Marion George has a piece of land twelve miles from Portland that he offers for sale. See his notice in this issue.

Two or three extra coaches have been required to carry passengers over the P. & W. V. road during the exposition.

The temporary building in which the Presbyterian church holds services has been fitted up lately for winter.

Don't forget that you can get first class drain tile at the factory here. Now is the time to haul it away while the roads are good.

The first colored gentleman, except those belonging to a troop, that we ever saw in Newberg was in town one day this week.

Elmer Armstrong has contracted to work for Cooper & Co. for the next year. He has bought lots and will move to town.

There are strangers to be seen on our streets every day which goes to show that the light of Newberg has not been placed under a bushel.

George Morris is preparing to build on his fruit farm northeast of town, where he and his new wife will dwell under their own vine and fig tree.

W. P. Thomas has been out from Portland lately setting fruit trees on his farm. Beside peaches etc., he is setting several hundred peach trees.

Prof. Morrison fell on the side-walk and broke one of his front teeth. He went to Salem the first of the week to have it built up with gold filling.

Mr. Sigler of Portland passed through here last Tuesday on the hunt of hay and oats for the Portland market. He said oats were worth 52 cts. in the city.

J. B. Mount has a store full of stores which have just been received from Chicago. All who wish stores of the very best make, call and get a "Garland."

Two gentlemen named Hobson and Davis respectively, arrived here from Jewell county Kansas last Wednesday and were so well pleased that they bought lots the same day.

John Cook left us some very fine samples of late cling peaches which were sampled without calling in any outside assistance. One of them measured nearly ten inches in circumference.

S. P. Creasinger of the firm of Creasinger & Co., of Los Angeles, California, was in town Wednesday of this week. He was here for business and being an old time rustler he let no grass grow under his feet.

The members of the Presbyterian church netted a neat little sum of \$13.00, clear of all expenses, at their social on Tuesday night, Oct. 14th inst. The members also return thanks to non-members who kindly assisted.

Jesse Hobson who was up from Portland the first of the week left at the Immigration office a very nice map of Portland and vicinity with the name of the real-estate firm of "Reid, Sibray & Hobson" written neatly at the top.

As a rule good order is maintained at church services in our town. There has been some complaint made lately however, about the order at some of the night meetings. Who the disturbers are we don't know as we have heard no names mentioned, and we are glad we don't know for we are prompted to say that it is, to say the least, very bad manners to misbehave at any public meeting and especially at church. It is probably unthoughtfulness on the part of some and pure cussedness with others. The latter expression may sound a little harsh to some but it is about the only term that will properly express the thought.

Notice.
Cut this out, and when you visit Portland during the exposition, call on Towne, the Photographer, and receive the following extraordinary offer.

All presenting these slips will be given one dozen of my best style cabinet photos and one extra for framing, for \$3.50. My regular price for the same work to those not holding these slips is \$6.00 per dozen and \$3.00 for extra picture. This is an extraordinary offer and the probability of doing enough extra work to make it pay prompts the inducement.

Call and see our work, it speaks for itself. This holds good until November 1st.

Very truly yours,
B. C. Towne.

Take Your Babies To Towne.

G. W. Mitchell was down from the mountain mill Tuesday. He said they had just finished getting out O. G. bating for parties in town to the amount of over a mile in length.

Mr. Oliver who returned last week from an extended trip through the Mississippi valley, and the eastern and New England states says that after looking the country over he returns well pleased with Oregon.

The West Shore Publishing Company have purchased a site for a new building at the corner of Columbia and Water streets and will commence work on the building at once. They expect to have the building done and the machinery in by Jan. 1.

N. C. Christenson who was appointed by the town council to assess the property in the corporation has finished his labors, and property owners will soon be called on to pony up with their taxes. This is the first assessment that has ever been made in the town.

F. C. Mills has bought a tract of something more than four acres off the Goodrich land which lays directly north of the long wagon bridge and is hauling material for a house. This is a fine location and will make a beautiful piece of property when it is properly improved.

Mr. Innes of Dundee left some very fine peaches at the office of the Board of Immigration last Saturday. Some of them measured more than ten inches in circumference. A few years ago it was thought that peaches would not do well enough in this part of Oregon to pay for setting the trees, but this has proven to be false theory and many of our fruit men are setting large numbers of peach trees.

Arrangements are being made to open a road to run north from town on Meridian street and connect with the road that passes Wm. Hobson's place. This road will be a great convenience to those living north of town. While many roads require a great deal of work to be performed on the highway, they are a necessity in a country where farms are small and the land well settled up.

Jesse Hobson's milk cow has showed some signs of being rather unpleasantly familiar in presenting her horns lately, but in this particular at least she has ceased from troubling for she has been shorn of those unnecessary appendages.

Mr. Heath who has had experience in dehorning cattle in Kansas and Iowa performed the operation last Monday morning. While the operation would seem barbarous the cow did not seem to mind it much.

Jap Edwards came over from Sand Lake the first of the week with a load of nice fish. He says all the streams putting into the ocean are alive with the finest of trout and salmon, and that if the roads were good over the mountains that people could get out with a load, they could now satisfy all their longings for brain food. We all long for a railroad to some of the coast points to shorten the distance in bad weather, which is the time to be there for good fishing.

Pursuant to call, several of the citizens of Newberg and vicinity met Saturday evening, Oct. 18th, to discuss the subject of a permanent fair association. Considerable interest was manifested and after a pretty general discussion of the subject all seemed united in their opinions about how the fair should be conducted and that the best plan would be to organize a stock company with about \$2,000 capital stock, which stock should be divided into shares of \$100 each and taken by twenty men, and buy about 15 acres of ground near town. A committee of five were appointed to draft a Constitution and By-Laws and to receive propositions from those having ground to sell and present the same to the next meeting which will be held next Saturday evening, Oct. 25th, at the Academy at 2 o'clock p. m. It is very important that it should be started right and we hope to have a general turnout at this meeting.

H. COOPER, Pres.
N. C. MARIS, Sec'y.

At Last.

The long expected Illustrated History of Utah by the eminent historian, Herbert H. Bancroft, has at last appeared. It is absolutely a revelation. After visiting the field in person, taking testimony impartially from all sides, critically reviewing the enormous number of 1000 different authorities, and searching many of the secret archives of the Mormon Church, Mr. Bancroft now gives to the world this wonderful and remarkable work, the only true history of Mormonism published.

The work reads like romance—the wonderful adventures of trappers and travelers, the bloody Indian Wars, the thrilling accounts of massacres and miraculous escapes, the famous Danite Association or Destroying Angels, the story of Brigham Young—all this fresh from the pen of the brilliant and gifted author forms a narrative of exciting interest, as fascinating as a novel yet true to the letter. Above all in surpassing interest is the unfolding of the great Mormon Question and the mysteries of Polygamy which will be read with eager interest by all classes of people throughout the English speaking world. The work is published in one large handsome volume of over 800 pages, bound in red and gold, and grandly illustrated with steel-plate portraits of great Mormon leaders, exquisite half tone engravings and dazzling colored plates. It is issued by the great Publishing House of the Pacific Coast, The History Company, of San Francisco, and can only be procured through their authorized agents. We call attention to the advertisement in another column, under heading of \$25.00 Reward.
