THE PACIFIC COAST.

A Woman Devoured by Two Bears in a Graveyard.

A SING GAMBLE BEING HELD.

The Mammoth Collins Gold Properties in Arizona-Deposits of Good Coal Found.

Provo is scheming to become the capital of Utah.

The Phœnix (A. T.) opera house has been condemned as unsafe. Sacramento proposes to make its sew-erage system more perfect at a cost of \$100,000.

A crowd of unemployed marched through the streets of Salt Lake, Utah, recently, demanding work.

Large deposits of good coal, it is re-ported at Yuma, have been discovered within eight miles of the Gulf coast. The Virginia and Truckee Railroad Company has offered a reward of \$500 for the apprehension of the man who recently robbed the express car on the

A party of Eastern capitalists is preparing to put in extensive manufactur-ing plants at Shoshone Falls, Idaho, and also to build an electric railroad from shoshone to that place.

The mammoth Collins gold properties, about sixty-five miles from Tucson, A. T., form the largest and richest group of mines in the Southwest. They are to be extensively developed at once.

Mr. Huntington has decided to go ahead with the work of making Santa Monica a thoroughly protected harbor, whether the government assists him or not, and will expend \$1,500,000 to that

Mrs. Sisto Wesley went to the grave-yard on the Upper Gila, a lonely spot in a thinly populated section in New Mex-ico, where her child was buried, when she was set upon by two bears and com-pletely devoured. Startling but believed to be unfounded

rumors regarding the loss of the steamer Estelle are current at Victoria, B. C. One is that there was dynamite in the cargo, and another that one of the discharged crew put dynamite among the

Over 300 Indians of the Black River, Cedar River and Puyallup tribes are holding a great "sing gamble" near Renton, Wash., the first event of the kind in that section for thirty years or more. The Indians do not sleep during the grame and eat little. the game, and eat little.

The country through which the San Diego, Yuma and Phenix railroad will run is said to be not only rich, but beau-tiful. For ninety miles the grade of the line will in no case exceed twenty feet to the mile. The ancient canal system of New river, over 3,000 miles in length, to the mile. The ancient canal system of New river, over 3,000 miles in length, is one of the wonders of that magnificent Women's Christian Temperance Union, region, in which there is not a settler.

of Addie Gilmore, a Colusa milliner, upon whom he committed a criminal

not be so dealt with. Mayor Carlson of San Diego has removed from office the entire Board of Public Works, and has called a special session of the Council to pass on the new board, which the Mayor will pre-sent to the session. The trouble is all about a street the board is grading through Rose Canyon, several miles north of the city, work on which the Mayor ordered discontinued, but no at-tention was paid to his order.

Near Bennington in Bear Lake coun-Near Bennington in Bear Lake county, Idaho, recently a man named Booth was caught in a snowslide, carried about thirty vards and completely buried. His comrades, who were close by, concluded that they knew about where he landed, and going there, by placing their ears to the snow could hear him groan. They set to work with shovels and soon dug by the was bleek in the fear and promise with the Western pean, who nearly dead, but was soon revived.

Astoria to Goble are exhibiting great activity at present, and consider their chances of securing a road better than ever before. It is claimed that stock on this line has been subscribed in New York to the amount of \$1,250,000, and that \$300,000 in cash is actually in hand to begin work with. Patience and perseverence are bound to win, and the people of Astoria have exhibited so much of these virtues that they deserve to make the riffle this time.

and reported is as large as was obtained last year after a very hard fight in both House and Senate.

The original copy of the Declaration of Independence was withdrawn from public exhibition in the State Department library, made into a roll and placed in a tin box for filing with the archives of the government. The rapid fading of the text of the Declaration and the deterioration of the parchment on which it is engrossed from exposure to the light and account of age rendered it impracti-

THE NATIONAL CAPITAL.

John Barrett, Minister to Siam, was more promptly confirmed than any appointee in the diplomatic service. He will pass two weeks at Portland on his Naturalization Papers Issued way to Bangkok.

Hermann has been assured by the House Committee on War Claims that his bill for \$500,000 for Oregon and Washington Indian war claims will be made a part of the omnibus bill carrying \$2,000,000. The Chairman of the committee says this bill, like the river and barbor appropriation will can and harbor appropriation, will go through, for every member has some-

Pence of Coloralo has offered in the House a bill providing for woman suffrage. The bill differs somewhat from others presented on the same subject heretofore, as it does not propose to amend the constitution, but simply to give women over 21 the right to register and vote at all elections for members of Congress, and provides that the right shall not be denied 5. abridged by the United States or any State.

The Senate Committee on Pacific Rail-ways continued the hearing in the in-terest of the Union Pacific bondholders. Boissevain and his attorneys explained the proposition for an extension of time for the payment of the government indebtedness, and answered many ques-tions put by members of the committee. At the conclusion of the meeting a member of the committee stated satisfactory progress had been made, but the impor-tance of the question was such that some time must necessarily elapse before an understanding could be reached.

The entire Pacific Coast delegation, including, of course, Hermann and Ellis of Oregon, Wilson and Doolittle of Washington, as well as the California delega-tion, will make an effort to have the amount for Chinese exclusion enforcement increased. The Committee on Appropriations has provided in the sundry civil bill only \$50,000 for this purpose. It may not be raised in the House, but the Pacific Coast Senators will force a raise in the Senate. Senator Dolph has already a proposition making it \$500,000, and will no doubt secure a part of that

Returns received at the Treasury Department indicate the gold output for 1893 in the United States will reach almost the unprecedented amount of \$37,-000,000, an increase over 1892 of \$4,000, 000. In Colorado the output has increased from \$3.000 000 in 1892 to \$5,000,000 in 1893. While the gains in all gold-pro-ducing countries are unusually large, the Austratian production will carry the production of the world, it is thought, to \$15,000,000, which is an increase of \$12,000,000 for the year. With one or wo exceptions this is the largest output ever known.

In the Senate Frye said a statement had been published that the Women's Christian Temperance Union had peti-Christian Temperance Union had petitioned Congress to increase the tax on whisky. The fact was a petition purporting to come from that body had been presented to the House Committee on Ways and Means. The petitions had been investigated, and it was found they were franchient; that me such persons were living in the towns from which they purported to come. From then presigned by officers in forty-four States Francisco returned a verdict of conviction. The crime of which Dr. Eugene
F. West was found guilty is the murder
of Addic Giller of the conviction of Addic Giller of the conviction of the conv and three Territories, against any tax on icating liquors.

The Postmaster-General has addressed practice. The body of the murdered girl was horribly mangled and thrown in derson, Chairman of the House Comgirl was horribly mangled and thrown in the bay, portions of it only being found and identified.

There is considerable feeling at San Diego over the imprisonment at Ensenyada, Lower California, of a citizen of San Diego named Pullman. He has been held for some time, and the Mexican government has paid no attention to the case, although it has been placed before it. The Washington government ter-General says that the matter is one fore it. The Washington government has now demanded Pullman's release on bail or an explanation why be cheefed. has now demanded Pullman's release on bail or an explanation why he should that does not commend itself to his fa-vor and is so objectionable that he trusts the Postoffice Committee will not hesitate to report it adversely. He says that it would be unwise to make a reduction of postage rates or any change in the classification of mail matter that would bring about either a loss of revenue or an increase of postal expenditure, and refers to the fact that the department's income is \$6,000,000 short of its expenditures.

Representatives Hermann and Wilson

have engineered a scheme by which they will secure quite a good-sized appropriahim out. He was black in the face and promise with the Western men, who nearly dead, but was soon revived. Another evening paper of Democratic tendencies is to be established in Port Townsend. M. F. Satteriee of Quilcene has arranged to bring in his plant, the Quilcene Queen, and with a new press will begin the publication of an afternoon paper. It is understood that Democratic aid to the Leader will now cease. W. A. Wilcox, brother-in-law of Special Deputy Collector Boxen, will be city be attacked by these Western men on noon paper. It is understood that Democratic aid to the Leader will now cease. W. A. Wilcox, brother-in-law of Special Deputy Collector Bowen, will be city editor. The first issue will be about March I. that the appropriation will be increased in the Senate, but the sum agreed upon and reported is as large as was obtained The promoters of the railroad from and reported is as large as was

of these virtues that they deserve to make the riffer his time.

A suit is now in progress in the Superior Court of Pacific county, Wash, in which H. S. Gile of Portland is complainant. He alleges that a number of persons are in illegal possession of certain land on Chinook Beach claimed by him. Mr. Gile surveyed a claim in that portion of Pacific county in the year last of the warming and thence to the United States shore. The new bridge is to be of steel and to rest on two rock ledges midway between the top of the banks and the water's edge. It will be 600 feet long, and it is estimated to cost \$200,000. The work will begin in the spring.

The House Committee on Public Lands had they avoid to favorably report the bill of Hartman of Montana for determining the title to mineral lands in Montana and Idaho within the limit of the land grands but steady recession of waters state they are the first of the regulations. But his experiment was not tried, and they gave the opinion that the foll states shore. The new bridge is to be of steel and to rest on two rock ledges midway between the top of the banks and the water's edge. It will be 600 feet long, and it is estimated to cost \$200,000. The work will begin in the spring.

The House Committee on Public Lands had they save the following the title to mineral lands in Montana and Idaho within the limit of the land grands of the vorginal parchment was not tried, and they gave the opinion that the full state word of the original parchment was not tried, and they gave the opinion that the full have been granded to mature here. Springs the title to mineral lands in Montana and Idaho within the limit of the land grands of the Northern Pacific railroad. Under the bill committee on Public Lands had the water of the explaint of the vorginal parchment was not tried. The heart was not tried in the superior Court was first instituted in the Superior Cou

Winter Not a Season for Leisure Only on the Farm.

AN EXCELLENT FORAGE PLANT

Do Not Dispose of the Heifer Calves From Your Good Cows-Agricultural Notes.

Be sure the pigs farrowed now do not

Moist earth is said to be nature's cure

for wasp stings. Holding stuff that is for sale too long is just as disastrous as selling too soon.

In filling the icehouse set the blocks of ice on edge. It will not melt so fast, and is easier to get out.

A plentiful supply of straw for bedding increases the comfort of the animal and the size of the manure pile these cold days.

The ammonia which is escaping from the manure pile, and which can easily be detected by the smell, is valuable. Prevent the waste by occasionally applying dry earth or gypsum to the sur-

Do not dispose of the heifer calves from your good cows. Those coming now will, if kept thrifty, be ready to turn on grass in May or June, and will then just snoot ahead if given a little milk or

If a piece of land is to be double cropped next season, fertilize it freely and plant crops which mature quickly, such as wheat followed by millet, or sweet corn followed by buckwheat or trapics. tarnips.

Dairymen don't have to borrrow money; so financial strengency does not affect them as it does other people. The reason is that they are never "out of a job" and receive their money at frequent and regular intervals.

Go down to the "slough," and after cutting a hole in the ice get down and drink, and you will learn enough to realize that, if you make your cows face wintry winds tramping after ice water, you are not much of a man after all. Piles of decaying matter about the house or barn are a menace to health, as

well as a breeding place for insects. Even heaps of rotting wood had better be got rid of by burning in the stove or in the open air if not needed for fuel. In some of the great cattle-producing sections, where once nothing was thought of but stock, land owners are now combining farming with their stock-growing. This combination is true agriculture. Either branch by itself lacks something

of completeness Do not think that the winter is a season for leisure only upon the farm. When it is so regarded Jeisure becomes only another name for loafing. Study, read plan, think and fit yourself to be a better farmer next year than you have ever been. There is room for improvement.

The sorghum plant makes an excellent forage crop, and is especially relished by the cattle. It is cut and dried somewhat like hay. If syrup is to be made from the plant, the blades are removed and used for stock and the stalks run through the mill. The refuse from the syrup
