Miss Maud Tolleth left Saturday morning for her home in Fairbury, Nebraska, greatly pleased with Newberg, both on account of the healthfulness of the climate and the pleasant associations formed here.

The steamer Toledo has discontinued its daily trips between this place and Portland, and is now making tri-weekly trips between McMinnville and Portland, leaving Newberg landing on Mondays, Wednesdays and Fridays at 7 a. m.

Mrs. Jas. Tice, who took first premium on a collection of canary birds at the fair, is one of the most successful bird raisers in this section. She has raised this season something over forty, and it will pay any one well just to call and see and hear her beautiful yellow pets.

Mrs. Harriet Schoin, of Omaha, who has been visiting with Canby Heston and family for a few days started home Monday morning. Mrs. Schoin is one of the most able teachers in the Omaha schools, and her husband is auditor of the Cudahy Packing Co. of that city.

All McMinnville went down to see the steamer Toledo when she landed at that place Sunday. It was the first time in several years that a boat has run up the Yamhill as far as the county seat, but arrangements have been made for a regular tri-weekly run between that city and Portland as long as the stage of the river will permit.

The water in the river rose quite rapidly the latter part of last week and the first of this, making it necessary for the Toledo people to move their warehouse, which was done the first of the week. Steamers are now plying between Salem and Portland, and we hear talk of a fast river line being established between Independence and Portland, in which the well known steamers Ramona and Altoona will be used.

The Rev. Elwood Scott, of the Friends church, has accepted a call to the Friends church in Newberg, Oregon, and will remove with his family to that place about the 20th of this month. Mr. Scott has been pastor of the Friends church here for the past eleven years and will be sadly missed from this community. He is an able preacher and a successful evangelist, and his services have been in great demand all over the east and south. He had just made an engagement to conduct a revival at Brooklyn, N. Y., during the holidays, but was compelled to cancel it in order to accept this call. The community to which he goes is a prosperous one, and the church membership numbers over 800. We feel assured that all denominations will join with *The Record* in wishing Mr. Scott and his estimable family abundant success in their new field of labor.—Carthage, (Ind.) *Record*.

"During my term of service in the army I contracted chronic diarrhœa," says A. E. Bending, of Halsey, Oregon. "Since then I have used a great amount of medicine, but when I found any that would give me relief they would injure my stomach, until Chamberlain's Colic, Cholera and Diarrhœa Remedy was brought to my notice. I used it and will say it is the only remedy that gave me permanent relief and no bad results follow." For sale by C. F. Moore & Co., Druggists.

Two of our nice young men now find it convenient to make regular Sunday trips to the county seat, and we don't blame them a bit.

If you want to improve your appetite take a look at the choice display of meats sold by Austin & Stanley, at Central Meat Market.

Sam Moffitt don't say much about it, but he is making quite an improvement in the appearance of his place north of town just the same.

Newberg gets an unenviable sort of advertising by the actions one or two citizens of the feminine gender on their visits to neighboring towns of late.

Giles and Patterson are going to the lose quite heavily by the rise in the river which inundated their garden. Cy. Vaughan is also a heavy loser.

Corvallis buggies and hacks at cost. This is a rare opportunity to get a first class home manufactured vehicle for so little money. J. H. TOWNSEND.

The people of this community should give men who get drunk and choke their wives to understand that one of two things would be healthy for them to do: behave themselves or leave the community. They ought also to impress the same lesson upon any man who is mean enough to sell such a man the whisky to make him drunk.

David Hiatt and wife and Mrs. Alice Thomas have decided to tackle the restaurant business in Newberg, having rented the Calkins' building on First street for that purpose. Mr. and Mrs. Hiatt are old hands at the business, and will come about as near making a success of it as any one.

WANTED:—Salesmen, to sell our choice and hardy nursery stock. Many special varieties to offer both in fruits and ornamentals, and controlled only by us. We pay commission or salary, give exclusive territory and pay weekly. Write us at once and secure choice of territory.

Perhaps some of the readers would like to know in what respect Chamberlain's Cough Remedy is better than any other. We will tell you. When this remedy is taken as soon as a cold has been contracted, and before it has become settled in the system, it will counteract the effect of the cold and greatly lessen it's severity and it is the only remedy that will do this. It acts in perfect harmony with nature and it aids nature in relieving the lungs, opening the secretions, liquefying the mucus and causing its expulsion from the air cells of the lungs and restoring the system to a strong and healthy condition No other remedy in the market possesses these remarkable properties. No other will cure a cold so quickly. For sale by C. F. Moore & Co., Druggists.

Lecture Wednesday night.

Don't fail to read Kay & Todd, and W. T. Macy's new ads this week

Mrs C R Haworth is visiting with Portland friends this week.

G. M. Biles is making improvements about his residence this week.

Mrs. Judge Townsend left yesterday morning for her home in Lake county.

Matthew Charles and wife came down from Scott's Mills yesterday for a few days visit.

The last lecture of the course will be given next Wednesday night at the M. E. church.

Chas. Mitchell, the fruit dryer, sold and shipped 700 pounds of fine prunes to parties in Illinois this week. Price realized, 8½ cents, the purchasers paying the freight.

A petition has this week been circulated and pretty generally signed asking Gov. Pennoyer to remit the remainder of G. A. Graves' fine. This ought to be done, whether it is or not.

The last of the series of lectures for the benefit of the Methodist church, will be given by Rev. M. C. Wire, of Portland, on Wednesday, October 24, at 7:30 p. m. The lecture is one of peculiar interest.

The fruit dryers are running in full force and in spite of the unfavorable weather, will be able to take care of about all the fruit. Some of it may be a little damaged, but very little will be entirely lost.

Mrs. Cox last week received an invitation to speak three times in Chicago churches during the annual session of the W. C. T. U., but being unable to attend this year she had to decline the invitation.

Mr. Thomas Williams, of Ogontz, Pa., spent a few days last week looking over the town and surrounding country. He seemed much pleased with what he saw, and will doubtless speak a good word for Newberg when he returns home.

The "Harvest Home" Literary meeting, postponed from last week on account of the rain, will be held at the Presbyterian church tomorrow (Saturday) at 2:30 p. m. A good program has been arranged. A cordial invitation is extended to all.

J. R. Kelso, the gardener, says he can beat his last year's exhibit of potatoes, unfavorable as this year has been for potato growing. He informs us that he picked a number of fine Royal Ann cherries from a tree in Jesse Hobson's young orchard last Tuesday, the tenth.

Luther Hill, Henry Morris, J. L. and Denny Myers spent all of last week in the Cascades on a deer hunt. The weather was very unfavorable, as it rained every day, but the boys got a couple of fine deer, and say they could have killed a load of them if it had not rained so much.

J. D. Carter, who for a number of years has run a big general merchandise store in Newberg, has sold out his entire establishment to I. Ed. Holt. Ed. has worked for J. D. a good deal, and is familiar with the business. He is one of our most popular young men, and merits success in his new venture.

Rev. L. M. Haworth, at one time a resident of Newberg, but who for several years past has been engaged in the ministry for the M. E. church in Washington, has returned to Newberg, expecting to remain. He will occupy Rev. Martin Cook's house on Wynooski street.

Last week in printing the list of premiums awarded, we omitted the award on collection of canary birds, which was given to Mrs. M. F. Tice, and Miss Addie M. Gard 2nd. Also, the premiums awarded matched carriage teams, to Geo. Bryan 1st and A. J. Winters 2nd.

An Oregon editor has nothing to lose and everything to gain by a visit to the world's fair, consequently the senior editor of the GRAPHIC, accompanied by his wife, left last Wednesday for the big show. They will probably be gone about three weeks. Meanwhile, if the neighbors will kindly continue bringing in a little something to help out, we will try to keep the paper going.

Mrs. J. D. Carter has traded her residence property to G. W. Grayson for his farm northwest of town, and the present outlook is that they will become grangers before long. By this trade Mrs. Carter becomes possessor of as good a farm as there is around, and Grayson gets about the best residence property in town.

Dunbar Bros. and Cobb are not making ing their dryer work very satisfactorily, being unable to produce sufficient amount of heat. What they are unable to handle themselves they are having dried by others, so their loss will be light. The Dunbar boys have demonstrated this year that Gross prunes are good for something, if only to fool eastern buyers. They sold the greater part of their crop in Chicago at a net profit of $3.00 per bushel.

"I consider Chamberlain's Cough Remedy a specific for croup. It is very pleasant to take, which is one of the most important requisites where a cough remedy is intended for use among children. I have known of cases of croup where I know the life of a little one was saved by the use of Chamberlain's Cough Remedy." J. J. LaGrange, druggist, Avoca, Neb. 50 cent bottles for sale by C. F. Moore & Co., Druggists.

Edmund Robinson furnishes the following data relative to the rainfall of this month. As volunteer observer for the government weather bureau he keeps an accurate account of the rainfall, temperature, etc., and his reports may be regarded as reliable. "The rainfall so far this month has been 4.03 inches to 7 p. m. on the 8th. On the 6th .93 inches fell while on the 7th it was very excessive, being 2.93 inches. In October 1891, 5.36 inches fell. In October 1892, 2.59 inches, most of which fell in the latter part of these months." It will be seen that we have already had more than an average rainfall for the month, and can reasonably hope that the greater part of the remainder of the month will be free from rain.

SUNSTRUCK IN BATTLE!

DR. MILES MEDICAL CO., ELKHART, IND.—I must say the Restorative Nervine and Nerve and Liver Pills have done me great good.

FOR YEARS I HAVE NOT FELT AS WELL AS NOW.

The starting point of my disease was a sunstroke received in battle before Port Hudson, Louisiana, June 14th, 1863. I KNOW YOUR REMEDIES HAVE CURED ME, and that the cure will be permanent. Several of my friends here are using your remedies, and all speak well of them. Yours truly,

A Sad Accident.

An accident, which resulted fatally, occurred at Vincent's mill near Middleton, last Friday morning. At a little after 9 a. m. Wm. Vincent, proprietor of the mill, in attempting to remove a piece of edging that had fallen down next to the saw, fell in such a manner that his arm came in contact with the saw, which almost severed it at the elbow. Drs. McConnell and Littlefield were called, and the arm was amputated between the elbow and shoulder, and everything done that could be done to relieve the sufferings of the wounded man. As a considerable time had elapsed after the accident till anyone had sufficient presence of mind to cord the arm, which bled very profusely, the doctors on their return, expressed fear that Mr. Vincent would not recover, and Saturday morning news was received that he died at a little after seven Friday evening. He was well known to most people in this vicinity, and was looked upon by all as being a man above the average, both as a citizen and a neighbor. The afflicted family have the sympathy of all.
