J. S. Larkin who has been selling very fine strawberries about town for several days remembered us with a box of them on Thursday of last week that were properly sampled and pronounced O. K. Cutting Serape.
A disgraced cutting serape took place at Mitchell's blacksmith shop Wednesday afternoon. Mr. McCulley, who works at the grist mill called at the shop and asked to see Mr. Mitchell on the outside of the shop. They stepped outside and after a few words were passed McCulley struck Mitchell in the shoulder with a dangerous looking knife, inflicting a severe wound nearly two inches in depth. McCulley then left for home on the run where he was found soon after in bed. His leg above the knee was severely cut and those who saw a part of the fracas are of the opinion that he inflicted the wound himself in his excitement, he being under the influence of liquor. Both parties will probably be out in a day or two. No one knows just what the trouble was over but we understand they had a slight difficulty a day or two before. A warrant is out for McCulley's arrest.
