Local Events.

Go to W. T. Macy's for furniture. Call at Hill's barber shop and take a bath. Try Wheatlets for breakfast, 25c. sack at Calkins'. Millinery and dressmaking in the bank building. Pipe fittings, threading and cutting from quarter inch up to Frank Storey's. A good five-room house and four lots for sale at a bargain. Call at this office. Have you been to see Mrs. M. E. Baldwin's nice stock of Fall Millinery in the bank building? Say! You had better see J. T. Smith's new stock of goods before you make your fall purchases.

Ying Kee has leased Sam Kee's wash house, and is prepared to do laundry work in first class style. Sea-moss and Oregon coast bouquets made by Delphina Ellis the invalid, for sale at J. T. Smith's store. Mr. Stanbrough's house on Mill street is now enclosed. It shows up in good shape and will be a credit to Newberg. Allen S. Craven, of Middleton, was in town last Monday. He was up after some fine sheep he was getting of Lon Hadley.

War is still on regarding the road between the Laff Hall and Hess places and the matter will probably not be settled before next term of court.

Miss Lula Trueblood, daughter of Ed. Trueblood, who has been with Russell & Co., of Portland, for four or five years, will enter the college next week.

Vantress has been rounding up the odd jobs of wood sawing this week. Fin runs the engine while Harvey Haworth, Lee and Carl Stanley have been handling the wood.

We are informed that Miss Sanders, who went back to Illinois a short time ago, was married on her arrival there, to a brother of Frank Elliott. Frank's father is afflicted with a cancer and will only live a short time, if he is yet alive.

A big kiln has been put up at the pressed brick works this week, the walls of which contain 69,000 brick. The Welch boys and another fellow, (three men,) laid them in the wall in five days. Another kiln of brick is being burned this week.

I. K. Vantress is rejoicing over the rapid healing of his hand that was so badly lacerated by the saw some time ago. He thinks he will have good use of his thumb and two fingers that are left. His friends are very glad to hear that it is no worse with him.

Mrs. Elizabeth Miles arrived home from her visit to Indiana and California last week, after having been gone for nearly a year. She has gone to Salem where she will live for a short time in the family of her son-in-law, Prof. Edwin Morrison.

Mrs. E. A. Trueblood of Milwaukee, and her friend Miss Moore, who is on her way to California from Indiana, was here over Sunday visiting with Mr. and Mrs. C. F. Moore. Miss Moore is a sister of Prof. Moore, of Earlham college, and a cousin of the Moore boys here.

H. W. Renne who owns a part of the James Holston place east of town, raised enough corn this season to fatten his hogs and furnish feed for several other head of stock. He says he finds it is a very profitable feed to raise even in Oregon, and will plant a much larger crop next year.

A gentleman and his wife whose names we failed to get, arrived at Newberg last Tuesday, coming all the way from England. They brought two fine blooded bull dogs with them, presumably to defend themselves from the ravenous beasts of our forests. They are stopping with J. D. Tarrant, the gentleman being a nephew of Mr. Tarrant.

The college boys are learning to play foot ball according to the association rules. There may be "science" connected with the game under the new rules, but if the boys have any shirts or suspenders left at the end of the week, it will be a wonder. The old way may not be brutal enough but it is certainly fully as interesting and sufficiently invigorating.

There will be an entertainment at Armory hall on Wednesday evening of next week at 7:30 p. m., by the Young Peoples Union Society of Christian Endeavor, consisting of vocal and instrumental music, recitations, dialogues and tableaux. The admission will be ten cents. The young people ought to have a full house.

Mr. Charles Preston has the model of a novel invention on exhibition at the Arlington. It is a machine for winding up barbed wire in moving fences, making it an easy matter to spool barbed wire and keep it in proper shape, a thing which is almost impossible to do without machinery. It wouldn't cut much of a figure in moving a rail fence, but in a country where wire is used for fencing, it would surely prove a blessing.

Dr. Elias Jessup arrived home last Saturday after having been gone since the middle of August. He looks hale and hearty as ever, but is glad to be with his family again. While away he attended the annual gatherings of Iowa, Western and Indiana yearly meetings of Friends church, as well as a conference of all the American yearly meetings of the church, which was held at Indianapolis a couple of weeks ago. The doctor is able to get about as much out of such gatherings as the average mortal and will no doubt be able to tell his friends all about his recent trip.

Go to W. T. Macy's for carpet. Save money by buying Flour and Feed of Calkins'. For a first class shave or hair-cut go to J. L. Myers. New winter suits arriving daily at Kay & Todd's. Mrs. Votaw has returned from her visit to Willows county.

A new line of Coats and Mackintoshes at Kay & Todd's. Storey handles the largest assortment of Pumps in the city. The best cook stove for the price is found at J. H. Townsend's.

WANTED:—A few Oregon maple trees, suitable for street planting, at this office. WANTED:—Some dry oak wood in exchange for Milliner goods. Mrs. M. E. Baldwin, in the bank building.

All kinds of dressed lumber of No. 1, No. 2 and No. 3 grades, direct from Portland at the Depot Lumber Yard. 40 acres good fruit land, 10 acres in cultivation. 2 miles east of Newberg. Price \$2,500 on easy terms. P. GARD.

We will compare prices, quality of goods considered, with any house in the valley. Come and be convinced. KAY & TODD.

During the month of October there were shipped from Newberg, 19 cars of wood, 30 cars of wheat and 1 of tile. The sale of tickets for the month amounted to \$548.02. For the same month of last year \$483.51, being a gain of \$64.51.

We are pleased to announce that we have received an elegant line of Jackets in this year's style. These jackets are made up with care and skill and will please the most artistic taste. MORRIS, MILES & CO.

Don't forget to attend the entertainment at Armory hall on next Wednesday evening to be given by the members of the Young Peoples' Union Society of Christian Endeavor. These young people are engaged in a noble work and they deserve a full house.

The ladies of Newberg and country are cordially invited to examine our stock of Jackets just received direct from Chicago, and we assure them that the styles are the latest and of good quality. MORRIS, MILES & CO.

Although everybody thought the grain crop would be far short of the usual yield this year, George Christenson informs us that he has received at the warehouse 40,000 bushels of wheat, 8,000 of oats and 2,000 of barley, making 50,000 bushels in all. Not a bad showing for an off year.

Ladies of the W. C. T. U. will please note the change in the time of meeting to Wednesday's at 2 o'clock p. m. The next meeting will be held in the Y. M. C. A. rooms Wednesday, Nov. 9th, at 2 o'clock p. m. Reports from the delegates to the national convention will be made. Let all the members turn out.

Prof. Charles E. Tibbets of Pasadena, California, who has been attending several of the yearly gatherings of Friends church, stopped off here on his way home and visited with his cousin B. C. Miles last Saturday and Sunday. He preached a most excellent sermon on Sunday night to a large audience at Friends church.

A short article will be found in this issue of the OREGONIAN that ought to be carefully perused by every man in the community who has an orchard. If there is not enough interest in fruit growing among those of the community, who are setting orchards and encouraging others to do the same, to keep up a successful horticultural society, we had better say nothing more about the fruit industry in Chehalis valley.

On Saturday evening of last week a very pleasant birthday social was given at the Newberg House, in honor of the 15th anniversary of the birth of Miss Victoria draught of A. M. Hadley, proprietor of the Newberg House. Nice cake, popcorn and interesting games were enjoyed by all present. A number of very handsome presents were found on the center table by Miss Hadley, much to her surprise, after the guests had departed.

Thanks are due Mrs. S. E. Hoskins for a beautiful bouquet of flowers from her garden. It consists of nine varieties of dahlias and a number of fuchsias, and would grace a much more pretentious room than a dingy printer's den. Mrs. Hoskins is quite extensively engaged in floriculture, and from the way her flowers begin to encroach on Ab's potato ground we predict that he will soon have to find a "truck patch" elsewhere.

Mrs. Vanosch had a runaway last week in which her oldest daughter was injured. They had hitched a team to a spring wagon to start for Portland and as one of the horses refused to start, Mrs. Vanosch got out and went to the horse's head. When the team made a start they went off with a rush down the hill and ran for about a quarter of a mile, almost completely demolishing the wagon. Miss Vanosch was thrown out and bruised up considerably. Dr. Burgen was called to attend her.

It is not unusual for colds contracted in the fall to hang on all winter. In such cases catarrh or chronic bronchitis are almost sure to result. A fifty cent bottle of Chamberlain's Cough Remedy will cure any cold. Can you afford to risk so much for so small amount? This remedy is intended especially for bad colds and croup and can always be depended upon. For sale by C. F. Moore & Co.

Wilson Whitmore.

Go to Storey for Pumps. Buy your Hay of Calkins'. Pictures! Pictures! at Macy's. Kum and see 'em. Sheridan flour, best in the market at Calkins' feed store. For all tinning, plumbing and repairing go to F. H. Storey. A. C. Cox wants your butter and eggs in exchange for groceries.

J. T. Smith has just stocked up for the fall and winter trade. Better see him. J. B. Mount furnishes the trade with stoves and hardware. Satisfaction guaranteed. \$800 Piano for sale at a bargain and must be sold. Call and see it. Dr. S. N. Burgen.

Found two keys. Owner can have same by calling and paying for this notice. Boys and young men are cordially invited to the Y. M. C. A. rooms, which will be lighted and warmed every evening after this week.

Martin Cook, Mrs. E. C. Miles and Mrs. J. J. Jessup drove overland to Salem last Tuesday, in a big wagon, taking a load of household goods for Mrs. E. B. Miles. Dr. P. A. Skinner, of Texarkana, Ark., is an enthusiast in the praise of Chamberlain's Pain Balm. He used it for rheumatism, and says: "I found it to be a most excellent local remedy." For sale by C. F. Moore & Co.

Mrs. L. Daniel, who has kept the mountain house on the Tillamook road for the past two or three years, is contemplating renting a house in Newberg and moving here in order to give her children the advantages of the schools.

Probably the Cheapest line of Ladies' Suitings, Broadcloths, etc., can be found with the undersigned. Also the most complete assortment of Dress Goods, from the cheapest Alpaca to broadcloth. Examination kindly asked. M. M. & Co. At the regular business meeting of the Y. M. C. A. last Tuesday evening it was decided to furnish a new supply of reading material for the reading rooms, also a number of games for pastime in the room adjoining, and keep the rooms lighted and warmed every evening except Sunday evening hereafter. All are invited to drop in and pass a pleasant hour.

Moon, S. Mann, Mrs. Rose Miller, N. L. Neenly, Ota Robertson, Mand Smith, Geo. Schmitt, C. F. Smith, Clara Speaks, J. H. Stewart, W. H. Talt, A. T. Hill, P. M.

A reported outbreak of cholera at Helmetta, N. J., created much excitement in that vicinity. Investigation showed that the disease was not cholera but a violent dysentery which is almost as severe and dangerous as cholera. Mr. Walter Williams, a prominent merchant of Willamette, two miles from Helmetta, says Chamberlain's Colic, Cholera and Diarrhoea Remedy has given great satisfaction in the most severe cases of dysentery. It is certainly one of the best things ever made. For sale by C. F. Moore & Co.

To Chehalis Valley Fruit Raisers. If the Chehalis valley horticultural society has been a benefit to the fruit growers in the past, why may it not be now? Have all means and measures for the cultivation of all kinds of fruits and the extermination of all kinds of pests been sufficiently discussed and effectively tried? If not, why this lack of interest? We do not believe there is a man in the vicinity of Newberg, if he has any fruit, from a square rod of strawberries to a bearing orchard, but might be benefited by attending the meetings of the association. Then why not do it? If it pays to do anything it pays to do it in the best possible manner. Now that winter is here it is the time to begin discussing plans for planting, draining, pruning and other winter and spring work, and every man has some theory to advance relative to these matters, many of which are worthy to be discussed and tried. Why not give your neighbors the benefits of your experience and in turn seek to be benefited by the experience of others? One thing is certain, the organization cannot long exist unless you take more interest in it. Don't neglect the November meeting.

New Pastor for Friends Church. Rev. Thomas C. Brown, the new pastor of Friends church in Newberg, with his estimable wife, arrived here on last Saturday. During the afternoon and evening the members of the church who could get away from business, called at the residence of Jesse Edwards to get acquainted with the new workers and welcome them in our midst. Both the pastor and Mrs. Brown have a happy faculty of making those who are strangers to them feel at ease on first meeting, and their conversational powers are excellent. On Sunday morning at the usual hour Rev. Brown preached an excellent sermon to a very large and attentive audience. No mistake has been made in the selection of a pastor, as we believe his work during the coming year will prove. A member of the church at Kokomo, Ind., writing to the Christian Worker says: Brother Brown for three years past has proven himself to be an able minister of the Gospel, a worthy pastor of the flock, a first-class Sabbath school teacher, and a noble leader in the Christian Endeavor work, in fact a strong man in any capacity in which the Lord called him to labor, and his kind, modest, faithful, loving and devoted wife: both will be sadly missed by all of our congregation. At the morning services above alluded to the house was full with a deeply interested audience. The text was the last verse of the last chapter of 2nd Corinthians, where Paul wrote "The grace of the Lord Jesus Christ, and the love of God, and the communion of the Holy Ghost be with you all. Amen." He spoke in beautiful words of a saving grace, a preserving grace, an abounding grace, a reigning grace, and better than all a crowning grace. His eloquent description of the love of God, and the communion of the Holy Ghost, as cornerstones in the life of every devoted Christian, made a deep impression on
