A year ago A. K. Cooper & Co., sent to New York for a slip of the Japanese wineberry which has been largely advertised. He has a nice start of the berry, a cluster of which he brought to this office last Monday. The stem and leaf resembles the native thimbleberry of Oregon, while the berry is in shape and size almost exactly the same as the black cap raspberry. The color of the berry is a bright shining red and of a very pleasant taste. When the berry is first formed it is enclosed in a pod which emits an oily substance that smells much like sweet oil. This pod opens gradually as the berry ripens. It is certainly an oddity in the way of a berry.

Ralph Rittenhouse of Britt's surveying party was in town Tuesday night. They had finished their work on the Mohawk and while the other boys waited at Woodburn for a south bound train, Ralph made a run over home to see his mother and best girl. We will see no more of the boys now until late in the fall when they will come in to hole up for the winter.

While one of Andy Winter's boys was coming to town last Monday with his mother in a cart, a shaft broke while going down hill, which caused the horse to run away and throw the occupants out. One of Mrs. Winter's hands was so badly lacerated that Dr. McConnell, the attending physician, thought best to amputate one finger which he did successfully. They were not seriously hurt in any other way.

Kinley and Mrs. Blair and Mrs. Gause and baby returned from Yaquina bay yesterday. Mrs. Blair had rather an unpleasant experience just as they started home. When boarding the boat the gang plank slipped from the dock, letting her fall a distance of eight feet into twelve feet of water. The deck hands helped her out safely but she don't care to take the risk again.

Last Sunday night while people were on their way home from church some young bloods, whose names we failed to get, got into a scuffle and blockaded the side walk so that ladies were unable to pass until they got through with their hoodlumism. Fun is all right at proper times and places, but on a crowded side walk at night right in front of ladies is certainly not a proper place for such demonstrations.

The Sunday school picnic held on last Friday at the fair grounds was an enjoyable occasion. An interesting program was given in the morning, followed by a big dinner spread on long tables. The afternoon was taken up in games by the old folks and children. Taken altogether it was a day well spent. Hobson, the photo man was on hand and you can go and see how you look when stuffing with pie and cake.

We want to enter a protest against the senseless, barbarous practice indulged in by a good many of the young men and some of the older ones of this town and vicinity, that of raising a small-sized pandemonium whenever any one gets married. It is a nuisance, and a disgrace to a decent community. Twice within the past week the people of this town have been awakened and disturbed by a howling, noisy mob, the members of which upon any other occasion would have been made to pay dearly for their sport(?) A serenade is a compliment, but a charivari ought to be considered an insult to anybody. Boys, be manly and modern enough to drop such a barbarous custom, and have nothing more to do with it.

While at Big Island, Va., last April, I was taken with a very severe attack of diarrhoea. I never had it worse in my life. I tried several old-timed remedies, such as blackberry wine, paregoric and laudanum without getting any relief. My attention was then called to Chamberlain's Colic, Cholera and Diarrhoea Remedy by Mr. R. C. Tinsley who had been handling it there, and in less than five minutes after taking a small dose I was entirely relieved.—O. G. Burford, Harris Creek, Amherst Co., Va. For sale by C. F. Moore & Co.

I have no hesitancy in recommending Chamberlain's Colic, Cholera and Diarrhoea Remedy to the public, as I do to my friends and patrons. I used it myself after other well-known remedies had failed, and it cured me in a few minutes. I recommend it candidly and cheerfully upon its merits, not from a financial stand-point, because I have others in stock on which I make a larger profit, but because Chamberlain's is the best remedy I know of for bowel complaints. There is no doubt about it, it does the work —James Forgy, Druggists, McVeytown, Penn. For sale by C. F. Moore & Co.

For Sale.

One-half block with good house on River street, for sale or trade, cheap. Address Emma Lane, Dayton, Or.

Zimri Mendenhall and family were in Whittier a few days last week. They were stopping with Cyrus Way, Mrs. Mendenhall and Mrs. Way being sisters; they are removing from Florida to Oregon where they will locate. Mr. Mendenhall was formerly from Jasper county, Iowa, but has been in the south and west about fifteen years, and now makes a mistake by not locating in California. —Whittier (Cal.) *Register*.

Zimri Mendenhall was formerly well known here, he having owned and lived on the David Lamb place north of town for several years. He went from here to Kansas, then to Florida, but it seems from the above that he has seen the error of his way and will now return to the land of promise. Mr. Mendenhall will see evidences of many changes that have been wrought in Chehalem valley and in Newberg especially, since he went away.

EDMUND ROBINSON,
Volunteer Observer.

Children's Department.

I wish to say something to you about the fair to be held at Newberg this fall, for without your help we think it would be a partial failure. We want every boy and girl under the age of sixteen to do what they can to make a good display in our department. We find the premium list deficient especially for the boys and we do not want to leave them out. Now go to work with a will and bring in your scroll work or anything useful or ornamental, vegetables, etc., if you have raised any.

Girls do not forget your jellies, canned fruit, etc. We have sent for two hundred floral cards and each child will receive one as soon as he or she makes an entry for this department. These are separate from the premiums and diplomas which you will be awarded as the judges see fit.
Yours in the Work,
JENNIE K. GROFF,
Supt. of Children's Department.

One of the largest land deals that has been recorded in Multnomah county, Or., was consummated Thursday. The Doane donation claim, consisting of 900 acres, and located six miles below Portland, on the west side of the river, was sold to an eastern syndicate, the price paid being $350,000. It is understood that this purchase was made in the interest of the Portland & Astoria railroad.—Hillsboro *Democrat*.

Newberg Fair.

The Newberg Fair Association are making every effort to have an exhibition next September that will not only be a credit to Newberg but to Yamhill county. And when that lively town gets in they generally make Rome howl, and visitors may expect to see something worth seeing. The fair will be held Sep. 20, 21, 22 and 23, and we expect to see a large gathering.—*Leader*.

Dan Smith appears to be unfortunate. This week the state inspector of stock, who had been notified that Smith's horse was diseased, made a visit to his place and after examing the animal, told Smith that his horse had the glanders and would have to be killed. One day this week several of Dan's fine turkeys came up missing.—Dayton *Herald*.

Gen. Lew Wallace, the author of "Ben Hur," will make a lecturing tour of the Pacific coast next winter and his manager is trying to arrange a date for McMinnville. It seems as if this city could stand the amount necessary to hear this talented author.—*Telephone-Register*.

The Rogers Bros. prize for the largest trout caught this season is creating considerable rivalry among the fisherman. Some five or six fish have been brought in measuring from 16 to 18 inches. Last Thursday evening Noah Robinson, of Dayton, returned from Trask river and deposited a fish measuring 20¼ inches and weighing 7 pounds, that he had caught in Trask river. This large one created a sensation and numerous people expressed their opinion on it. The majority of the fishologists claim that it is not a trout, but a blueback salmon. At any rate they will have to rustle to catch a larger fish with a fly.—*Telephone-Register*.

We have received the premium list of the Newberg fair association. The ninth annual fair opens September 20th and continues during four days. Admission fee 25 cents for adults; children from 8 to 12 years of age 15 cents; two horse vehicle 50 cents; one horse vehicle 25 cents. H. Cooper is president of the association, and with the assistance of J. M. Wright, secretary, is working hard to make the fair a grand success, and the present indications are that they will succeed in doing so. The association offers a premium of $10 on best draft team, also for matched carriage team, and best stallion; $10 for best herd of Jerseys, and the same for best grades of other cattle; $5 for best poultry by any one breeder, and many other premiums of value are offered. Every farmer in Yamhill county is interested in making the fair a success, and should exhibit the best of all their products at the fair.—Dayton *Herald*.

NATIONAL REMEDY CO.

David W. Martin, general agent for the National Remedy Co. wishes to announce that he now has two agents in Newberg for the sale of his medicines. Mrs. Mary Hobson, on south Meridian street, near the fair grounds, and Mrs. Cox, on First street, one door west of Presbyterian church, are his only authorized agents, who have and will hereafter keep on hand a full supply of the above-named remedies. septpdtotmi
