Mr. W. M. Terry, who has been in the drug business at Elkton, Ky., for the past twelve years, says: "Chamberlain's Cough Remedy gives better satisfaction than any other cough medicine I have ever sold." McMinnville is losing her prestige as the business center of Yamhill county and Newberg is the gainer. When men like Judge Galloway are driven to the necessity of coming all the way to Newberg for a roll of butter, asserting that this table luxury is not to be obtained in the county seat, it is conclusive evidence that the "balance of trade" is in our favor.

Samuel Holson, the photographer, took a splinter from one of his little fingers last Monday that had been there for the past twelve years. While doing janitor work in the church across the canyon directly after it was built, he got a splinter in his finger and failed to get it all out. It has bothered him occasionally ever since, but not seriously. The piece taken out last Monday was about the size of a cambric needle and a quarter of an inch in length.

Are your children subject to croup? If so, you should never be without a bottle of Chamberlain's Cough Remedy. It is a certain cure for croup, and has never been known to fail. If given freely as soon as the croupy cough appears it will prevent the attack. It is the sole reliance with thousands of mothers who have croupy children, and never disappoints them. There is no danger in giving this Remedy in large and frequent doses, as it contains nothing injurious. 50 cent bottles for sale by C. F. Moore & Co., druggists.

A good many nice maple trees are to be found growing in different parts of town, which it does us good to look at. A lot of thirty trees, planted by Lewis Hoskins last year, are all growing but one. The Oregon maple grows very fast, is very stately, makes a quick shade and is the most popular street tree we have. Let every person who owns a lot in town consider how much its value would be enhanced by a row of stately trees, and how much the beauty and value of our town would be increased if all our streets were lined on both sides with trees. Now is the time to plant.

We understand that a time card for the Salt River Packet Line has been arranged by Joseph McNeil, candidate for the post office. We know of no one better qualified by long experience and a thorough knowledge of the quick sands, and bars (we mean gravel bars) on the upper river, than Joe, for he has been making regular trips on this line for a long term of years. As further evidence of his ability we only need state that his chosen pilots are such as the writer, of sufficient length to cast a line to the shore or wade the turbid waters if necessary, in case of accident.

The musicale given on Wednesday night by Miss Howard and her class was well attended and everybody seemed to enjoy the entertainment. The performers were nearly all beginners, both in vocal and instrumental music, and of course there was not so much expected of them as would be of those further advanced. The entertainment, however, was a very creditable one, and we are sure others that will follow will be well attended. The proceeds go toward paying for a new piano for the college.

Silver Wedding.
With the help of a few of their friends, Mr. and Mrs. J. T. Smith celebrated their silver wedding last Friday night. They did not arrange the program, however, and it was quite evident to everyone that they were not expecting company at that time. Their daughter Lillian arranged the program and carried it out very nicely. The Smith family was among the first of the new comers in Cheltenham valley fourteen years ago, and those who came at that time and two years later, were the invited guests. There were A. M. Hoskins, Jesse Edwards, J. L. Hoskins, Dr. E. Jessup, A. T. Blair, C. E. Hoskins, Walter Robertson, Kinley Blair, David Martin, J. H. Townsend, S. Hobson and E. H. Woodward with the lady of each of the above named householders. The dining table was loaded with such good things as trained cooks know how to prepare, and trained appetites were equal to the occasion. A very nice silver tea set was presented to the bride and groom by Jesse Edwards in a neat speech on behalf of those present. At nine o'clock the company dispersed earnestly hoping that Mr. and Mrs. Smith might live another quarter of a century to celebrate their golden wedding.

As many of our readers know, Mrs. J. H. Daily has been losing the use of her reasoning faculties for several weeks. She has been attended by Dr. McConnell who has done all that could be done for her but without avail. On Wednesday Judge Galloway came down from McMinnville and after an examination of the patient in consultation with Drs. McConnell and Littlefield, she was committed to the insane asylum at Salem. Mr. Daily came here with his wife and son about two years ago from Kansas. He is a hard working man and has the sympathy of the community in his affliction.
