The heavy rains have caused several
land slides along the banks of the Willa-
mette lately. A long section of Dor-
rance's logway was carried off by one last
week. Norris Tibodo got a little shaky
about the safety of his house which stood
near the river, as some suspicious look-
ing cracks began to show in the bank,
and moved the house back to a safe dis-
tance.

People never seem to tire of tramping
to the river when the waters are troubled
and yet the sight is rather a tame one.
One of the rip roaring little streams in
the east will make more noise in a min-
ute during a freshet than the Willamette
makes in an hour. The proverb, "deep
waters flow smoothly," is exemplified in
the noiseless, onward flow of the Willa-
mette.

Adney Fogg, of Springdale, Iowa, who

ances will be out during the summer and
tail to see the country.

County assessor F. M. York has ap-

At the last meeting of the council W.
T. Macy was unanimously chosen as
marshal. He has given the necessary
bonds and now wears the star. Boys
whose mothers don't know they are out

inclined to root on the commons will do
well to keep an eye peeled for Macy.

"Perhaps you would not think so, but a
very large proportion of diseases in New
York comes from carelessness about
catching cold," says Dr. Syrus Edson.
"It is such a simple thing and so com-
mon that very few people, unless it is a
case of pneumonia, pay any attention to a
cold. New York is one of the healthiest
places on the Atlantic Coast and yet there
are a great many cases of catarrh and
consumption which have their origin in
this neglect of the simplest precaution of
every day life. The most sensible advice
is, when you have one get rid of it as soon
as possible. By all means do not neglect it."
Dr. Edson does not tell you how to
cure a cold but we will. Take Chamber-
lain's Cough Remedy. It will relieve the
lungs, and expectoration, open the secre-
tions and soon effect a permanent cure.

In other days when times were better a
wedding in the community brought the
newspaper man a liberal supply of de-
licious cake. Notwithstanding the fact
that we have had weddings and weddings

soup at our own expense is our portion.
Retrenchment all along the line is the
order of the day.

There was a very interesting mothers'

subject being the Israelitish Mothers.
The weather was quite stormy. There
were sixteen present. Will meet in two

time. We cordially invite all sisters to

A MEMBER.

John T. Williams whose home is about
twelve miles from Philadelphia, Penn.,
arrived here last week and has been stop-
ping at the Newberg House. He is out
seeing the west and thinks of remaining
in this community for some time with a
view of getting a correct idea of the
country from his own observations. His
father was here last fall taking a look at
the country and was quite well pleased
with what he saw.

The literary entertainment given by
the students of the college on last Tues-
day night was well attended. In fact
standing room even out into the hall was
at a premium. The program as announ-
ced last week was well rendered. These
entertainments are to some extent an in-
dex to the work accomplished in the col-
lege and our people never tire of attend-
ing them. Culture and refinement and
results that naturally follow proper col-
lege training and the progress our young
people are making in this direction is
highly satisfactory to the friends of the
college.

Just a word about announcements.
The columns of the GRAPHIC have always
been open to those desiring to make an-
nouncements. Much more open than
most local papers. Our readers are aware
that people have not been backward about
using our columns for this purpose either.
Now what we desire to say is this. We
don't object to anything within reason-
able bounds but just why we should be
asked to announce meetings that are regu-
larly held at stated periods we are un-
able to comprehend. It seems to us that
any meeting that is held every few weeks
ought to be of enough interest to the
members to cause them to remember
when the time comes for the meeting. A
large number of our readers are not in-
terested in the majority of these an-
nouncements and we feel that we must
protect their interests in our reading col-
umn. We make no charge for church and
society notices on first page and we think
this ought to suffice.

The secretary of the Elkhart Carriage
and Harness Mfg. Co., of Elkhart, Ind.,
informs us that their prices will be lower
for 1904 than ever. He wishes us to tell
our readers not to purchase anything in
the line of carriages, wagons, bicycles or
harness until they have seen & seen in
stamps to pay postage on their 112 page
catalogue. We advise the readers of this
paper to remember his suggestion.

Leslie Lawner, living on the north
side of the mountain, was thrown
from a horse Wednesday, the horse
falling on his leg in such a manner as
to wrench the flesh loose from the bone
below the knee and fracture the ankle.
It will probably make him a cripple
for life.

A severe rheumatic pain in the left
shoulder had troubled Mr. J. H. Lopez,
a well known druggist of Des Moines, Iowa,
for over six months. At times the pain
was so severe that he could not lift any-
thing. With all he could do he could not
get rid of it until he applied Chamber-
lain's Pain Balm. "I only made three
applications of it," he says, "and have
since been free from all pain." He now
recommends it to persons similarly af-
flicted. It is for sale by C. F. Moore &
Co., druggists.

relatives and friends, John K. Wright
and Miss May Barton were united in the
holy bonds of matrimony at the Friends

p. m., Rev. Elwood Scott officiating. The
bride and groom are both well and fa-
vorably known in this community, she hav-
ing come to Oregon with her parents from
New York and he from Illinois, some five
years ago. The GRAPHIC joins a host of
friends in wishing them all the joys of a
long and useful life. Their home will be
in a neat cottage recently built near the
college.

COUNTY HORTICULTURAL SOCIETY.

The first regular meeting of the Yam-
hill County Horticultural Society will be
held at Newberg April 2nd. Everyone
interested in fruit growing is invited to
attend. Members of societies in adjoin-
ing counties also invited. Prof. George
Coote, Horticulturist of the State Agri-
cultural College, will deliver a valuable
address. There will also be other valu-
able and interesting papers read, followed
by discussions and criticisms. Music
will be sandwiched into the program.
There will be an interesting exhibit of
fruit. Manufacturers are invited to ex-
hibit horticultural implements and prepa-
rations.

The wonderful resources of this county
in fruit products is well known, but near-
ly totally undeveloped. There is no rea-
son why the owner of a few acres in this
county, should not be in comfortable cir-
cumstances with a fair income, except his
ignorance of fruit raising. With thorough
organization and laws arming every fruit
raiser with power to make war on all
their enemies, individual and county
wealth will very soon be greatly aug-
mented. All will be benefited by at-
tendance and will be cordially welcomed
by the fruit growing people of Newberg.

J. C. COOPER,
Secretary.

chapel Tuesday morning.

training this week, chopping cord
wood.

Miss Myrtle McDaniel will not be in
school the spring term. She expects to
spend the spring and summer with
her uncle, Dr. Moore, of Laurel.

The Junior and Sophomore classes
have organized. Their badge is a sil-
ver pin engraved with the Greek
characters beta theta.

The chapel was crowded to the ut-
most Tuesday evening. The program
was well rendered and all the produc-
tions showed careful study and prepa-
ration.

Last Friday night was too tempting
an evening for the students of the
Crescent society. After literary about
sixteen lads and lasses walked down to
the river to see the high water, and
several others took a moonlight stroll
out north of town.

Last Thursday the chime of wedding
bells was again heard within the limits
of Pacific college. This time they were
ringing for Miss Edith Deskins and
Mr. Ed. Holt, both of whom were stu-
dents last year. Faculty and students
united in extending most hearty con-
gratulations to them. STUDENT.

SPRINGBROOK ITEMS.

Rev. John Shires preached at Union
meeting house on Parrott mountain last
Sunday.

Edgar Ballard occupied the pulpit at
this place last Sunday. He was assisted
by Prof. Lewis of Pacific college and Da-
vid Martin of Newberg.

appointed as delegates from our Sunday
school to attend the county convention
this week at Sheridan.

Grant Heater were appointed to represent
our Christian Endeavor society at the
convention which is to be held at Amity
on the 24th and 25th inst.

John Shires and Lee Sanders have
come to an agreement at last and will
trade farms accordingly. Lee will start
for Illinois with his family in a short
time unless something turns up to break
the trade.

BRO. JONATHAN.

LAFAYETTE ITEMS.

Mrs. Buzick, of Portland, is visiting
her sister, Mrs. Vickrey this week.

Court convenes next week and some of
the boys are beginning to get nervous.

had a runaway today which resulted in
the doctor being badly hurt.

A minister of the Christian church by
the name of Skaggs is holding a series of

the Methodist parsonage next Friday
evening at which 10c admission will be
charged, the proceeds to go to the mis-
sionary fund.

Our meat market has again changed
hands. Vels Olds has been handling
the knife and cleaver for nearly a week
and he is a splendid hand to cut meat,
(with a sausage mill). Next.

The churches all united on Sunday
night in celebrating the birthday of Neal
Dow, the great prohibitionist. The ser-
vices were held in the new Evangelical
church which was crowded to the doors.

The wife of Mr. Cross who moved here
from Portland some time ago was taken

back to the hospital and died there and
was buried here last Friday. It is a very
sad case as she leaves six children the
oldest only fourteen years old.

The Rehoboth played the beautiful
drama, "Above the Clouds," last Sat-
urday night to a well filled house. The
proceeds were between thirty-five and forty
dollars. This was more than they ex-
pected considering the inclemency of the
weather.

POSEY.

The laugh was on brother Wash of the
Dundee the other day. Deputy sheriff
Farley handed him a summons, and Wash
supposing it to be a legal notice for publi-
cation, replied: "Nice long notice. How
long is it to run?" "As long as you
please," said the sheriff. "I don't under-
stand this!" exclaimed Wash. "Why
man, you are sued," explained the sher-
iff. Then Bro. Wash happened to the
Dallas woolen mill.—Yolk County Ob-
server.
