for want of confidence, from advancing in civilization. The strip of land upon which they are now located, 110 miles long, and 15 miles wide and is said to be rich and fertile, being watered by eight rivers and some smaller streams, affording water for the needed irrigation with little expense, because of these advantages it is coveted by white settlers and the removal of the Indians desired. The land in Utah which it is proposed to take them to, is poor and mountainous, in the range of cattle districts and within the influence of Mormonism.

Difficulties would ensue from the Indians cattle being lost in the vast herds of the stockmen, and with out the facilities for self support, poverty, distress and famine might drive them to a desperation which would be upon them the stigma of barbarians and a war of extermination. When we look at the possibility of a lightening and christianizing the posterity of these Indians, will we not as a Christian Nation, rich in means and strong in power, push the advantages of an education upon them, train them in the knowledge of agricultural and mechanical, and in justice retain for them the land which is rightfully theirs, not only by inheritance, but by the promise of the Government.

Miss Elizabeth Greenwood, national superintendent of evangelistic work for the W. C. T. U., is holding a series of Bible expositions in Washington, D. C.

And O Lord! grant that we may not despise our rulers; and grant that they may not act so that we can't help it.—Dr. Lyman Beecher in a public prayer.

Miss Francis E. Willard, who has been at work for several weeks in Pennsylvania, lately formed a strong county organization of the W. C. T. U. in Franklin county, the meetings being held in the opera house at Chambersburg.

Good authority states that in a certain London hospital where alcohol is still freely used in the treatment of fever cases twenty-four per cent of the fever patients die, whereas in the Glasgow fever hospital where milk is used, mortality is only twelve per cent.

Siam has shown royal attention to Miss Jessie A. Ackerman, the second round-the-world missionary of the W. C. T. U., who is now in Bangkok. The King and Prince Duss, at the head of the educational department, received her with marked respect, and the British and American ministers gave the use of their private drawing rooms for the W. C. T. U. meetings. The ladies are much encouraged by this social and official recognition of their work, and feel that their cause has gained a strong foothold.

Twenty five years ago I knew every man, woman and child in Peckskill. It has been a study with me to mark boys who started in every grade of life with myself, to see what has become of them. I was up last fall and began to count them over, and it was an instructive exhibit. Some of them became clerks, merchants, manufacturers, lawyers, doctors. It is remarkable that every one of those that drank is dead; not one living of my age. Barring a few who were taken off by sickness every one who proved a wreck and ruined his family did it from rum and no other cause.—Chamney M. Dewey.
