Carl Burgen drove down to Portland Wednesday. Try W. P. Heacock for nails and builder's hardware. Kay & Todd's is the cheapest clothing house in the Valley. Frank Elliott left yesterday for a few days visit to "the farm."

Go to Myers' barber shop for shaving, shampooing and hair-cutting. Go and see the Nobby line of Furnishing Goods Kay & Todd have. Before you go east it will be to your interest to call at the GRAPHIC office. A son of Herman Bremer, living over toward Middleton, died last Friday. Sidewalk lumber \$8.00 per thousand. DOORANCE BROS.' Lumber is being placed on the ground for Dr. McConnell's new residence on First street. Milt Gamm came down from Salem Saturday, and spent Sunday with his best girl. Oscar Allen, of LaFayette, came down last Saturday to spend Sunday with his parents and other relatives. Kinley and Daniel Blair went up the valley last Tuesday as far as Monmouth to take a look at the country. Before you start east to grow up with the country, call at this office and get rates over the Northern Pacific. Mr. Jackson mentioned last week as being here from Minnesota, looking for a location has decided to cast his lot with us. I. W. Baird, of Portland, drove his fine black team through town Wednesday, followed by the usual number of grey hounds. For neat job printing the GRAPHIC office is in the lead. The large amount of job work turned out in the past few weeks is evidence of this fact. M. S. Daley of Hillsboro was over last week figuring on the contract for raising the public school building. Mr. Daley is an experienced hand at such work. President Newlin has bought a five acre tract of the Goodrich subdivision, which has been held by Carl Stanley. This is a good piece of property and is well located. J. M. Tice is ready for all kinds of work in his line, including painting, staining, graining, paper hanging, etc. All work guaranteed first class or no pay. Prices reasonable. Marley George started for his old home near Valley Mills, Indiana, last Monday morning. He goes to visit his parents who are quite old and will be gone about a month. We understand that Edmund Robinson is expecting a friend of his here from England in a short time, who comes with the expectation of locating as a practicing physician. A. Savage started his engine Tuesday. He is preparing to run some saws, a turning lathe and other machinery, this summer. We learn that Everett Weesner is to be head engineer. Rev. C. C. Poling, of Portland, preached at the Evangelical church Saturday evening and Sunday. He also addressed the Y. M. C. A. at 4 p. m. on Sunday. He is an excellent speaker. The best spring medicine is a dose or two of St. Patrick's Pills. They not only physic but cleanse the whole system and purify the blood. For sale by C. F. Moore & Co., Druggists. Dr. Mills of Dundee, came over Sunday to attend the Douglas meetings. He says he has set about 2,700 trees this spring all alone, for himself and brother Seth, and is a little weary of the work. R. H. Tyson of Middleton came up Tuesday afternoon leaving home at 1.30 and drove back for the 5.30 train. Good traveling for bad roads. Mr. Tyson has our thanks for substantial favors. J. B. Stilwell of Dayton, who is a candidate for school superintendent, was in town Wednesday, interviewing delegates to the county convention. He called at the GRAPHIC office for a pleasant chat. Card of Thanks. We desire to express our thanks and gratitude to our neighbors and friends for their kind assistance in our late bereavement. WM. McCOLLUM AND CHILDREN. Wm. Davis is building a substantial residence on his farm on Chehalis mountain. This is right. Mr. Davis is as much entitled to a good comfortable home as anybody and he is able to build it. E. N. Morgan, of Portland, who is out making a collection of wool for the Industrial Exposition at Portland, called at this office for a pleasant chat last Tuesday. He said he was meeting with good success. A. K. Cooper & Co., sold their place over east of town last Monday to one Mrs. St. Clair, whose husband is a large cattle owner in Idaho. They will put a man on the place at once and put it in fine shape. The revival services at Friends' church are still in progress and the interest is increasing. More than thirty persons have already signified their intention of living christian lives, and the indications are favorable for many more stepping over the line. On last Sunday, although the attendance was smaller than usual, owing to the stormy weather, there were three accessions to the church. Others will join at the next public invitation. The way is made easy for young people to live upright christian lives in this community and there can be no excuse given by anyone for not accepting Christ. Those who stand out are in the minority.

Dixon, Gause and Elliott after looking the country over at Monmouth, Salem and other points, for a place to invest, very wisely concluded that Chehalis valley was the best place after all. Say, have you been to Lamb & Baldwin's to see their nice stock of milliner goods? And then there is more on the road from the east will be here in a few days. Do not purchase until you see them. An interesting article on spraying fruit trees will be found in this issue from the pen of Dr. Mills. Dock spent considerable time last year spraying, and those who have had experience are the ones we want to hear from. The little fellow is getting along as well as could be expected of a hearty boy with his tongue in a sling. Miss Christina Nelson is expecting her parents and her sister to arrive here in a few days direct from their old home in Denmark. Her relatives three years and of course she rejoices at the prospect of meeting them again. The ladies who are receiving the GRAPHIC on account of the baby show at the fair last fall, will please notify us at once, if they don't wish the paper continued to their address. Jones, presiding elder of the Grants Pass M. E. church, to take the place of pastor of the church at Grants Pass in place of the pastor in charge, who is in poor health. He will most likely go in answer to the call, and if so, will be off in a few days. At a meeting of the Prohibition club last Saturday evening, it was decided to make nominations for Justice and Constable in this district. Accordingly a caucus has been called to meet at G. A. R. hall, Saturday, April 30th, at 2 p. m. All interested are requested to attend. COMMITTEE. We understand that Washington county is trying to claim a slice of Yamhill territory down below Nate Wiley's place, which would cut off about twenty voters who have always cast their votes with us. We warn Washingtonians to keep hands off. It will not be "Yamhill agin' the world" in general, but in this case "agin'" Washington county in particular if they push this claim. F. H. Storey came down from McMinnville last Monday, he having so far recovered from his long spell of sickness as to be able to take some exercise each day. Everybody seemed glad to see Frank out again and hope he may be able to take his place in the tin shop soon again. LATER—Mr. Storey informs us he will be ready for regular work in a short time. Miss Ada Howard who has been teaching vocal and instrumental music in the college during the past year, started for her home on Prince Edwards Island last Saturday. We now have a daily round trip passenger service between here and Portland. On last Monday the Manzanillo commenced making regular trips to Oregon City, leaving here at 6:20 A. M. and 1 P. M., and connecting there with the steamers Altona and Ramona direct for Portland, arriving there at 10:30 A. M. and 6 P. M. Going on the early boat, passengers will have four hours in the city, and still get home early in the evening. This is a service our people have long wanted, and it remains for us to give the Manzanillo liberal patronage, and thus sustain the service. We understand the round trip is only one dollar. More next week.

Thomas Duncan was in town last Monday with another lot of catfish from the lower Willamette. Along with the lot he brought one hundred and sixty nice ones and liberated them in the river here for spawning purposes. Mr. Duncan intends bringing a load up each week for some time and if enough money is made up to pay the expense of bringing them he will bring a tub full of lives ones each week, and by this means the river and Chehalis creek will be so well stocked, that the water will soon be alive with them. He is very moderate in his charges and the expense will be light. We hope to see the people take hold of the matter and make the money up. Any one who is willing to make a donation no matter how small, may leave the money with John Brown or at the GRAPHIC office. Please sign in your small change.

The wind which came from the south last Sunday was the strongest Oregon has experienced in many a day. A driving rain came with it all day long and taken altogether it was a disagreeable day to be out. At a little past ten o'clock the unfinished story building on First street belonging to J. S. Long, succumbed to the force of the wind and came down with a crash. The upper story had been celled and the floor laid while the inside work on the lower story was not finished. This extra weight above and the fact of the front not being in was too much for the standing, which were too small, being only 2x4 inches, and the force of the wind broke the building and the two stories flatted. The lower story was completely jettisoned out, while the upper story held together well, only breaking two windows in the fall. Mr. Long abandoned the idea of building a business house and went to work on Monday morning and by the help of the Workmen of which he is a member, has taken the building all down and will soon have a one story dwelling erected out of the material. Mr. Long is a hard working man and is entitled to the sympathy and assistance of the community.

Obituary. Susanna, wife of Wm. M. McCollum, and daughter of Edward and Catherine Lamb, was born in Randolph Co., North Carolina, the 11th of 8th mo., 1828, and died near Newberg, Ore., the 18th of 4th mo., 1892, aged 63 years, 8 months and 7 days. She was married to Wm. M. McCollum the 12th of 12th mo., 1849. Not having a membership with Friends, she united with that church soon after her marriage, ever after living a consistent member. Although for six years she had been a constant sufferer, and for the last nine months paralyzed, she was never heard to murmur, but bore her suffering cheerfully and patiently, expressing herself as ever ready for the final summons, which came at last, without a moment's warning. She leaves an aged husband, one son, two daughters and twelve grand children and a large circle of friends, who testify to her ministering kindness and sterling worth. One son and daughter having preceded her to the better land, and while we mourn, we mourn not as those without hope, for she done what she could, and her work was complete and the Master said, "It is enough, come up higher."

Mrs. Mary Geer was born in Madison county, Ohio, October 16, 1810, died at the home of her daughter, Mrs. O. H. Cone, near Duffville, Oregon, April 21, 1892. Mr. Geer died in 1889. She was converted when 15 years of age and spent 67 years in the service of the Lord. The funeral took place April 22nd, the services being conducted by Rev. Martin Cook.
