Make up your mind what you are going to do to help out the display at the fair this fall and then get right down to business and make due preparation. You will never regret it.

W. C. Kruger has been appointed a member of the town council for the third ward in the place of F. A. Lashier, who resigned, and Cephas Maris in place of G. L. Stabler, who has moved away.

If the young ladies who participated in the band drill on field day, and to each of whom the Graphic promised 50 visiting cards, will call and give us their names we shall be pleased to print them.

Anything that goes to make the fair a success this fall is just that much toward the direct interest and general prosperity of the community at large. Put this down as a fact that can't be disputed.

Two strangers were here last Monday looking at property with a view of investing. The name of one of them was Walton and the other we failed to get. They were both well pleased with the country.

Miss Josie Acheson gladdened the hearts of the Graphic force Tuesday by presenting a very large bouquet of beautiful flowers. Miss Acheson is a great lover of flowers and cultivates them in endless varieties.

Miss Leah Cook was here visiting a few days last week. She will start for her old home at Waynesville, Ohio, in a short time to visit her parents, brothers and sisters after being away from them for nearly three years.

Mr. A. C. Williams, president of the First National Bank, of Mount Vernon, Ind., accompanied by his nephew, Thos. Hayes, of North Yamhill, were in town yesterday. Mr. Williams appeared to be well pleased with our city.

The members of the W. R. C. hereby tender their sincere thanks to the Newberg Glee Club for the able assistance rendered in the exercises at G. A. R. cemetery May 30, 1892.

By ORDER COMMITTEE.

The young ladies in the Cordoliver neighborhood will give a social at the residence of J. H. Paulsen on Wednesday evening the 15th. Refreshments served at 6:30 in the evening. A general invitation is extended to the young people to attend.

That part of Main street in front of Maris' harness shop and Storey's tin shop will be impassable next winter if it is left in the present condition. If we can't make the whole street good we had better mend the worst places at least.

"Who is this man Hermann of Douglas county?" This was the question asked by a voter who has been in Oregon for the past thirteen or fourteen years, showing he didn't know who our congressman has been for more than half that time.

A little boy about seven or eight years old belonging to one of the German families living out south east of town, was brought to town last Tuesday to have the bones of a broken arm set. The fracture had not received as early attention as it should and it was a difficult matter to set it properly but Dr. Burgen did the best that could be done under the circumstances. The parents had done nothing with the arm from the start except to put ammonia on it which had blistered it in a fearful manner. The little fellow showed great nerve while having the examination made. The father said he had spent all his money in Portland before coming here for medical aid for his wife.

If you get Storey to do your work, you will always be good-natured.

Hinchman Cooper brought to this office on last Friday the largest rose we have ever seen. The name he gave it was the Paul Neron. It is a sweet scented rose of a beautiful red color, and the one left with us measured six inches in diameter. If anyone can beat it, let them bring it along.

Lamb & Baldwin have received that large bill of goods they were expecting from the east. They were delayed on the road, but are here now, and will sell them very low. Leghorn flats from 50 cents to \$1.25. Dress Hats 40 cents to \$1.50. Flowers and other goods accordingly. Come and see.

The band boys are asking for a little assistance in the way of subscriptions to help them out. Don't give them a cold shoulder if they should give you an opportunity to place your name on the list. Every man with a soul in him likes music and it is but fair that all should help bear the expense of the blowing.

The ladies of the W. C. T. U. had a social gathering at the residence of J. H. Townsend on last Saturday evening for Mrs. Hartley on account of her departure for an extended visit to her old home in Indiana. The ladies appreciate the good work Mrs. Hartley has done while a member here for the past two and half years and regret to see her leave.

White vs. Cheap Chinese Tailor Work: Brown gets what he calls a fine tailor made suit in Portland for \$30.00. All merchants know just the wholesale worth of the goods they deal in. The cloth in this suit cost at wholesale \$40.75. Trimmings \$4.00. Journeymen in Portland are paid 4.00 for making single breasted coats from such cassimere \$11.00. Pants \$3.50. Vests \$3.00. Store expense cost at least 10 per cent.

Cash cost to Merchant Tailor \$35.47. Least living profit 25 per cent. 8.80. Value if Tailor made \$44.33. Best Chinese made \$30.00. The course work so distinctly apparent to Tailors and judges unmistakably reveals the Chinese maker. I have procured one of Portland's finest Tailors and will be sold nice as made there at less prices. J. BARRIE.

Monday's Election.

The state election on last Monday seems to have passed off quietly at all points in the state. The Republicans carried the state ticket with the possible exception of Webster for Attorney-General. Both branches of the legislature will be Republican by a large majority. The People's party seems to have polled a larger vote than was expected, while the Prohibition vote was probably about the same as in the past. Birney was elected for circuit judge and McCain for prosecuting attorney. The Republicans were successful in this county with two exceptions. Maloney was elected for representative and Hendrix for county clerk. In our Justices precinct, F. M. Barr was elected Justice of the Peace and J. T. Carter constable. The vote in south Newberg precinct reached 186 and in north Newberg 184. There did not appear to be anything particularly mysterious or awfully awful about the Australian ballot system, although there were several votes thrown out as partially defective. Just why any one should fail to use an indelible pencil, when a plain notice as well as the necessary pencil started the voter in the face all the time he was preparing his ballot, is a mystery. A few crossed the name of the party instead of the name of the candidate while some checked the name of the ones they wished to vote for and left the others unmarked. The new ballot system is an educating system and is certainly a success.

Miss Grace Littlejohn is a little girl aged eleven years, residing in Baltimore, Ohio. Read what she says: "I was troubled with rheumatism for two years, but could get nothing to do me any good. I was so helpless that I had to be carried like a babe, when I was advised to get a bottle of Chamberlain's Pain Balm. I got it from our druggist, Mr. J. A. Kumbler, and in three days I was up and walking around. I have not felt any return of it since and my limbs are as limber as they ever were." 50 cent bottles for sale by C. F. Moore & Co.

In a recent letter to the proprietors, Mr. H. M. Bangs, the druggist at Chatsworth, Ill., says: "I am very much pleased with Chamberlain's Cough Remedy. During the epidemic of la grippe here it took the lead and was very much better liked than other cough medicines." The grip requires precisely the same treatment as a very severe cold, for which this remedy is so efficient. It will promptly loosen a cold and relieve the lungs, soon effecting a permanent cure, while most other medicines in common use for colds only give temporary relief. 50 cent bottles for sale by C. F. Edmund Robinson, Volunteer Observer.

An Important Industry in Sight for Newberg.

Negotiations have been going on for some time for putting in a pressed brick factory at this place and it looks now like everything was favorable for the plant being put in at an early date. John Wetherell, who came here from the east a couple of months ago, has in connection with Jesse Edwards of our town been prospecting for clay of the right kind for the manufacture of pressed brick of a high grade. They have examined all localities around town and have finally decided that the best they have found is on Edwards' farm south of town. From the tests they have made they have decided that the clay found there is first class and some of it will make a very light buff brick which sells at the highest price of any in the market.

After considerable correspondence with experts in the east and a thorough canvass of the whole matter here they decided to put in a plant to cost \$30,000, provided the council would give them the exclusive franchise in the town for street car lines and for manufactured gas and electric lights for a term of twenty years. After weighing the matter carefully in all the details and putting in proper restrictions the council at a meeting held on Tuesday passed an ordinance granting them the franchises asked for, every member of the council voting in the affirmative. Mr. Wetherell left on the noon train Wednesday for Philadelphia and will stop over at Chicago with samples of the clay to be tested thoroughly by a company that manufactures brick machines. There are some details to arrange, but Mr. Edwards informs us that everything is favorable for the plant going in at once. The company guarantees to commence work in sixty days and to be turning out brick in six months.

They figure on getting an engine of one hundred and twenty horse power which will be sufficient to run six presses but they will probably only get one press to begin with and feel their way carefully. They estimate that their pay roll will be about \$1,500 per month which will be a big thing for Newberg. We understand that the railroad people have made favorable concessions to the company, and on Monday the surveyors were running a line for a track down the street west of the public school grounds to connect the railroad with the proposed site for the plant. The question of granting the franchise to the company by the council has been discussed pretty generally for the past ten days by our people and about the only man we have heard who has raised an objection bears the same name as the fellow who slew his brother a long time ago.

If the plant goes in, and we believe it will, it will be a big thing for Newberg and our people will have occasion to rejoice.
