Queer spring weather we are having this season. Cool and showery with only an occasional day when the sun warms up the atmosphere sufficiently to make a fellow pull his coat. If the cool weather continues, dealers in summer clothing may as well shut up shop.

Mrs. G. A. Prentiss has our thanks for a box of the finest strawberries we have seen this year. They are of the Big Bob variety from 4 to 6 inches in circumference, and very luscious. We hope Mrs. Prentiss may have lots of just such strawberries every year of her life.

The rolls of wall paper and buckets of paint, to say nothing of the rolls of new carpet and loads of furniture, that have passed through the streets during the past two or three weeks is a strong indication that proper arrangements are being made to take care of the visitors who will be here in the next ten days.

Any one having good specimens of any varieties of fruits that will do to send to the World's Fair, can leave them with E. H. Woodward, C. E. Hoskins or Wm. Allen, the committee to receive and forward them. Newberg can make a good showing if all will take an interest and help. R. S. INGLIS, Pres. Hor. Society.

WANTED:—Salesmen, to sell our choice and hardy nursery stock. Many special varieties to offer both in fruits and ornamentals, and controlled only by us. We pay commission or salary, give exclusive territory and pay weekly. Write us at once and secure choice of territory.

Are you insured? If not, now is the time to provide yourself and family with a bottle of Chamberlain's Colic, Cholera and Diarrhœa Remedy as an insurance against any serious results from an attack of bowel complaint during the summer months. It is almost certain to be needed and should be procured at once. No other remedy can take its place or do its work. 25 and 50 cent bottles for sale by C. F. Moore & Co., Druggists.

Willard Grable met with a serious accident Wednesday morning. He started to the picnic with his family in the spring wagon and on going down the hill from his home the horse became unmanageable, as the road was slippery, and ran away. They were all thrown out and Mr. Grable received a bad fracture of one arm and the babe was pretty badly bruised up. Dr. Littlefield was called to relieve their suffering and set the broken limb.

Dr. M. J. Davis is a prominent physician of Lewis, Cass county, Iowa, and has been activeiy engaged in the practice of medicine at that place for the past thirty-five years. On the 26th of May, while in Des Moines enroute to Chicago, he was suddenly taken with an attack of diarrhœa. Having sold Chamberlain's Colic, Cholera and Diarrhœa Remedy for the past seventeen years, and knowing its reliability, he procured a 25 cent bottle, two doses of which completely cured him. The excitement and change of water and diet incident to traveling often produce a diarrhœa. Every one should procure a bottle of this Remedy before leaving home. For sale by C. F. Moore & Co., Druggists.

The great big, ripe, red, shining strawberries, that have been coming into the market during the week are world beaters. If some of the largest could be placed on exhibition at the World's Fair they would be taken for some new variety of apples. The little insignificant strawberries that have been shipped in from California, while they come in earlier than ours, are not to be compared at all to Oregon berries, either in size or flavor. Oregon against the world for strawberries.

In answer to a letter of inquiry written by E. C. Armstrong to B. S. Pague of the weather bureau, Mr. Pague said that taking the record of past years for a criterion the weather from Sep. 10th to 20th would be favorable as the chart shows that rain seldom falls at that time in the month of September. This would indicate that good judgment has been used in fixing the date for the fair September 12th to 15th, and that the boys who were rained out of their candy stands last year might take fresh courage. It is always best to be hopeful and we will all hope hard this year.

Excursion to Multnomah Falls.

All the arrangements have been made for an excursion to Multnomah Falls on the upper Columbia river on July 4th. The new and elegant Columbia river steamer, Sara Dixon, has been chartered for the trip which insures first class accommodations and a good time. That is the boat will make good running time of course—it could hardly be otherwise. The excursion will be run for the benefit of Pacific College and no complimentary tickets will be given. Professors, trustees, in fact everybody will pay full fare. The proceeds go to an institution that has been a large factor in making Newberg a prosperous town and all our citizens ought to be interested in the financial success of the undertaking, so we shall not expect that anyone will ask for special favors. The steamer will leave Newberg at 6 a. m. and return at 8 p. m. Fare for the round trip $1.50. Children 12 years old and under, 75 cents. This will be a long Fourth of July ride for the money. The capacity of the boat is limited. Better get your tickets early to make sure of the trip.

Friends Yearly Meeting.

To those of our readers who are not informed with reference to the manner of conducting business matters in Friends church, we will make a few statements regarding the so called Yearly Meeting of Friends church which will be established here the last of this month, beginning the 27th. The business of the local churches is transacted at regular Monthly Meetings, and these report to meetings held quarterly which are made up of two or more Monthly Meetings, and the Quarterly Meetings in turn report to the Yearly Meeting to which they belong. There is no rule of discipline governing the establishing of any of these meetings for business. The propriety of establishing any meeting to be held regularly is judged by the superior body and in all meetings for business all members are expected to have a voice in deciding questions. There are now ten Yearly Meetings in the United States and Oregon Yearly Meeting when established will make eleven. The churches in Oregon have belonged to Iowa Yearly Meeting held each year at Oskaloosa. Owing to the long distance rendering it impossible for more than a very few members to attend, that body was asked two years ago to allow the Oregon churches to form another Yearly Meeting and the request was granted. Delegates from all the American Yearly Meetings are expected to be present, beside many others from a distance. The meeting will open on June 27th and hold until July 3rd. Many subjects of interest to the church will be considered. All the sessions will be open to the public.

The Picnic.

The day for the picnic came and a big crowd of people came also, and then along with the people came the beautiful rain that the people have become accustomed to look for when Newberg has a day set for a display of white and cream colored dresses. The dresses and feathers were on hand, however, in spite of wind and weather, but it was quite noticeable that some of them were of variegated colors before the wearers had been long on dress parade.

The number who wore the A. O. U. W. badge gave evidence that the order is well represented in the county. In spite of the unfavorable weather everybody kept in a good humor and all seemed to enjoy the picnic. Mrs. Cox spoke in the forenoon while Sen. N. L. Butler of Dallas, was the orator in the afternoon. Mr. Butler is an able speaker and his natural bearing showed him to be every inch a gentleman. His address was well received and his visit to Newberg evidently made him many friends. Music by Pacific band and the home glee club, and recitations by different ones from over the county filled out the program. Mr. Eckles of the *Reporter* did the chairman act, and performed the duties in a way that showed that he had been in the harness before.

The bicycle race created considerable excitement, and the riders made much merriment for the crowd by the number of profiles they made on the track. Those who rode were E. D. Elwood, O. K. Edwards and Owen Jones of Newberg, and a young Mr. Adams of McMinnville. The race was for a half mile, the best two in three. The track was miserable on account of the rain and the boys were all down once or twice each and two wheels were broken. Three heats decided the race and the silver medal was awarded to O. K. Edwards. The college boys set up a yell for Pacific college of course, when the medal was presented to Mr. Edwards. The Imperial wheel was the winner in every heat. Brad Jones won a foot race in a dash with a McMinnville man.

F. H. Storey has a new sign, the handiwork of O. C. Wright.

We are proud of our band and glee club. They did excellent work at the picnic.

Quite a number of well-known faces from the upper end of the county were seen here on Wednesday, among them Miss Lillie Wiley, and Clay and Della Brown, all old college students.

HEART DISEASE 30 YEARS.

GRAND ISLAND, NEB., April 8th, 1892.

Dr. Miles Medical Co., Elkhart, Ind.

GENTLEMEN: I had been troubled with HEART DISEASE FOR THE LAST 30 YEARS, and although I was treated by able physicians and tried many remedies, I grew steadily worse until I WAS COMPLETELY PROSTRATED AND CONFINED TO MY BED WITHOUT ANY HOPE OF RECOVERY. I would have very bad sinking spells, when my pulse would stop beating altogether, and it was with the greatest difficulty that my circulation could be restarted, which would bring me back to consciousness again. While in this condition I tried your NEW HEART CURE, and began to improve from the first, and now I am able to do a good day's work for a man 65 years of age. I give DR. MILES' NEW HEART CURE all the credit for my recovery. It is over six months since I have taken any, although I keep a bottle in the house in case I should need it. I have also used your NERVE AND LIVER PILLS, and think a great deal of them. Z. AVERY.
