A CORRECTION:—In speaking of the delegates to the state prohibition convention last week by some oversight we stated that Charley Moore was one who went. It should have read Charley Mitchell. We make this correction to prevent a damage suit by both the prohibitionists and Mr. Moore.

Dr. Dickson's lecture on "The Inspiration of the Scriptures," at Friends church last Sunday evening, was a real treat. It was one of the best lectures we have ever heard in Newberg, and evinced much thought and originality. We hope the doctor may be induced to favor us with another lecture at some time in the future.

Those who never read the advertisements in their newspapers miss more than they presume. Jonathan Kenison of Bolon, Worth County, Iowa, who had been troubled with rheumatism in his back, arms and shoulders read an item in his paper how a prominent German citizen of Ft. Madison had been cured. He procured the same medicine, and to use his own words: "It cured me right up." He also says: "A neighbor and his wife were both sick in bed with rheumatism. Their boy was over to my house and said they were so bad he had to do the cooking. I told him of Chamberlain's Pain Balm and how it had cured me, he got a bottle and it curned them up in a week. 50 cent bottles for sale by C. F. Moore & Co. Druggists.

Mr. and Mrs. J. C. Nelson and Harrison Crater returned Monday from their trip to the Midwinter fair and Southern California points. They report a very pleasant time, having had excellent health and the weather having been fine all the time they were there. They think southern California a very fine place generally, but report the prospect for this season as not very flattering owing to the continued dry weather. At Whittier, which Mr. Nelson likes the best of any of the places visited, they saw our former citizen of Newberg, David J. Wood, who seemed to be getting along nicely. Mr. Crater expected to remain in California thirty days longer, but in some way a mistake was made in issuing his ticket which only gave him thirty instead of sixty days to return in.

A transaction of some importance occured in town this week. P. M. Churchman and George Grayson traded cows, and by the terms of the trade the former comes into possession of the notorious Sheridan gate opener and vegetable spoiler, known as the "Gap City Terror."—Sheridan *Sun*.

The above named cow first gained a reputation in Newberg, and as a result of some of her marauding exploits she carries enough lead in her hide to make several "sinkers."

A Statement.

We want to inform the people of Newberg and vicinity that the story that has been circulated by parties of Newberg and vicinity about me and my family, is nothing more nor less than a low down falsehood, and a man that will tell such stuff when he knows it is not true hasn't a drop of honest blood in his veins. This stuff is false and nothing else. My father, William Jones, and son-in-law, R. M. Tate, passed away as peaceful and natural as any one has done. Read statement of physician below.
D. EVEREST AND WIFE.

TO WHOM IT MAY CONCERN:—This certifies that I attended the late R. M. Tate during his last sickness and many months previous thereto and that I positively know that his death was caused solely by a complication of diseases superinduced by La Grippe, and further that I was called to attend William Jones, deceased, but he having expired a few moments before my arrival I did nothing more than make an effort to learn the cause of his death. After diligent inquiry and careful examination I concluded that death resulted from apoplexy and I further aver there was no indication whatever that poison had been administered.
