ISSUED EVERY FRIDAY MORNING.

EDITORS AND PUBLISHERS: E. H. WOODWARD AND ORM. C. EMERY.

FRIDAY, OCTOBER 6, 1893.

Entered as second class matter at the post office at Newberg, Oregon.

WE ARE under obligations to County Assessor, F. M. York, for a summary of the assessment of Yamhiil county for the year 1893, which we publish in this issue. There are something like two hundred more polls than there were two years ago, but we have no data to enable us to give the increase in the amount of taxable property.

ACCORDING to the Telephone-Register McMinnville's present corps of clergymen, "imported from the east" are not giving as good satisfaction as those of former years, who were content to "confine themselves strictly to their own business," and say nothing about the violation of the Sabbath by the business men of the town. McMinnville should arrange a tariff schedule sufficiently strong to exclude the importation of eastern preachers.

THE Sign a bright little paper published by the pupils of the state deaf-mute s hool of Salem, is on our table. We g idly place it on our exchange list, noping for it and for the school a bright and prosperous future. It seems to us that no greater misfortune can befall one than to be deprived of the sense of hearing and the power of speech, and to all such we should extend all the help that Shoats, P Gard 1st. will tend to make life more pleasant. This institution of the state has been es- Sow and pigs, L H Morgan 1st. tablished for this purpose, and it is to be Boar 1 year and over, Ed Carey 1st. hoped it may prove a great blessing to all Sow 1 year and over " " who enter its doors.

Science has come to extend into many departments of life not treated of in text books, and the detective business seems to be one of them.
