NEWBERG, YAMHILL CO., OREGON, FRIDAY, DECEMBER 9, 1892. VOL. 5.

A Good Word for the Mole.

Considering the good services he renders the farmer, it is rather hard that the "mowdlewarps," as moles are called in

of earth—should be looked upon as focs and hunted out so mercilessiy. True it is that he spoils the appearance of some of our fine lawns, but then the number of worms and insects that he can dispose of is simply incredible. Out in the fields, in wet pasture lands, having insufficient drainage, he is most useful; that, in fact,

Much of the Time of the

Pos:master-General for the Year Ending June 30.

ally assumed the duties of Assistant Secretary of the Treasury. The President de egates to him the power to sign treasury warrants and act as Secretary of the Treasury in certain contingencies, Superintendent of Census Porter in his annual report strongly urges that

ments up to June 39, 1892, amounted to \$8,203,693, and of the thirteen volumes in which results have been embodied there are now in the hands of the printer eight quarto volumes, but the infinite detail of the office work makes it impossible to foretell the date of the comple-tion of the whole work.

The annual report of Fourth Assistant Postmaster-General Rathbone shows 4,105 new postoffices were established during the year, a greater number than any previous year except 189, when it was 4 427. The year closed with 67,119 postoffices in the United States. The largest increase in number of new post-offices is in the Southern States. Rathbone suggests an amendment to the law, An attack was made on three horse- making the mailing of green goods cirthieves near Santa Fe, N. M. One was culars a continuing offense from the time killed and one wounded, and the other of mailing to the place of destination, proved to be a woman dressed in male attire and armed.

The Tuscarora, Nev., Times-Review or to a vistance in tray was and he had out of existence in two years, and he believes the same effect would follow in the cases of green goods swindles.

The Navy Department will soon send a special communication to Congress in The total production of raisins in California this year is 1,800 carloads. The
crop will be found, when all is shipped,
says the Secretary of the State Raisin to be mad all over at the Pacific Mail year's shipment.

The Bradstreet commercial agency reports thirteen failures in the Pacific Coast States and Perritories for the past week, as compared with eleven for the previous reads. its effo to supply men for the vessels on the Pacific Coast. Recently the department desired to send 100 men to San Francisco for the new coast de ense vessel Monterey. The company informed the department that they could not take the men for several weeks yet. not take the men for several weeks yet. The department has determined to ask Congress for authority to transport its men across the continent by rail.

The Coos Bay, Or., News speaked the following as "a peculiar coincidence": States and as far south as North Captain Marshall's little daughter Jenlina. There was more than the usual amount of rain in the Middle Atlantic amount of rain in the Middle Atlantic San hern New Engand, the Southern Pacific to remove its shops rairoid and arricu tura interests.
