Our subscribers over at Dundee very justly complain that mail matter going from the Newberg office is very often from two to three days in reaching Dundee. For instance we mail our subscription list for that office at noon on Friday. This package is hardly ever put off at Dundee as the train goes south, but must wait until the down train on Saturday, and quite often it don't reach the office until Monday. Occasionally it is lost entirely. We have written post master Steel of the Portland office about the matter and hope he will see that the wrong is righted.

Two furnaces will be put in each building.

Mrs. Ada Unruh's address at the Baptist church last Tuesday evening was well attended. The address was a good one, on a good subject and all felt well paid for going. Bands from North Yamhill, Dayton, Amity, McMinnville and Sheridan, in addition to our home band, will take part in the band contest during the fair. This will insure "music for the millions." The Sheridan band has new instruments that cost $800, and the Amity boys expect new ones in a short time. "Music hath charms," etc., that always attracts, and then with a big game of base ball every day, Newberg is bound to be full to overflowing with people. Put on your best tog and be ready for the procession.

Mr. Clark while here moving the college buildings, has bought a hundred cords of oak wood for which he pays from $2 to $2 65 per cord, to take to Portland on his barge. He is also about bargaining with parties for two hundred cords of ash wood to be cut on Ash Island above town. He also has bought lots near the site for the new church at a cost of $456, which he says he will probably build on. This is the way he takes all the money he gets for his work out of the country.

J. M. Dorrance died at the home of his mother on River street, on Thursday, July 14. The funeral took place on Friday, the services being conducted by Rev. Boyd of the Presbyterian church, in which the deceased was an elder. Mr. Dorrance worked down on the Columbia during the spring and early summer, but came home a short time ago in poor health and in a few days came down with fever from which he failed to rally. He was an exemplary young man whose daily walk was a worthy example for others.

They had finished up the work on the Trask and Wilson rivers in the Tillamook country, and are now on Mohawk in the foot of the Cascades. Mr. C. H. Shawen, Wellsville, Kan., says: "It is with pleasure that I speak of the good Chamberlain's Colic, Cholera and Diarrhœa Remedy has done my family during the last fourteen years. In the most obstinate cases of summer complaint and diarrhœa among my children, it acted as a charm, making it never necessary to call in a physician. I can truthfully say that in my judgment, based on years of experience, there is not a medicine in the market that is its equal. For sale by C. F. Moore & Co., druggists.

The work of excavating for the basement for the new church is done and brick laying will begin on the foundation next week. It will require about 77,000 brick for the foundation and basement walls. He left for Portland yesterday with his barge loaded with his house moving outfit and cord wood. He will return the first of the week with lime and sand for the work.

Before this issue of the GRAPHIC reaches our readers, Dr. A. Mills will have deserted the army of bachelors and joined the innumerable company who believe that marriage is not a failure. Cards were given out several days ago for his marriage to Miss Jessie A. Cook, the ceremony to take place at the residence of T. H. Townsend in Portland, yesterday at 12 m. Rev. J. H. Douglas went down on the morning train for the purpose of performing the ceremony. Miss Cook's home was formerly near Mooresville, Morgan county, Ind., but she has been in southern California for the past six or eight years. She came from a good home, is well educated, and will adorn the doctors new home on the red hills.

Rev. E. S. Craven, pastor of the M. E. church, has arranged for a course of lectures for the benefit of the church building fund, owing to a failure to collect some subscriptions taken when they were building. A course of lectures ought to draw better than an ice cream supper and we hope they will be well patronized. The course will be as follows: July 26. "Character," by Rev. H. W. Hicks. July 29. "Marriage a Failure," by Rev. R. W. Grannis. Aug. 2. "Domestic Life in Syria and Palestine," by Dr. J. W. Bushong. Aug. 5. "Savonarola," by Dr. D. N. McInturf. Aug. 9. The College Buildings.

The moving of the college buildings from the old grounds to the new site is now an accomplished fact.

Mr. Clark who was awarded the contract for the moving, has proven himself to be a workman who understands his business, and consequently the buildings were placed on the new foundations without the slighest injury. The foundations are better than the old ones and since the buildings have been leveled up, they are in much better condition than they were before being moved.

The building heretofore known as the gymnasium hall will be rearranged throughout and will in the future serve as a first class boarding hall for young men and ladies. The first floor has been raised four feet, which with the excavation makes a commodius basement. In the basement will be a large dining room, kitchen, store room and bed room for the cook. Beside this there will be the room for the furnace for heating and for storing wood for fuel. On the first floor above there will be ten rooms for young ladies and the same number of rooms on the second floor for young men. These rooms will all be well finished and carpeted and furnished throughout with new furniture such as will make them pleasant and home like for the students. Being heated and ventilated from a furnace, students will have no care of fires. It is expected to make this one of the most complete boarding halls in connection with any school in Oregon. It will also be under such careful management that parents may feel perfectly safe in placing their children there for a home while in attendance at college.

The contract has been let for building an addition to the college building in order to accommodate the growing demands for more room. This addition which will be added on the south side, will be 36x58 feet, two stories high with basement. The first floor will be used as a chapel or general assembly room, while the upper story will be used for class rooms. The stairway in the old building, which has never been very satisfactory, will be taken out and a new one with a much easier rise will be put in. Other changes will be made to correspond with the addition. The upper room of the new part will not be finished throughout at present, but a floor will be laid and this will give the young ladies a room in which they can swing Indian clubs to their hearts content on rainy days during the winter. The basement will also furnish a place for the boys where they can take exercise in bad weather, when it is disagreeable to be outside. With all these improvements for the health and comfort of students, and with an additional teaching force, with better moral surroundings than can be found in any other town in the northwest, Pacific College will offer superior advantages to students the coming year.

Resolutions.

HALL OF NEWBERG LODGE No. 5, D. of H.
NEWBERG, Or., July 7, 1892.

To the chief of honor, officers and members of the Newberg Lodge, No. 5, of respect in memory of our late Sister, Mrs. Dora Lent, of Newberg, most respectfully submit the following:

Whereas, In the dispensation of divine Providence, it hath pleased the Supreme Chief of the Universe, to take from us in the very prime of her life, Mrs. Dora Lent, and,

Whereas, It is but just and proper for us to mourn her departure from among us and to sympathize with those who are near and dear to her in this the darkest hour of their affliction, therefore, be it

Resolved, By Newberg Lodge No. 5, that while we bow in humble submission to the will of the Most High, we do mourn for our beloved Sister who has been taken from us, and

Resolved, That this Lodge sincerely mourns the death of our late Sister, and feel that by her removal we have lost a United Sister who was ever ready to extend the hand of charity and by doing so received her death cold, which moved her from among us.

Resolved, That to her sorrowing husband, mother, brother and sisters, extend to them our heartfelt sympathy and fraternal care. We remind them that the Star of Bethlehem gleans brightly on and above the tomb where sleeps their loved one, and foretells them a blessed immortality of joy with her who has gone on before in the Supreme Lodge above.

Resolved, That though we mourn her departure, yet we recognize the fact that she has only gone on before but a little while, and the fruition of that protection and charity we have here pledged each other, will never be realized until we meet beyond the river.

Resolved, A token of respect, these resolutions be spread on the records of this lodge, and that the charter of this lodge, be draped in mourning for the period of thirty days.

Asleep in Jesus, blessed sleep,
From which none ever wakes to weep.

Dearest Sister thou has left us—
None can fill thy vacant chair;
But some day we hope to meet you
In that land thats free from care.

Oh, the trial and the sorrow
Thou hast had while here below;
But there is no earthly trouble
That can enter where you go.

Dearest sister, we will miss thee
While on earth we labor on;
But we have the Bible teaching
How to go where thou has gone.

Oh, how sad was our brief parting
When the dark death angels came;
But He called you home to glory,
There to praise the Savior's name.
