

Local Events.

Kummer is coming. Kummer always delights his audience. Fruit land is in demand in all directions around town.

Chehalum valley will be one large orchard in a few years.

Kummer's lectures are always witty and intensely interesting.

Mr. Rowe of our town is canvassing for three very good books.

Uncle William Hobson has been in rather poor health for some time.

J. I. Davis of West Chehalum was in town Tuesday taking in the sights.

Address C. W. Wentworth Dayton Oregon for Stanley Darkest Africa.

"Proper Amusements," by Alfred Kummer at Friends church next Tuesday evening.

This promises to be a big year for Newberg, not a boom, but a good healthy growth.

W. P. Heacock has just received a new stock of lumber of all kinds and is ready to fill orders.

Mordcau Ellis was up from Middleton last Monday and left his name on our subscription list.

J. I. Knight reports the sale of four ten-acre tracts in Chehalum Orchard Home the past week.

A real estate man named Churchill was up from Portland the first of the week looking over our town over.

Read the program for the Sunday School conference to be held at Friends' church tomorrow evening.

Rev. L. C. Davis of the Baptist church will preach at the Presbyterian church next Sunday at 11 o'clock.

County surveyor Branson is down from McMinnville doing some surveying for the Willamette Real Estate company.

T. E. Hobson, a brother of E. O. Hobson moved over from Woodburn last Wednesday and will cast his lot among us.

Friends quarterly meeting will be held here Saturday and Sunday, the 14th and 15th. The attendance no doubt will be large.

As a result of the revival meetings held here a short time ago fifty-seven members were added to Friends church last Saturday.

WANTED, 4000 cords wood cut to apply on payments of 19 or 20 acre lots in Chehalum Orchard Homes. Apply to J. I. Knight Newberg Ore.

Judge Howard has a fine new desk, put up for the city by Jim Jones. It is a great piece of work, and an article long needed in the recorder's office.

Mrs. Winslow, of Marion, who has been holding revival services at Middleton, is in town, and will attend Friends' quarterly meeting tomorrow and Sunday.

Sunday was the Chinese New Year, and a number of Chinamen gathered in to help Sam Kee celebrate the occasion with the ceremony, and partake of the feast he had prepared.

S. Longly's ten-acre tract is no longer advertised in our columns. Why? Simply because it is sold. Moral—If you have anything that you don't want to sell, beware of placing an advertisement of it in the GRAPHIC.

We don't guarantee the sale of everything that is advertised in our columns, but we do guarantee that the notice will be read by several hundred people, and if a thing is sold, somebody must find it out before a sale can be made.

Mr. O. Winslow who has been at Miller-ville, Acadia Parish, La., for the past year, writes to friends here that he intends to raise one more crop of rice, and then set sail for Oregon. The GRAPHIC keeps him posted on Newberg happenings.

J. B. Mount is now fixed in his new quarters in the bank building and to simply say that he has a nice store room is putting it mild. He is ready now to accommodate you with anything from a ten penny nail to a Garland cook stove.

Lewis Hiatt who was well known here eight years ago, dropped in on his old friends last Wednesday night. He has been spending his time since leaving here in British Columbia, and at Bellingham Bay, in Washington. He is on his way to visit in Kansas and Indiana.

The matter of accommodations in the way of school room for our school children begins to look serious again. The building put up two years ago looked large at the time, but now the four rooms are filled with over fifty to the room and the town is rapidly filling up. It looks now like it would take two more rooms by next fall to accommodate the school at the opening.

Parties who a year ago looked upon the move to establish a bank in Newberg as a wild cat scheme are now very anxious to take stock, but they are too late as the stock is all taken. The business done by the bank during the past year has been far beyond the expectations of the most sanguine, and it is increasing every week. We have never known of any line of business being established in Newberg that was properly managed but that proved a success.

We believe with D. Wise that "The bright days of youth are the seed-time of life. Every thought of the intellect, every motion of the heart, every word of the tongue, every principle adopted, every act performed, is a seed whose good or evil fruit will be the bliss or bane of after-life." If this be true ought we not to congratulate ourselves when we consider the fact that our children and young people, both in the public school and the Academy, are under the care of earnest christian teachers who manifest an interest in the future welfare of those under their charge. It is only four weeks until the annual school election will be held and it is important that some one shall be chosen for director who will take no backward step in the selection of teachers. A word to the wise is sufficient.

A. B. George and wife are stopping for a time with their son Alvin at Dundee.

Miss Jessie Vantress has returned home, her school at Willamina having closed.

Charley Spaulding and Dave Holloway went to Portland on business the first of the week.

Lin Parker bought more real estate the first of the week, and will set out more fruit trees.

Lon Hill is expected back from Indiana soon. His folks write that they can't keep him much longer.

Mr. Wentworth, of Dayton, was in town the first of the week canvassing for the sale of bibles and other books.

Remember the horticultural meeting Saturday Feb. 21st, at two o'clock and bring your neighbor with you.

Rev. John Watson of Dayton has been holding revival services at the Free Methodist church during the week.

After the 20th of this month our old subscribers will not have an opportunity to get the American Farmer free.

Mr. Longley has sold his farm north of town to Elisha Smith and sons. We understand Mr. Longley will move to town.

Jonathan Votaw and wife who have been sojourning at Alder in Willowa county during the winter are expected home soon.

O. V. Allen and lady were down from LaFayette last Sunday. The GRAPHIC will make regular visits each week at their home.

Our annual school election will be held the first Monday in March at which a clerk will be elected to serve one year and one director to serve three years.

Will Hiatt, former proprietor of the GRAPHIC, has been having a severe tussle with the measles at his home in Whittier, Cal., but is now reported as being on the mend.

Residents on south Main Street are making diligent inquiry for the sidewalk that was ordered some time ago. Any one having seen such a walk running loose about town, will confer a favor by reporting to the proper authorities.

Henry Dusan who bought the Full Quarts place near Dundee some time ago was in town one day last week. He says he is setting two thousand fruit trees and intends going into the fruit business extensively. He also wanted to know when the horticultural society met.

Lecture. Rev. Alfred Kummer, of Portland, at Friends church next Tuesday evening under the auspices of the Y. M. C. A. The subject will be "Proper Amusements." Rev. Kummer has lectured here before and on both occasions delighted his hearers. It is to be hoped that he will be greeted by a good audience.

C. E. Hoskins desires us to state that he hopes all who are interested in having the second quarterly meeting of the State Horticultural Society, which will meet in August, held at Newberg, to be in attendance at our meeting one week from tomorrow. Mr. Hoskins will read at that meeting a letter from E. R. Lake, Secretary of the State Society that will be of interest to the fruit growers of Newberg and vicinity. Let there be a full attendance at that meeting.

We are informed by Cyrus Hoskins and G. W. Mitchell, who are members of the State Horticultural Society, that the next quarterly meeting of the society, which will be held in August, can be secured for Newberg if our people will indicate in the proper way that they desire to have the meeting held here. This is an opportunity that we don't want to let slip. This locality has a reputation over the state as being a place where the one idea is the fruit business, and we want to maintain our standing in this particular. If we secure the state meeting and then make a special effort to make a proper display of our fruits which we can do at that time in the season, we will receive an advertisement that will benefit us in no small way.

C. B. Frissell our station agent in a card in this issue, states that the Southern Pacific company is putting the rolling stock of the road in first class shape and that they only ask the patronage of the public and everything will be made satisfactory. That the road will be patronized for all it is worth is already an assured fact and we still hope that we will in a short time have first class accommodations. The company may have good and sufficient reasons for the delay in putting on the mail train that has been promised so long, and the public will wait as patiently as possible for the desired change. There is a bit of carelessness however that has long been noticeable to everybody passing over the road. People in this neck of the woods are not very particular about having gilded palace cars to ride in but they are accustomed to at least a degree of cleanliness and if there is any excuse for the absolute filthiness of some of the cars, in this country where water is abundant and labor is cheap, we would like to hear what it is.

SAW MILL WANTED. \$700 Bonus Offered. It looks now like we were a little previous last week when we said that we were assured of a saw mill on the river. The company spoken of offered to put in a mill if the citizens here would raise a bonus of \$700, which they raised at once. This we supposed settled the matter, but up to the present time the company has failed to mature plans for the future. Newberg wants a saw mill and wants it bad. We have spoken to several of the subscribers to the bonus and all have expressed a willingness to give the bonus raised, to any company that will put in a good mill. Here is a chance for some saw mill man to gobble up \$700.

For Sale. 5 acres of fruit land near town for sale. 190w12 JAS. LEWELLS. 104

We have been offering the American Farmer free of charge to all our subscribers, provided they would pay up back subscription and a year's subscription in advance. This offer will only hold good until the 20th of this month. Delinquents will please take notice and act accordingly, if they desire a good farm journal free.

A Letter. E. H. WOODWARD, DEAR SIR:— In one of your late papers, you said that Mr. Heacock had been obliged to stop shipping lumber on account of the rates being raised, and I would like to say that every thing has been satisfactorily arranged and we still have the same rates on lumber, grain, wood, and merchandise as, before the change in management. And I am also told that the burning of the S. P. round house at Portland some time ago, delayed our much needed and long promised train, as one of the N. G. engines were burned at that time. The new management promise us good freight and passenger facilities and ask in return only the proper support of the people. The rolling stock and motive power, was not in shape to run a passenger train and have had to build new, but when we get the train it will be in good shape to run, the cars and engine will be provided with air brakes, patent couplers, and everything as near first class as possible.

Yours Truly, C. B. F.

School Report. EDITOR GRAPHIC, DEAR SIR:— The following is the report of the school in Dist. No. 35, Yamhill and Wash. counties. I commenced school Oct. 13, 1890 and closed Feb. 3, 1891. No. of days taught 78, No. of days attendance 2,165, No. of days absence 289; No. of boys enrolled 25, No. of girls enrolled 13; total enrollment 38, average No. belonging, 39, average daily attendance 27, No. of visits 49. The pupils entitled to have their names placed on the "Roll of Honor" are George Tolson, Ellis Winters, Harvey Vaughan, Bertie Newnam, and Ervin Newnam.

We have many reasons to feel encouraged for the interest taken in education in this district, but if the patrons would be more diligent in visiting the school the prospects would be even brighter. We hope they will turn over a new leaf and strive to fulfill their duty in this respect next term.

JOHN HANSON, Teacher.

Program of Sunday School Conference. To be held Saturday evening, February 14, 1891: Opening exercises by the president. Song by Enor Hall and others. "Revolt of the Ten Tribes, and What Became of Them," Eugene Hoskins. "The Contrast Between Jezabel and Ruth," Rosa Hampton.

New Brick. The well known firm of Morris, Miles & Co. dry goods merchants, will as we stated some time ago build a brick business house in the spring. They have been engaged lately in making the necessary arrangements and will begin work early in the spring as the weather will admit. They bought brick of Mr. Hammet last week and as soon as the roads settle sufficiently, hauling will begin. The site chosen for the new building is on the north side of First street, west of the bank building at the point where the street from the academy building intersects First street. The building will probably be a one story structure for the present but will be large and roomy, probably 28x80 ft. in order to make room for their growing business. It is their intention to fit up a store room in the most approved style and when it is finished it will probably be the best arranged and most commodious store room in the county. It is fortunate for the firm that they were able to secure brick instead of having to wait until they could be burned in the spring as it will enable them to get into better quarters much earlier in the season. It will also have a tendency to stimulate building if work on a good building can start off early in the season.

To the Reading Public. Just published from the pen of Rev. T. De Wit, Talmage D. D. a book, Title "From Manger to Throne." It is literally sweeping the country. Nothing like it has ever been known in the history of Religious books, a biography of Jesus the Christ, and a History of the Bible Lands, and the People of the Bible. Including a description of Dr. Talmage's journey to, through, and from the Holy Land, last winter. It is his masterpiece of eloquence, and the climax of his active life-work. The illustrative features of the book are the grandest ever undertaken in any age or country. Panorama of the Crucifixion. The picture is over ten feet in length. It shows the scene of the crucifixion, and the city of Jerusalem and surrounding country. This wonderful work will soon be introduced in your midst and should find its way into every household in the land.

For Sale. Fifteen tons of clover and timothy hay for sale, also several stands of bees at \$3.50 to \$4.00 per stand. J. SANDERS, Champeog, Or.

Coming. A. M. Purdy, of Palmyra, New York, who has been for years one of the most successful and widely known nurserymen in the east has for some time been thinking of making a change of location. He has been corresponding with parties at different points throughout the west and among others with parties at Newberg, and he writes that so far, he has been most favorably impressed with what he has heard from Oregon. His last letter says that he will be here in a short time to see for himself. His idea is if he finds a location that suits him, to close out his business at Palmyra as soon as he can and make the change. As evidence of the extent of the business he is doing we will state that in his city of 4,000 inhabitants his mail matter amounts to one third of the whole amount of business done at the post office. Anyone can see at a glance that no better advertisement for Newberg could be had than the establishing of such a business here. Although Mr. Purdy will be here at a time in the year when everything will be at the worst, so far as appearances are concerned, we are confident that this is a desirable location for the nursery business, can be shown up in a most favorable light; and as for church and school influences, which he writes must be favorable we are confident that we will sustain no loss in a comparison with any location of the same size east or west. We sincerely hope that after Mr. Purdy visits our place and looks the field over in all its bearings, he will be so favorably impressed with Newberg as a desirable location, that he will conclude to choose this as his field for future work in his business.

Smockville Items. C. C. Johnson moved into his own property the last of the week.

The paper hangers are at work in Smock's new house.

J. F. Heacock is building an addition to his house this week.

The brick works have laid off most of the hands for a short time.

The meetings at Middleton are still in progress. Thirty have been converted.

The brick company have leased John Brook's property for Mr. Baily, the superintendent.

From the new furniture unloaded at the depot for one of our prominent men we predict a wedding in a few days.

Leo Smock is fitting up the lower part of the building known as Fitch & Smocks hall for a dwelling.

John Brook has sold his brick stock at par and will move to Portland as soon as the weather will permit.

LaFayette Items. Charley Powell's team took a spin today with his meat wagon breaking the wagon into smithereens. No other damage.

There was a shooting match here last Saturday between Jimmy Fletcher of McMinnville and Ed Long of LaFayette for \$100. Long was the winner.

The Italians and the bears are in town again. They have made a proposition to stay all winter for two dollars per day, which they are likely to get—over the left.

How do you like Barrett's show? They gave two vulgar entertainments in Littlefield's Hall, with which all decent people were disgusted. They were all drunk from the time they entered town till they left.

Martin Cook, of Newberg, filled Rev. Willison's pulpit a week ago last Sunday to the satisfaction of all present.

O. V. Allen and wife of Newberg have moved to their new home in our town. We would like to have just 1000 more such families move here.

Mr. Dan Winfield and wife have gone to Illinois on a visit, but will be back in the spring and will build a new cottage in maple creek road.

R. Martin, road-master on the Narrow Gauge, has moved from Dundee to LaFayette. Have you heard that they are talking of moving the big hotel from Dundee to LaFayette? Hope it is so for we have a good location for it.

Billy Blair has skipped the town leaving numerous creditors. People who have known him a long time are surprised at the way he has treated those who have befriended him in the past. Mr. Archer, proprietor of the skating rink also left suddenly leaving a number of unpaid bills. Wish he had taken the rink with him as it is a nuisance to the town.

There is the largest number of students in the Seminary now that has ever been enrolled since the school was opened, and a number more are to enter in a few days. Prof. Kantner says the school is in the most prosperous condition now that it has ever been. We are all proud of the school and its faculty.

Clerk ordered to notify all Road supervisors. Adjourned.

Notice to Contractors. Wanted, bids on the hauling of 2000 cords of wood. Call at Wright's real estate office or the Graphic office Newberg Ore. for terms.

Excitement. Runs high at C. F. Moore & Co's drug store over System Builder, as everybody is using it for cures of the stomach, dyspepsia, constipation and impure blood and to build up the system. It certainly possesses wonderful merit when all speak so well of it.

Delphinia E. Ellis (the invalid) keeps a supply of stationery and notions, such as suspenders, celluloid collars, handkerchiefs, combs, laces, pins, needles, gloves, &c., also arranges Oregon specimens for sale, at one of the cottages near Friends' boarding hall. She solicits the patronage of Newberg and vicinity and requests patrons to call in the afternoon.

Worse Than Leprosy. Is starb, and there is but one preparation that does cure that disease, and that is the California Positive and Negative Electric Lintment. Sold by C. F. Moore & Co. It also cures neuritis, rheumatism, headache, sprains, burns, and all pain. Try it and tell your neighbors where to get it.

ONLY ONE IN THE U. S. Out of 1357 cough syrups manufactured in the U. S., but one has been found to be entirely free from opiates and that is the California Positive and Negative Electric Cough Cure, which is the best on earth for coughs, colds, croup, etc. Sold by C. F. Moore & Co.

NOTICE TO THE AFFLICTED. I take this opportunity to inform the public that I have left my medicines, "The Japanese Oil," "Dr. Swans Liver and Kidney Cure" and the "National Specific" for Malaria, with Mrs. Mary S. Hobson on the north side of First street opposite the Newberg house and Mrs. Hardwick at the Bakery on Main street, Newberg. Those in the vicinity of Dundee may leave applications at Dundee post office for D. W. Martin.

D. W. MARTIN, Agent for Oregon, Dundee, Oregon.
