the people at Friends mission, Douglas
Island, Alaska. It consisted for the most
part of dried prunes, donated by the good
people of Newberg and vicinity.

Dr. McConnell and wife will tell you
that it is impossible to keep anything
from the people of Newberg. They got a
sweet little girl baby when down at Port-
land last week, and decided to see how
long it would be till our people found it
out. They saw very readily how soon it
would be, for everybody in town knew it
in two days.

Perhaps some of our readers would like
to know in what respect Chamberlain's
Cough Remedy is better than any other.
We will tell you. When this Remedy is
taken as soon as a cold has become con-
tracted, and before it has become settled
in the system, it will counteract the effect
of the cold and greatly lessen its severity,
and it is the only remedy that will do this.
It acts in perfect harmony with nature
and aids nature in relieving the lungs,
opening the secretions, liquefying the
mucus and causing its expulsion from the
air cells of the lungs and restoring the
system to a strong and healthy condition.
No other remedy in the market possesses
these remarkable properties. No other
will cure a cold so quickly. For sale by
C. F. Moore & Co., druggists.

right young men, who have cast their lot

ladies who have promised to share with
them life's joys and sorrows, are well
known to our readers, having lived here
long enough to impress all with a sense
of their true worth. Mr. and Mrs. Elliott
have taken up their abode in their new
home in the Goodrich subdivision, and

Dr. H. C. Fenton of the firm of Michaux

Wednesday called and left copy for their
card in the Graphic. Dr. Fenton comes
of a large family of boys who were raised

all turned out to be professional men.
They all have a faculty for succeeding in

Charley Mitchell is arranging to go
east with a car load of dried prunes in a
few days. Danville, Illinois, is the point
he proposes to make. He has an exten-
sive acquaintance among the wealthy
farmers who live around Danville and he
has good reason to believe that he can
find ready sale for a car load of such
prunes as he will take with him. Several
boxes of prunes have been sent from here
to that point at other times so that the
people know enough about our fruit to
want more. The fruit crop is short there
this year and what they get must be
shipped in. It is to be hoped that by
this introduction of our prunes a market
may be built up that will be a benefit to
the trade in the future. Everybody
wishes Charley abundant success in the
venture.

The reception given the new pastor of
Friends church, Rev. Elwood Scott and
his family, at the residence of Jesse Ed-
wards on last Friday evening, was well at-
tended. Rev. Scott spoke to large audi-
ences last Sunday both morning and even-
ing and his sermons were well received.
They have rented the property formerly
occupied by J. H. Townsend, on the corner
of Third and Center streets.

John Brown informed us while in town
the first of the week, that they have
made arrangements with a Portland firm
to manufacture Harlon Ong's motors.
Harlon is now in the city superintending
the manufacture of one of thirty-five
horse power which will be tested as power
for an elevator on the east side. If it
proves a success, and there seems to be
little doubt of it, those who are interested
will have a good thing.

"I consider Chamberlain's Cough Remedy
a specific for croup. It is a very pleas-
ant to take, which is one of the most im-
portant requisites where a cough remedy
is intended for use among children. I
have known of cases of croup where I
know the life of a little one was saved by
the use of Chamberlain's Cough Remedy."

A Bad Accident.
Lee Stanley, who has been employed
as purser on the steamer Toledo for a
couple of months past, met with a very
serious accident some time Saturday.
Just how or when it occurred he does
not seem able to tell, but most likely in
helping to load or unload the boat.
Sunday morning about 2 o'clock he
awoke, suffering intense pain in the
region of the abdomen, and after try-
ing every plan he could think of to al-
leviate the pain he came home, arriving
shortly after noon. A visit to Dr. Mc-
Connell's office disclosed the fact that
he had strained himself in some man-
ner, and after all expedients had been
tried to give him relief by Dr. McCon-
nell and Littlefield, they decided to call
Dr. Goucher, of McMinnville, and on
Monday evening a surgical operation
was performed, disclosing intussuscep-
tion of the bowels. Lee was grit to the
backbone, and rallied quickly after the
operation, which seems to have been
successful. At this writing he is get-
ting along nicely, with good chances
of speedy recovery.

PROSTRATION.

Dr. Miles Medical Co., Elkhart, Ind.
Gentlemen: I take pleasure in informing you
of the very beneficial results which have followed
the use of Dr. Miles' Nervine. I was a year and a
half ago in the case of myself and wife. For a year I
was subject to a distressing pain at the base of the
brain and upper portion of the spinal cord. I
lost sleep and was greatly troubled with dizziness.
My headache was removed, my spirits and general
health improved. My Nervine was highly
recommended to me. My case had been so charac-
teristic that I had no confidence in the efficacy of
any medicine. Yet as a last resort I consented to
give it a trial. Much to my surprise, I experienced
marked benefit. My sleeplessness disappeared.

marked benefit. My sleeplessness disappeared.
