

Local Events.

John Heacock of Smokeyville was in town Wednesday. Hugh Heacock and Will Paxton were in town yesterday. O. V. Allen and wife arrived here Wednesday direct from Hesper, Kan. F. E. Hobson came up from Portland Tuesday for a few days at home. N. C. Maris received a bran new watch as a Christmas present from his father. Read the Los Angeles county Cal., fruit commissioners report in another column. Miss Lillie Wiley has been visiting her uncle Nate Wiley of town during vacation. John F. Bond of Washington has been visiting the family of Philander Gard for some time. Miss Hoover went to her home at Salem to enjoy the holiday vacation of the Academy. G. W. Mitchell went to McMinnville Tuesday on business and took in the farmers meeting. Jesse Holson who came up to spend the holidays with his family returned to Portland last Tuesday. Miss Daisy Froehlock of Portland has been spending the holidays with old schoolmates in our town. In Whitehaven, England 3.55 inches of rain fell in 24 hours one day last month. Doesn't that beat Oregon? Milt Gum and Florence Brown drove down from Salem last week to spend the holidays with friends here. Mr. Spooner's little daughter has been quite sick this week with fever. Dr. Carman is the attending physician. The Odd Fellows hope to have their new hall in the bank building seated with chairs and ready for occupancy by tomorrow night. Alva Cook has been spending the holidays visiting his parents and shaking hands with old schoolmates and friends of Newberg. Mr. Washburn in order to keep up with the march of improvement has built a neat picket fence in front of his residence on Third street. Miss Nelson who was dressmaking on Center street took down her sign the first of the week and went to her home in West Chehalam. Rev. Mr. Davis pastor of the Baptist church of Anity, will preach in the Presbyterian church of this place, next Sabbath at 11 a. m. Mr. Mount received a very nice pair ofippers and Mrs. Mount a beautiful silver spoon as holiday presents from Mrs. Mount's mother in the east. J. E. Hoston has had a force of men very busy for the past few days putting up a new house on the lots he bought which lay south of Riley Smith's residence on Meridian street. Horace Stanley who spent a year at this place three or four years ago has returned again bringing with him a wife and child. He came from southern California where he has been living for some time. As will be seen in a notice in another column D. W. Martin of Dundee who is agent for patent medicines has left a stock with Mrs. Hobson on First street and with Mrs. Hardwick on Main street. W. P. Heacock informs us that he has a full stock of doors, sash, window weights, cords &c. at his lumber yard and will soon put in a stock of builders hardware which he will sell at Portland prices. Mr. Atkinson painted a very neat sign for the Graphic the first of the week which we have placed in a conspicuous place to direct all who are anxious to subscribe for a live local paper to this office. The report of the secretary of Friends Sunday school read last Sunday showed that the attendance the past year had been 6391, with an average attendance of 1229-10. Collections for the year \$71.36, expenditures \$69.59. The Y. M. C. A. showed commendable zeal by getting out a thousand printed in citations which they had scattered over town, inviting everybody to attend the Gospel meetings during the week held by Rev. J. H. Douglas. They had a Christmas tree at the new church at Dundee on Christmas eve. We understand they had a very pleasant time. A couple of fellows undertook to make a disturbance but they were set down onso promptly that they retired in disgust. G. W. Wyman is putting in a full line of organs and other musical instruments at his furniture store, corner of First and Main streets, which he proposes to sell at bottom prices. Call and examine his stock if you have any idea of buying anything in that line. Prof. Morrison and the Academy students have been putting up a gymnasium building on the school grounds during the holiday vacation. This will give the boys a good place to turn summer-saults, and flip flaps and carry on general acrobatic performances on rainy days. Mrs. Barton the invalid lady who came from New York state last spring with the hope that a change might avert the effects of the dread disease consumption died at the Newberg house on Thursday evening last week. The funeral services were conducted on Saturday afternoon at Friends' church after which, the body was laid to rest in Friends' burying grounds. Mrs. Philander Gard will please accept the thanks of this office for a beautiful bouquet of flowers picked from a flower bed in the yard that has had no protection from the weather this winter. Our eastern readers who have been wailing snow three feet deep will read this with tears in their eyes. Poor fellows, we feel sorry for them—don't want to reach them however, through the snow.

Mrs. L. Ella Hartley received as a holiday present from her brother-in-law Rev. Lake Woodard, a beautiful poem written by himself and illustrated by his own pen sketches. The subject of the poem is scenes from the writers early life. He has had a number of copies nicely printed to send to his friends and relations. We are under obligations to A. C. Cox, Lee and Carl Stanley, Ollie Holson, J. T. Smith, Harvey White, Mr. Bierman and Mr. Merrill for giving us a lift on last Friday while moving our outfit into new quarters. The gentlemen named will please accept our thanks for the favor and call around when they need assistance in a similar way. A young gentleman of rather prepossessing appearance, who is a resident of the town, brought to this office on last Monday, a ladies black mitten. His story was that he found the mitten on the street, but whether this is the true inwardness of the mitten business dependent saith not. The owner of the aforesaid mitten however can have the same by calling at this office. Mr. Wyman reports a big holiday trade in furniture which is another evidence that people are inclined to buy substantial presents for their friends these days. Says he many more customers had come he would have had to sell them his building but he is stocking up again with new and elegant furniture and will be glad to see his friends at any time. Rev. J. H. Douglas lately from Oskaloosa Iowa and Rev. Marion George from Salem have been holding Gospel meetings at Friends church mornings and evenings during the week with very satisfactory results. The sermon preached by brother Douglas last Sunday morning was especially good. A number of conversions are reported. The meetings will continue over Sunday and probably longer. Mr. McKinney who is living at St. Paul for the present where he has a good job, came over last Tuesday to Newberg to buy groceries. He says he can buy enough cheaper here to pay him to come the twelve or fourteen miles. This speaks well for our town. Give us the ferry across the river and let the Marion county people have a chance to get to a good place to trade. Charley Johnson a schoolmate of ours fifteen years ago, who formerly lived near Duneth Indiana arrived here last week. We had not met since parting on the school grounds at Spiceland Ind. and both were somewhat surprised at a sudden and unexpected meeting here last Saturday. Such meetings cause one to live life over again for a short time, as pleasant recollections of hard fought battles in the school-room and on the playground return with the coming of the old schoolmate. But life is real and the duties of the present crowd upon us. Mr. Johnson came from Montana where he went last spring, and brings several head of Short Horn cattle. Citizens of Newberg met in caucus Dec. 31-90 at 3 p. m. for the nomination of city officers with the following results. For Mayor, Geo. Williams. " Recorder, M. Reece. " Marshal, L. C. Washburn. " St. Com. Ira Vantress. " Surveyor, F. E. Hobson. " Treasurer, M. Votaw. 1st. Ward Councilmen; Lin Parker, N. C. Maris. 2nd. Ward Councilmen; H. Austin, Cyrus Lamb. 3rd. Ward Councilmen; Geo. Christinson, Alf. Rees. M. Reece, R. Pettyjohns. Sec'y Chairman The State Horticultural Society which has been reorganized, will hold a meeting in Portland Jan. 13th and 14th to which every one interested in the upbuilding and advancement of Oregon's Horticulture is invited and asked to take part in the proceedings. The meeting will open at 10.30 a. m. the 13th with the presidents annual address. In the evening at 8 o'clock the speakers will be A. H. Carson of Grants Pass, E. Hofer of Salem and B. N. Rowley, Editor Cal. Fruit Grower. Newberg will be represented by C. E. Hoskins who speaks on Wednesday and by G. W. Mitchell who will tell "How Trees Grow," Wednesday afternoon. The program is quite extensive and all who can, ought to avail themselves of the opportunity to attend this important meeting. A lengthy report of the Kimball-Haworth and McCrea-Haworth double wedding mentioned last week came in at a late hour. We only have room for mentioning the presents which were as follows: To Chas. E. Kimball and bride, table cloths, towels, glass berry set, book of poems, and family record by father and mother. Set silver table spoons, china cups and saucers, John and Mary Billups. Set china plates, Fred and Rutha McCrea. Set silver knives and forks and sugar spoon, Roda Haworth. Glass rolling pin and salt sifter, Geo. Haworth. Glass cake stand, set napkins, C. B. Haworth and wife. Set salt cellars, A. T. Haworth and wife. Dressing case, J. R. Smith and wife. Silver butter knife, Clint and Hattie Smith. Presents to Fred L. McCrea and wife, hardwood bed room set, one fall leaf dining table, set silver spoons, set plates, cups, saucers, set soup plates, J. C. McCrea and wife. Set hardwood cane bottom chairs, hardwood bedstead, table cloths, towels, family record, C. B. Haworth and wife. Silver butter knife, J. G. Eberhard and wife. Fancy mustard jar and silver spoon, B. A. Eberhard. Set china wash bowls, John and Bennie Eberhard. Glass berry set, Elsie and Edith McCrea. Glass salt cellar, J. C. McCrea Jr. Glass table set, John and Mary Billups. Set china plate, Roda Haworth. Glass rolling pin and salt sifter, Geo. Haworth. Glass cake stand and set napkins, C. B. Haworth and wife. Set salt cellars, A. T. Haworth and wife. Bed spread, J. R. Smith and wife. Butter knife, Clint and Hattie Smith. Set silver spoons and sugar spoon E. Kimball and wife.

Address C. W. Wentworth Dayton Oregon for Stanleys Darkest Africa. The program as published last week of review exercises of the Sunday school lessons for the past year, was carried out at Friends' church last Sunday night. The house was crowded as usual on such occasions and the audience was not disappointed in the exercises of the evening. Mrs. Hartley the Sunday school superintendent as well as the teachers and children who took part in the exercises have reason to feel well satisfied with the evenings work. The lesson topics by Anna Miles class and the golden texts for the year by Lucy Haworth's class, the exercise by Calvin Martin and the songs and the declamations by the little folks were all well received. At the close of the program Mrs. Martin on behalf of the teachers and scholars, presented to Mrs. Hartley a substantial rocker as a small token of the appreciation of the school for her very faithful and earnest, telling years work as superintendent of the Sunday school. This was all unexpected to Mrs. Hartley and she was so much taken by surprise that her tongue did not prove to be so ready to express her thanks as it is on all occasions to explain the scriptures. Jesse Holson is setting 1800 fruit trees on his land north of town. We have no recollection of ever having seen a more reasonable fall and winter for setting trees than this has been; and the time has been well improved. Many thousands of trees have been set throughout the Willamette valley. In a few years we will be able to supply the vast territory east of the Rockies with a quantity of prunes that will put to flight the little black, dirty, insignificant Turkish prunes. When people learn the difference between a poor prune and a good one, Oregon prunes will be above all others, be wanted. A Portland gentleman who went east last fall and who met with a number of prominent men from different parts of the eastern states, sent a number of samples of our fruit to them after returning home. Some of the letters have been published in the Oregonian lately acknowledging the receipt of the fruit and the writers go into ecstasies over the fine qualities of the fruit, saying they have never seen anything equal to the samples sent. For a number of years California fruit men who always have an eye out for the main chance, made a practice of coming up to Oregon and buying up our canned and dried fruit which they labeled as fine California fruit and sent east to supply the demand among the wealthier class of people for a superior grade of fruit. This was practiced for a long time and it was not until the last two or three years that our fruit was known to an extent away from home. Since our people are beginning to wake up to the importance of letting the wide world know what we can produce and shipments, beside thousands of samples have been sent throughout the country, Oregon's taking the lead seven of our sister states, California in the production of certain kinds of fruit. This is just the kind of a boom we want for Oregon and this is the reason so vital with delight the era of tree planting that is setting in all over this glorious country of ours. Just so long as we are producing what other parts of the country want at a good living figure and are depending on this in place of fictitious real estate values, we are safe from the blighting influences of the imported "boomer" who is one for present revenue only and who cares nothing for the permanent welfare of any place. Notice to Contractors. Wanted, bids on the cutting and hauling of 2000 cords of wood. Call at Wrights real estate office or the Graphic office Newberg Ore. for terms. Notice to Stockholders. The annual meeting of the stockholders of the bank of Newberg will be held in the bank parlor on the first Monday in January 1891 at 2 o'clock p. m. A full attendance is respectfully requested. F. A. MORAN, Secy. For a short time I will give a 14 x 17 portrait with every dozen cabinet photographs at \$2.00 per dozen. This offer is to introduce my instantaneous cabinet photographs. WATSON, 225 First St., Portland, Ore. Excitement Runs high at C. F. Moore & Co's drug store over System Builder, as every body is using it for catarrh of the stomach, dyspepsia, constipation, and impure blood and to build up the system. It certainly possesses wonderful merit when all speak so well of it. Only One In The U. S. Out of 1357 cough syrups manufactured in the U. S., but one has been found to be entirely free from opiates and that is the California Positive and Negative Electric Cough Cure, which is the best on earth for coughs, colds, croup, etc. Sold by C. F. Moore & Co. Christians and Temperance People, Take Notice. About the 1st of December I will be prepared to show a special line of Holiday Goods, Shilohs Motto cards, Books, Booklets from the Woman's Temperance P. A. Chicago. Have on hand also the best Flavoring Extracts without Alcohol. Call early and get FRESH CHOICE. LUCY H. WORTH, Opposite Post Office. Worse Than Leprosy. Is catarrh, and there is but one preparation that does cure that disease, and that is the California Positive and Negative Electric Liniment. Sold by C. F. Moore & Co. It also cures neuralgia, rheumatism, headache, sprains, burns, and all pain. Try it and tell your neighbors where to get it.

Marion Items. Christmas eve passed off with the usual success. The entertainment and tree could not have been better. There are three new houses to be built on the Marion fruit land in the near future. Harry Hinshaw is building a dwelling house in town. Prof. St. Helen and wife are spending holidays at his brother Rogers'. Rev. Tonesand of Turner spent Christmas with his friends Mr. Gall's and Mr. Rutland's. The number of toys and wagons displayed by the children bears evidence that Christmas was enjoyed by them. Everybody seems very busy getting everything in shape for the cold weather we may have this winter. Several gentlemen were here last week looking for a location. One has purchased land and has commenced building on it. Able Bond has purchased 2 acres of M. M. Davidson and will build at once. M. M. Davidson has set out one hundred fruit trees and will set out 200 more this spring. The Friends church has received a donation of an acre of land on which to build a church and measures will be taken to see what can be done toward building this summer. All aid cheerfully received. R. St. Helen has lumber hauled for his house which he intends to build soon. The sound of the anvil is heard in our town and iron is bent and hammered in all shapes. Mr. Lance is fixing up a barn here for a lively stable and soon Marion will have a good lively stable which will help the improvement of. NOTICE TO THE AFFLICTED. I take this opportunity to inform the public that I have left my medicines, "The Japanese Oil," "Dr. Swans Liver and Kidney Cure" and the "National Specific" for Malaria, with Mrs. Mary S. Hobson on the north side of First street opposite the Newberg house and Mrs. Hardwick at the Bakery on Main street, Newberg. Those in the vicinity of Dundee may leave applications at Dundee post office for D. W. Martin. D. W. MARTIN, Agent for Oregon, Dundee, Oregon. A Card. The action of the census last Wednesday, in nominating me for City Recorder, was wholly unexpected, not having been consulted in the matter at all. After a careful consideration of my obligation to the Public School and other duties of life, I respectfully decline the nomination, with thanks to my friends for their manifest confidence. MILES REECE. HERE IS YOUR CHANCE To Get a Home. 160 acres divided into sixteen 10 acre tracts—5 miles from Newberg on the way to Portland within 2 miles of the thriving town of Smokeyville. About sixty acres cleared. This property lies high, slightly and level. Is well watered, by spring and running creek. The scenery from any point on this property is exceptionally delightful. A grand panoramic view of the Willamette valley and the snow capped peaks of the Cascade Range is seen at a glance. These tracts will be sold from \$30 per acre and up. Easy term, 1/3 down, balance 1, 2, 3 or 4 years at 7 per cent. JESSE HOBSON. LAND IS TOO HIGH Near Newberg. "We cannot afford to buy a Home." Such are the expressions I often hear upon our streets. Sometimes by people who have lived in Oregon for some time, but more especially "the new comer." I have the greatest respect for such opinions from a stranger, but to hear such expressions from an old settler, I confess tries my patience when at the time they make such assertions they cannot help but know that prices of real estate are continually advancing all over this Northwest country, and the men who are making the most money are those who are buying Oregon lands. I wish to say a few words that peradventure it might strengthen the faith of some who have grown weak and especially I desire to encourage the new comer who may feel discouraged with the outlook for making a home in this now what appears to be a dark, dreary, woolly, wet muddy country. Do you realize that this Northwest, including western Oregon and Washington, is the richest country in resources of its size upon the globe. Scarcely a foot of land in the valleys or on the mountains are without some natural wealth. The soil of the Willamette valley is susceptible of sustaining the largest population of any place of its size in the Union. Our mountains generally from base to summit are either possessed with a productive soil of surpassing richness or covered with dense growth of great lumbering interests in its primitive state, or else with subterranean mines, which with the little prospecting that has been, are proving highly encouraging. Do you realize in any degree how especially favorable Newberg and its surroundings are situated in many respects, compared with any other town within 30 miles of Portland, for future development? We have an enterprising people, good society, good schools and churches to suit anybody but the croaker. Our shipping privileges are much superior to any other town the same distance on any line of railroad running out from the metropolis. The secret is we have both railroad and river. The hills surrounding our valley on three sides make an additional advantage to the growth of fruit over almost any other locality. The Horticultural business is the industry that should claim the leading attention of every land owner in our valley. No man needs a large tract of land. Actual demonstrations are now being made of the real value of land in this community when I tell you that owners of fruit orchards near town have realized nearly

110 per acre for their fruit crop on the trees 5 years old and some peach orchards a little farther away, only 4 years old produced this year \$500 per acre and that one cherry tree this year near Newberg produced over \$63 worth of fruit. Why do you say land is too high, when you can buy it for \$50 per acre and in a short time put it in the same condition of the above results by your own efforts. Another important item in regard to our situation to which I particularly desire to call attention and that is our very close connection with the metropolis of the Northwest—Portland. Very few people in the country are aware of the magnitude of the importance of a great city in the development of the rural districts immediately surrounding it. Portland is the great metropolis of the Northwest; always has been and always will be. Her advantages as a great city and commercial center are unsurpassed by any city west of the Rockies. Her water ways draining 250,000 square miles and navigable for hundreds of miles. Every transcontinental railroad line now building seeks an egress into her boundaries as a terminal point. Area 5 of the great trunk lines have their terminal point there. The footings of trade in her Commercial circles for 1889 amounting to \$115,000,000, is astonishing to the critical Financiers of Wall street. Portland's water power at Oregon City amounting to 300,000 horse power is being partially used by converting it into electric power and conveying by wire and furnishing lights and power for manufacturing purposes in different parts of the city is just one of the wonders of the age. You can scarcely find any land within 6 miles of the City for less than \$500 per acre and many acres are being cultivated with big profits at that figure. Our nearness to this great City now only a village compared to its probable size in the near future will cause the prices of land to be higher around our little village than at present prices. These are facts beyond dispute, verified in the part by the history of every great and growing City. You thank yourselves for the privilege of taking hold of a small home at bottom prices, go to work and keep up with the tide or you will be continually left. More Anon, Jesse Hobson. AN ORDINANCE, To prohibit the selling of, or giving away of any intoxicating, malt, vinous or fermented liquors. [Passed and approved Dec. 4, 1890.] The people of the Town of Newberg do ordain as follows: Section 1. That it shall be unlawful for any person within the corporate limits of the town of Newberg, either by himself, agent, nor for any agent, storekeeper, druggist, clerk or servant, either directly or indirectly, to sell or give away any intoxicating, malt, vinous, mixed or fermented liquors, or cider, and any person or persons violating any of the provisions of this ordinance, either as principal, agent, storekeeper, druggist, clerk, or servant, as aforesaid, shall upon conviction, be fined in a sum of not less than twenty, nor more than one hundred dollars, for each and every such offense. AN ORDINANCE, Concerning offenses against public morals and decency. [Passed and approved Dec. 4, 1890.] The people of the Town of Newberg do ordain as follows: Section 1. That it shall be unlawful for any person to be found within the corporate limits of the town of Newberg, in a state of intoxication, in any highway, thoroughfare, or other public place, and every person so offending, shall upon conviction, forfeit and pay to said town of Newberg, not less than five, nor more than twenty dollars, for each and every such offense. Section 2. Every person who shall be found drunk or intoxicated, in or on any private lot, house or place, without the consent of the occupant of the same, shall be deemed guilty of a breach of this ordinance, and whenever any such person or persons shall be arrested by any of the officers of the town of Newberg, whilst intoxicated, the said person or persons so arrested, shall be committed to the town jail, there to remain until he or they shall become sober, when it shall be the duty of such officer to convey such person or persons before the recorder's court, to be dealt with according to law, and the ordinances of the town. Section 7. No person shall, himself or herself, or by his servant or agent, keep or maintain a gaming house or room, or any place or room where betting is done, nor procure or permit any person or persons to frequent any place occupied, owned or controlled, by him or her, or to come together at such place at any time, and play any game for money or other valuable thing, or for any check or representative of value, and every person so offending shall forfeit and pay to said town of Newberg, upon conviction thereof, not less than twenty, nor more than one hundred dollars, for each and every such offense. Section 8. No person shall be an inmate of any gaming house or room, within the town of Newberg, or shall be in any way connected therewith, or shall frequent the same, or shall be found therein, or shall play for money or other valuable thing, at any game with cards, dice, checks billiards, or any other article, instrument or device, or thing whatsoever, or bet on any such game when played, or to be played by others, or be guilty of selling pools, under a penalty of not less than twenty, nor more than one hundred dollars.
