Eli Haworth's dog undertook to knock the wood train off the Hoskins trestle Wednesday evening, but proved to be a light weight and a victim of misplaced confidence. Little doggie is no more, and his lifeless form is no doubt in the hands of students, who have an eye out for subjects, ere this.
Rev. E. S. Craven and D. W. Cummins are out canvassing for subscriptions for building a Methodist Episcopal church and are meeting with substantial encouragement. "In buying a cough medicine for children," says H. A. Walker, a prominent druggist at Ogden, Utah, "never be afraid to buy Chamberlain's Cough Remedy. There is no danger from it and relief is always sure to follow. I particularly recommend Chamberlain's because I have found it to be safe and reliable. 50 cent bottles for sale by C. F. Moore & Co., Druggists.
Bentley and Franklin were in the hands of sheriff Warren again this week. Leonard Myers, who was one of their bondsmen for their appearance at next term of court, became weary of the burden and so informed the authorities. Warren brought them up from Sherwood Tuesday, but they were released in the evening, two men named Beaver and Johnson, from Sherwood, signing their bonds.
"King's Handbook of the United States," is on our table. It is a book of nearly 1,000 pages, 2,600 illustrations and 51 colored maps. It contains a brief history of the United States, then takes up each state in alphabetical order, giving an illustration of each state's arms and motto, the state capital, the pet name, and a portrait of some person prominently connected with the state's history. Following this is a history of the state from the time it was first settled up to date. The illustrations are first class and the book is well written. As a reference book we consider it a splendid work and believe it will be appreciated by the public. If the agent, C. L. Ballard, of our town, calls on you it will pay you to examine it carefully.

Mrs. Harford's address at Friends' church last Sabbath evening was one of the best ever given in Newberg. It abounded in logic, and was delivered with that force which only a true public speaker is capable of wielding. Mrs. Harford will not have to go a begging for an audience when the people have heard her once.
Mr. C. W. Reed, proprietor of the Hotel Dellone, Omaha, one of the finest new and modern hotels in the west, says of Chamberlain's Cough Remedy: "We have used it in our family for years with the most satisfactory results, especially for our children, for colds and croup. It can be depended upon, besides it is pleasant to take and seems to be free from chloroform and the oily substances put into many cough mixtures." 50 cent and \$1 bottles for sale by C. F. Moore & Co.
Willard Wood, who was released from the penitentiary a short time ago is in trouble again. Three weeks ago he stole a horse from a lady at Salem and rode it down home and has kept it at his father's place on the side of Parrott mountain ever since, riding the horse into Newberg occasionally. Last Friday, sheriff Croslan came down from Salem and escorted young Wood and the stolen property back with him. It is in Wood to steal and the Judge had just as well fix him a plenty this time to save costs.

Died—Nettie Hanson, wife of E. C. Hanson, and daughter of M. D. and E. L. Jones, born in Delaware county, Iowa, September 30, 1857. Married to E. C. Hanson November 5, 1873, departed this life February 6, 1892. The deceased was a victim of consumption and her death had been looked for hourly for some time. The funeral was conducted from Friends' church on Sunday afternoon, Rev. Martin Cook preaching the funeral sermon. The funeral was attended by a very large congregation.
Mr. E. Cox, of Whiteoak, was in town the first of the week visiting with A. C. Cox. He is a full believer in the use of gravel for improving the roads and says anyone can see the advantage of the use of it by a visit to their neighborhood. They traveled three quarters of a mile of road last spring, putting it on eight inches thick and during the past fall and winter while surrounding roads were almost impassable, good loads were hauled over this and the longer it is used the harder it packs. He says they find that moderately fine gravel makes a much better road than coarse gravel.

Card of Thanks.
We desire to express our sincere thanks to the Woman's Relief Corps and the many friends who rendered assistance and sympathy during the recent sickness and death of our loved wife and daughter, Nettie Hanson.

A great many funny things and some pretty hard things have been written

about the "College Freshman." Pacific College possesses several specimens of this mammal.

People usually are best suited by something fresh and new. Why is it poor little "freshie" meets with such disfavor?

The Crescent society is not the largest Literary society in the state. The members take an interest in the work of the society and the attendance is good except when parties and other entertainments occur on the same night as the regular meeting of the society.

Dasie Stanley, who has been out of school several weeks on account of sickness, will rest from school work the remainder of this term and begin anew with the Spring Term.
