Kimball Pianos and Organs on easy terms.

A large force of hands have been busy lately grafting at the Newberg nursery. To look at the acres of trees they are expecting to have ready for the market next season, it would seem that all Yamhill county might be turned into an orchard soon by stocking from this nursery.

See those nobby suits Kay & Todd are selling so cheap.

Mr. A. Heath and wife, of Wisconsin, accompanied by their son-in-law, Mr. Sherman Davis and family, arrived here last Friday. They are friends of Mr. Chas. Renne, and have rented Anderson Holmgren's place east of town. Mr. Heath informed us that they left three feet of snow on the level when they started, which leads us to think that by the time he spends one year in Oregon he will not be tempted to go back to that frozen region to live.

If any of our readers contemplate sending away for plants or seeds this spring we would advise them to try F. L. Posson & Co., of Portland. We have found them to be honorable and reliable in their dealings, and speak from personal knowledge when we say that plants purchased from them will be found to be equal to those sent out by any seed house in the west, and so well packed as to stand transfer, by mail or otherwise, in good shape. It always pays to do business with a reliable house, and we take pleasure in recommending this firm to our readers.

Kimball Organs. L. V. Moore, Portland.

K. K. K. at C. F. Moore & Co. Kimball pianos are reliable and durable. Dr. Clark and A. T. Hill visited the city Wednesday.

L. V. Moore, Pianos and Organs, Portland.

It comes high but we must have it before it is any good to us.

Gilmore endorses the Kimball piano.

Notice Kay & Todd's new ad. in this issue. They have received one of the largest stocks of clothing, boots and shoes and gents furnishing goods ever brought to Newberg. We like the new styles and shades in mens summer clothing much better than those of last year, as they are not so loud and flashy. Prices, if any difference, are even lower than ever.

Cholera in Pennsylvania.

Swickley, Penn.: We had an epidemic of cholera, as our physicians called it, in this place lately and I made a great hit with Chamberlain's Colic, Cholera and Diarrhoea Remedy. I sold four dozen bottles of it in one week and have since sold nearly a gross. This Remedy did the work and was a big advertisement for me. Several persons who had been troubled with diarrhoea for two or three weeks were cured by a few doses of this medicine. P. P. KNAPP, Ph. G. 25 and 50 cent bottles for sale by C. F. Moore & Co.

The Y. P. S. C. E. of Friends church will give a soap bubble social Saturday evening, March 18th, at Friends church. All members are expected to be present and a cordial invitation is given to those who do not belong. Everybody come and enjoy the evening in pleasure together.

Water pipe, lead pipe, fittings, etc., at Storey's.

Nate Snodgrass and his son Otis arrived here last Wednesday from Columbus, Kan. They brought a car load of stock and household goods through and shipped around to St. Joe on the West Side and are hauling the stuff down by wagon. Mrs. Snodgrass will come on soon when they will occupy their property near town.

Large stock of ready made clothing, overalls, jumpers, hats, etc. All very cheap. BARRIE'S.

Col. Stevenson, the temperance lecturer who has been doing effective work at other points in the county, has been lecturing in Friends church here since Tuesday night. The colonel is a very entertaining speaker and his talks are enjoyed by those who hear him, but our people have had so much to go to and look after lately that they are hardly able to do him justice in the way of attending.

Wm. Morris received severe injuries last Friday that came unpleasantly near being fatal. While T. B. Cummings and Allen Smith were hoisting ceiling lumber into the tower at Friends church with a rope, a bundle of the plank slipped from the rope when several feet up and fell endways, striking William, who happened in the building, on the head. A very severe scalp wound was the result, and in the fall down the steps one or two ribs were broken. He is getting along as well as could be expected for one of his age.

A strictly first class grade of well seasoned lumber of all kinds can always be found at the Depot Lumber Yard. Also cheaper grades for those desiring it. I also handle the Yellow or Douglas fir rough lumber from Portland. This is so far superior to our common red fir in quality, durability, and strength, being so much more free from knots that the extra in price is more than counterbalanced. Persons intending building this season should call and see me as I will furnish material anywhere in the valley. W. P. HEACOCK.

Kimball pianos. Moore, Portland, Or. J. R. Kelso, who has been digging potatoes on Lewis Hoskins place this week, brought three specimens of the early rose variety to this office Monday, that are simply immense. The largest of the three weighs three and one-half pounds and measures eleven and one-half inches long, while the combined weight of the three is eight and three-fourths pounds. Considering the usually small or medium size of early rose potatoes, these, we think would be hard to beat. Mr. Kelso has decided to engage in the culture of potatoes and other vegetables on Jesse Hoskins' place near town this summer.

Kimball Organs are reliable, L. V. Moore.

For Sale.

40 acres of choice fruit land, 15 acres cleared. 1,000 fruit trees and small fruit. Good house and barn, 2 miles from Newberg. For particulars call at Newberg Nursery or address A. B. Cooper, Newberg, Oregon.

The Band Entertainment. The entertainment given last Friday evening by Pacific Band, of this place, was, without doubt, one of the best entertainments of the kind ever given in Newberg. The selections by the band were well executed, and we have several times heard it remarked since that Newberg will without doubt take the front seat in the next county band contest. The concert solo by R. S. Inglis was well rendered, as were the cornet duets by Mr. Inglis and Dr. Littlefield, and the duet by Frank Jones and Sam Parish. Miss Ola Hunt, of Portland, favored the audience with a fine piano solo, "The Witches' Flight," and received a hearty encore, to which she responded with another equally beautiful selection. The piano and guitar duet by Mrs. Frissell and Mr. Frank Storey was also very fine. The vocal solos by W. T. Macy, Miss Lillie C. Smith and Dr. H. Clark were well received, while the closing song, a quartette, by the Misses Younger, Dr. Littlefield and Walter Robertson, was one of the best exercises of the evening. The weather was bad, and prevented many from attending who would otherwise have been there, but as it was they had a good house, and can have a better one any time they may see fit to give another entertainment. Hooley for Pacific Band.

Pacific College.

The spring term will open Tuesday, April 4, 1893, and continue twelve weeks. In the Preparatory Department classes will be taught in all the common school branches, English Composition, Book-keeping, Algebra and Physical Geography. The regular College Classes for the Spring Term will be formed.

Besides the above work for the benefit of teachers and those preparing to teach, Normal review work will be carried on in the legal branches, the entire term, thus giving time for a thorough foundation in these subjects. In this department instruction will be given in Methods of Teaching, as well as a review of all the principles of these subjects. Special attention will be given to the teaching of English and methods for its presentation. Daily recitations will be held in the science and art of teaching, in which the practical problems and difficulties of the school room will be freely and fully discussed.

The term is of sufficient length to enable students to do good permanent work. In the Normal course it is not intended to conduct a scheme of cramming for examination but it is our intention to help teachers in their schools, quite as much as to aid them to get good licenses. A series of talks will be given in this course on school management, methods of instruction and the practical work of school teaching.

If you wish to take a regular College Course, if you wish to take Review Work or a Normal Course, or a Practical Business Course, Vocal or Instrumental Music, Elocution or Art, we invite your attention to the advantages we can offer, believing that if you want to lie along any of these lines Pacific College is able to satisfy them. We desire to stand for that which is permanent and useful, being opposed to shams and pretensions of education.

The entire cost of board and tuition for the term, \$44.25 to \$48.25. Tuition alone \$3.25 to \$12.25, according to the work taken.

Correspondence and visits solicited. For further information address, THOMAS NEWLIN, President.
