A strictly first class grade of well seasoned lumber of all kinds can always be found at the Depot Lumber Yard. Also cheaper grades for those desiring it. I also handle the Yellow or Douglas fir rough lumber from Portland. This is so far superior to our common red fir in quality, durability, and strength, being so much more free from knots that the extra in price is more than counterbalanced. Persons intending building this season should call and see me as I will furnish material anywhere in the valley. W. P. HEACOCK.

Kimball pianos are the best.

The lecture, "A Successful Life," at the college on last Friday night by Rev. A. Rogers, of Forest Grove, was one of the best yet delivered here this season.

The speaker said his business was preaching the gospel, rather than lecturing, and it was a little hard to draw the line between the two, but the audience found no fault with such sentences in his address as would not be out of place in a first class sermon, and there were plenty of them. Mr. Rogers always seems to enjoy a visit to our town and our people are glad to welcome him here. He had a very fair audience on this occasion.

The entertainment given last Monday evening was one of the best ever given by the public school of this place. The program, which was varied, consisted of songs, recitations, school dialogues and other exercises. The songs were appropriate and well rendered, and it may be well to mention right here that some of our older singers will soon have to look to their laurels, as there are some really fine voices among those who performed Monday evening. The recitations, both by the little folks and those more advanced, were excellent, though that peculiarity of the human voice, which makes the words of the little six-year-old much more distinctly heard than those of one who is nearly grown, was noticeable in one or two instances. Probably two of the most interesting exercises of the evening were the pole drill by a number of little boys, and which they executed very creditably, and the excellent broom drill by sixteen young ladies, led by Miss Stella Lyon. Taken altogether the entertainment was a good one, and reflects credit on one of the best schools in Oregon. There were about five hundred in the audience, and the net proceeds amount to something over twenty-two dollars.
