A very bright meteor was seen by a number of our citizens about ten o'clock Monday evening in the northeast. As a meteor fell near Walla Walla about that time it was probably the one seen here.  
Miss Lizzie Burrows left Wednesday for Seattle, where she will attend school this year. Her sister, who taught the Cordoville school last year, is a teacher in Seattle, and Miss Lizzie goes to live with her.  
Miss Florence Cook has returned to Newberg and entered public school here. The grading of the new high school at McMinnville made it necessary to take studies which she had already become proficient in.  
There is said to be a business man in this town who owes two bills in Portland, one of \$12 and one of more than \$100 for beer bought and consumed by him, or sold to others. The bills can be bought at a big reduction, we learn, as the holders seem to have little hopes of collecting them.  
Perhaps some of the readers would like to know in what respect Chamberlain's Cough Remedy is better than any other. We will tell you. When this remedy is taken as soon as a cold has been contracted, and before it has become settled in the system, it will counteract the effect of the cold and greatly lessen its severity and it is the only remedy that will do this. It acts in perfect harmony with nature and it aids nature in relieving the lungs, opening the secretions, liquefying the mucus and causing its expulsion from the air cells of the lungs and restoring the system to a strong and healthy condition. No other remedy in the market possesses these remarkable properties. No other will cure a cold so quickly. For sale by C. F. Moore & Co., Druggists.

MAY BROTHERS, Nurserymen, 116120 Rochester, N. Y.  
"During my term of service in the army I contracted chronic diarrhoea," says A. E. Bonding, of Halsey, Oregon. "Since then I have used a great amount of medicine, but when I found any that would give me relief they would injure my stomach, until Chamberlain's Colic, Cholera and Diarrhoea Remedy was brought to my notice. I used it and will say it is the only remedy that gave me permanent relief and no bad results follow." For sale by C. F. Moore & Co., Druggists.  
A goodly number of the patrons of the public school were in attendance at the commencement of the year's work last Monday morning. The enrollment was something over two hundred and forty, among whom are a number of new faces, and all seemed bright and fresh and ready for the beginning of a hard year's work. A new series of rules for the conduct of pupils which had been adopted by the board, was read by Prof. Hodson. Unlike many so called rules they are short and to the point, and will not take the pupils the length of a term or two to learn them. The prospect for a good school, with well-filled rooms, was never better.

WEDDING BELLS.  
At the home of Mr. and Mrs. Luke McKern, on Sunday, October 1, at 11 a. m., Miss Alice Parish and Mr. M. J. Jones were united in the holy bonds of matrimony, Rev. Jesse Edwards officiating. About thirty guests were present, and were served to a most excellent dinner, chosen from the best of the land, after which all were invited to look at the presents, which were well chosen and handsome. The company was entertained by excellent music, and the occasion was to all a very pleasant one. Mr. and Mrs. Jones are well-known and highly respected in this community, and have the best wishes of all.  
MARRIED—At the residence of Mr. and Mrs. J. B. David, the bride's parents, at 5 p. m. on Wednesday, October 4, 1903, Miss Halsey V. David to Mr. Frank E. Hobson, Pres. Thomas Newlin, officiating. The bride and groom, who are both well and favorably known in this community, have the best wishes of a large circle of friends. Like sensible young people as they are, they went to housekeeping at once, having previously arranged and furnished the

Machine Oil at Mount's.  
Mrs. Anna Votaw is visiting with a lady friend in East Portland.  
The owners of the big cattle failed to put in an appearance at the fair as they had promised.  
Mitchell & Clark are prepared to furnish first class lumber on short notice to parties going to build.  
W. T. Macy went up to Bellevue Wednesday to get a load of apples for winter use. It's a splendid thing to have a liberal father-in-law these times.  
Carl Stanley found his boat down near Champoug the first of the week. The German boys mentioned last week, bought a boat of Charley Spaulding, and consequently no suspicion attaches to them.  
There was an exhibition at the fair last week an apple that was something of a show in itself. It was sent down by Alva Macy, of Dayton, and was picked by him October 1, 1902, thus having been kept without any preserving process for fully a year after leaving the tree.  
There is at least one man in this town who a short time ago pleaded poverty in making an appeal for work, who at least twice recently has been too full of bug juice to behave himself decently. He also consumes enough tobacco every year to keep himself and family in shoes. People don't like to put themselves out much to give employment to such men, especially in this town where there are no saloons and little to tempt a man to drink.  
Geo. Myers, who is selling the celebrated Japanese winery plant this season, had a pie, made of the berries, at the fair, and at the close we sampled it. We were prepared for something pretty fine, but the berries are of finer flavor than we had expected and the pie was excellent. Uncle George missed a little when he predicted fine weather for the fair, but when he tells you that the winery is the best pie berry ever grown, believe what he says for he is able to convince the most skeptical of the truthfulness of the statement.  
"I consider Chamberlain's Cough Remedy a specific for croup. It is very pleasant to take, which is one of the most important requisites where a cough remedy is intended for use among children. I have known of cases of croup where I know the life of a little one was saved by the use of Chamberlain's Cough Remedy." J. J. LaGrange, druggist, Avoca, Neb. 50 cent bottles for sale by C. F. Moore & Co., Druggists.  
For Rent.  
Two good rooms in the Hoskins' building. A. M. HOSKINS.  
Stamps Wanted.  
I am making a collection of canceled stamps for sale, and would be very thankful to any who may save the stamps from their old letters for me. All kinds of stamps wanted, but Columbian preferred. DELPHINA ELLIS.

The Premium List.  
A complete list of the premiums awarded at the fair will be found in this number of the GRAPHIC, as passed on by the judges, but the directors ask us to say that in some instances mistakes were made by the judges that will be rectified. We cite this instance in the pantry department: One premium was offered on plum jelly. Those who made entries named the varieties of plums their jellies were made of and the judges awarded premiums for all the different varieties.  
Somewhat Mixed.  
Judge Burnett had a case of assault and battery in his court last Tuesday, because of the pugilistic tendencies of John Shearer and editor Graves, of the Times. The trouble arose over a dispute as to the ownership of some garden truck on a piece of land owned by Graves, who ordered Shearer to leave the premises. It appears that Shearer complied with the request, but in doing so applied some epithets to Graves that are not found in school books, and a slight personal encounter was the result. Shearer had Graves arrested on a warrant from Burnett's court, and the case came up for hearing Tuesday. Owing to a feud of long standing between Graves and the Justice, a change of venue was asked for, but it was refused and a fine of \$40 and costs, aggregating something like \$67 was assessed to Graves. This he refused to pay, and in consequence has been committed to the county jail. The prevalent opinion seems to be that Graves' fine is much too large, even if he merited a fine, and that it will be set aside by the higher court upon proper hearing.

THE FAIR.  
The Newberg Fair Association has been out of luck for the past two years, so far as the weather has figured during the time the fair has been in session. The exhibit at the late fair was very good in most lines, better in fact than ever before. The stock show, while it was very creditable, would have been better had the weather been good previous to the opening of the fair, so that stock men could have taken care of their grain. Some good stock had been promised but it was impossible for the owners to attend. A very good sized crowd was in attendance on Thursday, and Friday would have been a big day had it not been for the heavy rain Thursday afternoon that spoiled the program and disgusted everybody. The program was finished on Saturday.  
The steam swing was the money making concern of the week and furnished great amusement for the young. The entertainment furnished by the Forest Grove boys was greatly appreciated by young and old. Andrew Schloch's slack wire performances were good and Charley St Clair was a contortionist and all around acrobat is simply immense.  
The officers of the association have labored hard during the past year under great difficulties to adjust the business of the association, and make a creditable fair this year and they desire due credit for the success they have attained. As to the financial condition of the association we are not advised at present.

MRS. ELMIRA HATCH.  
HEART DISEASE 20 YEARS.

Dr. Miles Medical Co., Elkhart, Ind.  
Dear Sir: For 20 years I was troubled with heart disease. Would frequently have falling spells and sometimes at night. Had to sit up and get out of bed to breathe. Had pain in my left side and back most of the time; at last I became dropsical. I was very nervous and nearly worn out. The least excitement would cause me to faint. I was also much troubled with fluttering. For the last fifteen years I could not sleep on my left side or back until I began taking your New Heart Cure. I had not taken it very long until I felt much better, and I can now sleep on either side or back without the least discomfort. I have no pain, smothering, dropsy, no wind on stomach or other disagreeable symptoms. I am able to do all my own housework without any trouble and consider myself cured.  
It is now four years since I have taken any medicine. I am in better health than I have been in 40 years. I honestly believe that Dr. Miles' New Heart Cure saved my life and made me a well woman. I am now 62 years of age, and am able to do a good day's work.

SICK-HEADACHE  
Makes life miserable. All other ailments are as nothing in comparison. Women especially know its suffering, and few escape its torture.  
THE RELIEF AND CURE IS  
SIMMONS' LIVER REGULATOR  
Many people take pills, which gripe and purge, weakening the body. More take Simmons' Liver Regulator, liquid or powder, because more pleasant to take, does not gripe, and is a mild laxative, that also tones up the system. The relief is quick. It is Nature's own remedy, purely vegetable.  
"I never found anything to do me any good until I used Simmons' Liver Regulator. It has been three years since I first used it and I have not had Sick Headache since. I sent my sister who had from me since, two attacks of Sick Headache every week, one-half of a package, and she has not had it since."—C. S. Munkin, Brownsville, W. Va.
