John Brown rode up to Salem last Friday with Mr. Ong, returning on Saturday. J. B. Mount furnishes the trade with stoves and hardware. Satisfaction guaranteed. A fine baby boy put in an appearance at the home of Grover Hagee and wife last Monday evening. All kinds of dressed lumber of No. 1, No. 2 and No. 3 grades, direct from Portland at the Depot Lumber Yard. Hon. J. W. Maxwell, of Tillamook, was in town the first of the week, being on his way to Salem to attend the coming session of the legislature. MARRIED.—In Newberg on Saturday, Dec. 31, 1892, Thomas Parrish and Miss Lydia Smith, daughter of John Smith. Thomas Burnett J. P. officiating. Have you examined those shoes at the closing out sale? If not it will pay you to investigate. The goods are first class and are sold positively at cost. Prof. Getz of the State Normal School, Manmouth will give the second lecture of the college course on Friday evening Jan. 13. Subject, "The boy, the girl." It was reported last week that a couple of Charles Spaulding's men were drowned while on their way to Oregon City with a raft of logs, but the report proved to be false. By way of a word of encouragement to our army of forlorn bachelors, we will state that a gentleman was here this week looking for a location who has a family of eight daughters. We were in error last week in saying that the Christenson-Conloe wedding ceremony was performed at McMinnville. Thomas Burnett J. P. was the man who tied the knot. No need of young people running off to the county seat any more to get married. Nels P. Jonson is arranging to put in a plant and give the people of Sherwood a newspaper. Nels is a pretty fine sort of a fellow, and will no doubt give Sherwood a good paper. We wish him success in his new field. Nate Elliott writes from Salem that he and Tad Hoover are rooming together. He is well pleased with his job in the state printers office, and expects to pull out a pocketful of shekles by the time the work of this session is finished. At the annual meeting of the stockholders of the Bank of Newberg held on last Monday, the old board of directors was re-elected. The report of the past year's business showed the bank to be in a prosperous condition. B. C. Miles was chosen cashier. A nice New Year's present from wife to husband is always quite appropriate. Charles Moore will agree with us in this statement this time sure, as Mrs. Moore presented him with a bouncing baby boy, (weight eight pounds avoirdupois), before the hour hand pointed to twelve on New Year's night. Miles Reece went to Salem the first of the week to look after a big job of surveying for a syndicate that has been formed for opening up a tract of land in the eastern part of Marion county. Shepard Ong was up last week and arranged to move up and keep a boarding house for the company. Marshal Woods final report to the council last Monday evening, showed that during the past year there had been three arrests for the violation of town ordinances. Eight shows have paid license, and fourteen other licenses for various purposes have been granted. There have been taken to the pound thirteen horses, twenty-five head of cattle and thirty-one hogs. The success of Chamberlain's Cough Remedy is effecting a speedy cure of colds, croup and whooping cough has brought it into great demand. Messrs. Pontias & Son, of Cameron, Ohio, say that it has gained a reputation second to none in that vicinity. Jas. M. Queen, of Johnston, W. Va., says it is the best ever used. B. F. Jones, druggist, Winona, Miss., says: "Chamberlain's Cough Remedy is perfectly reliable. I have always warranted it and it never failed to give the most perfect satisfaction." 50 cent bottles for sale by C. F. Moore & Co. There are a few places on lower River street where the gravel has begun to cut through. This should not be allowed, as, if not attended to soon, it will get into bad shape. The old adage "A stitch in time saves nine," was never truer than when applied to roads, and it is applicable in this case. If the property owners along River street, who are in reality more interested than any body else, would arrange to have some man put in half day once a week, shoveling the gravel into the ruts, there would be no need of a ruined road. Perhaps less time than half a day each week would do the work, but it ought to be done, and done at once. That road cost too much to be spoiled by a little neglect.

Fresh corn meal at Calkins'. Red seal shoe dressing beat on the market. Boots and shoes at cost at the closing out sale. J. H. Townsend has moved his stock to his new quarters. Mrs. Elizabeth Miles was down from Salem this week visiting. Pictures! Pictures! at Macy's. Kom and see 'em. W. P. Heacock will sell good shingles for \$1.75 per thousand. Herbert Townsend came down from Albany Monday night. The cheapest place in town to buy shoes is at the closing out sale. Miss Elma Brown will be a new student at the college this year. Don't forget the closing out sale if you need anything in the shoe line. Are you going to the World's Fair? If so call and see me. J. H. Townsend. The college faculty will give a reception to the students at the college building tonight. Men's shoes, boys' shoes, ladies' shoes, children's shoes, and baby shoes at the closing out sale. Will Macy and lady returned last Saturday from their visit to Mrs. Macy's old home near Bellevue. "The boy, the girl," by Prof. Getz, of the State Normal School, at the college, Friday evening, Jan. 13. Dave Lamb has rented his place to a German recently arrived, and will probably take a trip to California soon. For one week we will make a present of a bottle of shoe dressing to every lady purchasing a pair of fine shoes at the closing out sale. Nicholson & Mills have been engaged this week moving Spencer Hawthorth's store building out on a line with the other buildings on First street. The Masons had a public supper and installation of officers at Old Fellows hall last Saturday evening. The rooms were well filled and a splendid time was reported. A great many persons are taking advantage of the opportunity to buy shoes at cost, but still there are shoes left at the closing out sale. Now is the time to buy. Old Mr. Barton was quite seriously hurt one day last week while working with his stump puller. The spring of the lever to which the horse was attached, in some way threw the horse and he fell on Mr. Barton bruising him up badly. George Hardwick has purchased Jones Bros. building on the corner of First and Main streets, and will at once proceed to fit up the upper rooms for photographic work. He has also purchased a new outfit of scenery, and what he tells us is the largest photographic instrument in Oregon. It is a big one and no mistake. From the present date until Feb. 1st, any of our subscribers who may desire to send the Graphic away to their friends for the next year may do so for the small outlay of seventy-five cents. This is much cheaper than writing letters and the Graphic will visit your friends each and every week during the year. Don't fail to avail yourself of this opportunity. Owen Rusie, well known to a number of Hoosiers around town as a former resident of Mooresville, Ind., is here, and is stopping with Marion George. Mr. Rusie spent five years in the regular army, being located at Vancouver the greater part of the time. If the band boys want to hear a touter from away back they had better let Mr. Rusie try the bass horn one. "In buying a cough medicine for children," says H. A. Walker, a prominent druggist of Ogden, Utah, "never be afraid to buy Chamberlain's Cough Remedy. There is no danger from it and relief is always sure to follow. I particularly recommend Chamberlain's because I have found it to be safe and reliable. It is intended especially for colds, croup and whooping cough." 50 cent bottles for sale by C. F. Moore & Co. Previous to Dr. Jessups departure for England on Monday last, he preached one of his practical sermons on Sunday night at Friends church. A very large audience was out to hear him and the best of attention was given to what he said. Toward the close of the services President Newlin made a short but telling address, partly to the audience, but mostly directed to the Doctor, with reference to the work before him for the next few months. Every one present was made to feel the importance of the work to be engaged in and words of sympathy were spoken in behalf of the family the Doctor leaves behind him. The last session of the council of 1892, was held last Monday night, at which time considerable unfinished business was settled up. This council retires with the firm conviction that it has accomplished all for the town of Newberg that could be done under the circumstances, and with a feeling that its actions have the hearty endorsement of a majority of the people of the town. To be sure there are some who have sought to evade honest taxation and others who have paid no attention to the importunities of the tax collector, but they will probably have occasion to contribute to the public fund later on, according to the law in such cases made and provided. Stockholders Meeting. The annual meeting of the Newberg Fair Association will be held in the Y. M. C. A. rooms next Monday at 2 p. m. The election of officers and other important business will be transacted and a full attendance is desired. Land For Sale. 40 to 700 acres of land 5 or 6 miles northwest of Newberg, for sale at very reasonable figures, on 5 to 10 years time. Inquire at this office. sep20Imp

Brit has been spending the holidays at home with his family. Great reduction in Millinery goods at the Unique. Go to C. F. Moore & Co., for Dr. Wm. Ellis' Liniment. J. Smith has moved to the Mrs. Ruckman property on Fourth street. Meat delivered to any part of the city by Erans & Clemenson. Dr. J. B. Moore was up from Portland a few days the first of the week. Try the Rural Northwest in connection with the Graphic for the next year. John Brown will occupy the A. W. Rees property near the tile factory. Miss Emma Hanson, of Silverton, is among the new students at the college. Miss Lola Truesdell from Milwaukie, is a new student this term at the college. Two boarders wanted in private family at \$3 per week. Inquire at Graphic office. Miss Mary Cook left last week for Salem, having secured a school near that city. Second lecture of the college course will be given Jan. 13, by Prof. Getz of the State Normal School. Mrs. Baldwin moved her stock of millinery to the rooms formerly occupied by Dr. Bergen, last Tuesday. Miss Lettie Dixon who is working in Dr. Plummer's family in Portland was at home visiting over Sunday. The Last Ditch. No, I am not in the last ditch. I want several more to dig. We pay commission or salary. Write us at once for terms, and secure choice territory. MAY BROZANS, 110 Nurserymen, Rochester, N. Y. The Election. The city election held on last Monday passed off very quietly and owing to the lack of any excitement the total vote was only 213 which notwithstanding the increase in population was ten short of the vote a year ago. At the caucuses held at the G. A. R. hall on Friday night, Newt Bolton was nominated for recorder in place of J. C. Colcord who declined the nomination. Mr. Bolton also declined on Saturday, and finally F. H. Howard at the earnest solicitation of his friends consented to run. A caucus was held at Jones' hall on Thursday night at which G. T. Burnett was nominated for recorder and Lee Smith for marshal. These two offices were the only ones for which there was any opposition. Dr. McConnell for mayor received 210 votes; Howard 144; Burnett 62; Frank Mills 133; Lee Smith 70. The council will stand as follows: 1st ward, Paul Macy, Jos. Wilson; 2nd ward, Jesse Edwards, S. M. Calkins; 3rd ward, H. F. Lashier, M. J. Jones. Moses Votaw treasurer, Miles Reece surveyor, Enos Ellis street commissioner. When my boy was one year old, a lump appeared on his neck, and continued to grow until he was eight years old, when my family physician advised me to have it cut off, but it being driven over a large vein I feared the result. A friend told me that Dr. Ellis would remove it without the knife. He prescribed the above liniment and one bottle full removed the lump and my son is now a man and no sign of the return of the lump. GEO. CREAMER, Home, Green Co., Tenn. A very good audience was out to hear Mrs. Cox at Friends church last Monday evening, and her address is pronounced by those present to have been a most excellent one. Mrs. Cox is nothing if not original, and her peculiar and forcible manner of presenting facts relative to the results of the drink traffic, are most convincing. She gave a short account of the late national W. C. T. U. convention, which was very interesting. Her extensive work throughout the west, where she has visited nearly all the penitentiaries and asylums collecting facts to be used in her work, enables her to entertain an audience with new illustrations and more modern data than many speakers use. She is sure to have a good house whenever she may wish to speak again.

A Whole Train Load of Garden Seeds + Posson's Seed Store THE TRAIN AS IT APPEARED ON THE TRACK. Nearly everyone who saw it was greatly astonished to see a whole train load of garden seeds cross the steel bridge and pull into the Union Pacific yards yesterday afternoon. Nearly everyone knew that Posson & Son were Pacific Coast agents for D. M. Ferry & Co. (the largest seed house in the world) and that they had moved into a large warehouse, corner Second and Taylor streets, but scarcely anyone realized that this firm had built up such a business in the three years since they have been in business here. To appreciate to some extent what a quantity of Garden Seeds this is, it may be stated that there is enough in this shipment to plant over three hundred and eighty thousand acres, and is valued at over three-fourths of a million dollars. The freight alone on this shipment amounting to nearly three thousand dollars. As this is more than three times as much Garden Seed as has ever been shipped to this coast by any firm, it will at once be seen that they are headquarters on this coast for seeds. In addition to their seed business Posson & Son operate a large Fertilizer Factory at Troutdale, probably the largest factory of this kind west of Canada, where they manufacture all grades of fertilizers. This product is exported largely to the Hawaiian Islands for the Sugar Plantations, as well as all over the coast for the Hop Fields, Orchards and Gardens. There was also two cars of Bee Keepers' Supplies in this train load, from A. I. Root of Medina, Ohio, for whom Posson & Son are Northwestern agents. To know that such a quantity of Bee Keepers' Supplies is used here was also a surprise to most everyone. A liberal use of printer's ink, hard rustling, honest dealing and eastern prices are to blame for all this trade which this popular firm has worked up in the short space of three years that they have been in business.—Morning Oregonian.

A PAPER WORTH HAVING. The old saying that "nothing succeeds like success" is well illustrated by the career of the Rural Northwest, which was founded in Portland, Oregon, a little over a year ago, and has already established itself as the leading agricultural paper of the Pacific Northwest. It is hardly necessary to say that the success of this paper is simply the result of merit. It is no cheap concern made up of stereotype plates and stale clippings, but is bright, crisp and clear, filled with original matter which hits the conditions that exist in the Pacific Northwest. Among fruit growers it is an especial favorite, as it makes horticulture a leading feature, and gives the best and fullest reports published of the meetings of the state horticultural societies of Oregon and Washington, and includes among its regular contributors in this department such as Prof. Lake, of the Washington Agricultural College, Prof. Washburn, of the Oregon Agricultural College, A. T. Hawley and others of eminent ability. The dairy department is maintained with no less vigor, as indicated by the fact that its editor, H. M. Williamson, holds the position of secretary of the Oregon State Dairy Association. Live stock and poultry are not neglected, and progressive agriculture is the spirit which animates the general management of the paper. Among special features are its departments devoted to the "Home Circle" and "Among the Farmers." The latter department is very popular and a special feature with this paper. One of the peculiar merits of the Rural Northwest is that everything is treated from a practical standpoint of the producer. This handsome, 16-page paper, published twice a month, is a paper well worth its subscription price of one dollar per year, and one that every farmer, fruit grower and dairyman should have and keep. It gives us pleasure to announce that we have made arrangements by which we are able to offer it as a premium to all new subscribers paying us \$1.75 in advance, as well as to all old subscribers who will pay up all arrearages and \$1.75 in advance. We could secure some of the eastern farm papers at much less cost to ourselves, but realize the fact that for this section the cheap class of eastern agricultural papers are scarcely worth having, and not to be compared in value with the Rural Northwest. For Sale. A first class Essex male pig. I. K. VANTRESS. NATIONAL REMEDY CO. David W. Martin, general agent for the National Remedy Co. wishes to announce that he now has two agents in Newberg for the sale of his medicines. Mrs. Mary Heason, on South Meridian street, near the fair grounds, and Mrs. Cox, on First street, one door west of Presbyterian church, are his only authorized agents, who have and will hereafter keep on hand a full supply of the above named remedies. Final Settlement. Notice is hereby given that the undersigned, executor of the last will and testament of Geo. Christenson, deceased, has filed in the County Court of Yamhill County, State of Oregon, her final account of her Administration of said estate, and that, by virtue of order of said Court, duly made, said account and objections thereto will be heard by said Court at the usual place of holding said court in the court house at McMinnville, in said county, on the 2nd day of January, A. D. 1893, at which time and place any person interested in said estate may appear and file objections thereto. Dated Nov. 25, 1892. ANNA CHRISTENSON, Executrix. Lawyers for said Estate.
