Are you insured? If not, now is the time to provide yourself and family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as an insurance against any serious results from an attack of bowel complaint during the summer months. Dr. M. J. Davis is a prominent physician of Lewis, Cass county, Iowa, and has been actively engaged in the practice of medicine at that place for the past thirty-five years. On the 26th of May, while in Des Moines enroute to Chicago, he was suddenly taken with an attack of diarrhoea. Having sold Chamberlain's Colic, Cholera and Diarrhoea Remedy for the past seventeen years, and knowing its reliability, he procured a 25 cent bottle, two doses of which completely cured him. The excitement and change of water and diet incident to traveling often produce a diarrhoea. Every one should procure a bottle of this Remedy before leaving home. For sale by C. F. Moore & Co., Druggists.

A stream of water in the Cascade Mountains on the south side of the Columbia river, falls over a precipice, a distance of more than 800 feet, and this is the beautiful "Multnomah Falls." Nothing prettier, nothing more grand than such a waterfall.

The school board at its last meeting decided upon the following corps of teachers for the coming year. Principal, J. C. Hodson; grammar department, Mrs. Martin; first intermediate, Miss Emma Deskins; second intermediate, Miss Shearer; first primary, Miss Dacie Stratton; second primary, Miss Maggie Inglis.

Rev. Levi Mills of Wilmington, Ohio, will occupy the pulpit at Friends church next Sunday at the regular morning service, and Miss Emma Spencer of the Biblical department of Earlham College, Richmond, Indiana, will speak at the evening service. There are strawberries and strawberries this year, and some very large ones have been brought to our office. John Smith who lives north of town, brought us a box last Friday that were immense for size and color. Later on in the day Ed Hampton was in with some from their farm that were record breakers. One measured eleven and a half inches in circumference. The damp weather has been very favorable to the growth of berries lately and they have been improving the opportunity.

Tomorrow afternoon is the time for the regular meeting of the horticultural society. It is a very busy time just now but the meeting ought to be attended by the members. We understand that in case there is not at least a fair attendance there is a likelihood of the meetings being discontinued. The horticultural interests of this section are too great to allow the association to go to the wall. We hope to see such an interest manifested at the next meeting as will inspire all to renewed vigor. Our horticulturalists can't afford to let the association disband.

Rev. Levi Mills and wife, a gentleman named Riley, and Miss Emma Spencer, named ministers in Friends church, arrived last Monday morning. They come as delegates from Wilmington Yearly Meeting of Friends church. Mr. Mills is an attorney-at-law who stands high in the profession at his home in Wilmington, O. His address before the Crescent Literary society on Monday afternoon was full of sound thought and well calculated to inspire the young people to higher aims in life. It was very unfortunate that our people were so busy making preparations for the coming week that more could not be present and hear this most excellent address.

If you want old sized windows W. P. Heacock can make them for you.

It has been reported that the Sara Dixon is an old boat. This is not true. The boat has been on the water less than a year and is a fast runner.

The Christian Endeavors of Friends church have shown their loyalty to the church by paying for and putting in an Endeavor window at the new church. The design is beautiful and the effect most pleasing.

Last Wednesday at 10:30 a. m. the first audience gathered in the auditorium of the new church. The first words that fell from the lips of Pres. Newlin were listened for by the audience with much interest, to determine what the acoustic properties of the room were going to be. At the close of the exercises everybody seemed pleased with the results.

Prof. Vance who has been filling the chair of Latin, Greek and mathematics in Pacific College, during the past year has accepted the principalship of an academy at New Providence, Iowa, for the coming year. The professor has made many friends during his years stay in Newberg and they will be sorry to see him leave. His work in the college has been very satisfactory and the trustees would have been glad to have him remain but could not blame him for accepting a position with greater responsibility and corresponding remuneration. His place has been filled by the election of Chas. E. Lewis, A. B. of Penn College, Iowa, to the chair. He comes highly recommended.

Dr. Miles Medical Co., Elkhart, Ind.

You will remember the condition I was in two years ago, when I was afflicted with a combination of diseases, and thought there was no hope for me. I tried all kinds of medicines, and scores of eminent physicians. My nerves were prostrated, my brain diseased, heart trouble and the like that make life miserable. I commenced to take DR. MILES' NERVINE and in three months I was perfectly cured. In my travels I have seen two hundred thousands of physical wrecks, suffering from nervous prostration, talking prescriptions from local physicians who have no knowledge of their cases, and whose death is certain. I feel like going to them and saying, "GET DR. MILES' NERVINE AND BE CURED." In my profession, I have seen hundreds of men and women who have been brought to their knees by the character of the business engaged in, I would recommend DR. MILES' NERVINE to all suffering from these causes. It is a sure cure for all suffering from these causes. Sold on a Positive Guarantee. DR. MILES' PILLS, 50 Doses 25 Cts. Sold by C. F. MOORE & CO.
