This issue of the Graphic is a commencement number and but little space is given to anything else. We believe our readers will appreciate the effort we have put forth to give a detailed account of the exercises of the week in connection with the close of the year's work at Pacific College. If you like the report given, call in and order a few copies sent to your friends.

"Many of the citizens of Rainville, Indiana are never without a bottle of Chamberlain's Cough Remedy in the house," says Jacob Brown, the leading merchant of the place. This Remedy has proven of so much value for colds, croup and whooping cough in children that few mothers who know its worth are willing to be without it. For sale by C. F. Moore & Co., druggists.

Hors:—You will get a better price and be at less expense each year by getting a first class outfit. F. H. Storey has the best and heaviest hop stove made. The half inch bolts are all on the outside, it is put together with fire proof asbestos cement, has large draft, interchangeable grate bars, protected bottom plate, etc. Call and examine the stove and also make arrangements for your hop pipe. Mr. Storey puts out nothing but heavy steel pipe closely riveted which with this stove will make an outfit that will last you for years.

A. M. Hoskins received a card from Gen. Lew Wallace a few days ago dated at Crawfordsville, Indiana, June 11, stating that in October he will make a limited lecturing tour of Utah, Montana, Washington, Oregon and California, under the management of John F. Brazg of Chicago. Newberg and the surrounding country is full of Indians and many others who are full of Wallace's Ben Hur. Let us make a pull to get him to come to Newberg to lecture. Such another opportunity will not come in our way for many a day.

I have two little grand children who are teething this hot summer weather and are troubled with bowel complaint. I give them Chamberlain's Colic, Cholera and Diarrhoea Remedy and it acts like a charm. I earnestly recommend it for children with bowel troubles. I was myself taken with a severe attack of bloody flux, with cramps and pains in my stomach, one-third of a bottle of this remedy cured me. Within twenty-four hours I was out of bed and doing my house work. Mrs. W. L. Dunagan, Bonanza, Hickman Co., Tenn. For sale by C. F. Moore & Co., druggists.

See Newberg Milling Co. for all kinds of lumber.

Jose Johnson, Edgar Hampson, George Tolson, and Melvin David are expected to start out on a rusticating voyage today. Some place along the coast will be the objective point and time alone will tell the length of their stay. The boys are made for a big time on such an outing and we feel sure they will have it.

Many ministers of the gospel could improve on their sermons materially by closely observing the kind of addresses given by Y. M. C. A. workers. Men who are kept in this work are never long winded. Their talks are clear cut and practical and they quit and set down when they get through. More young people are driven away from churches in disgust by long winded dry sermons, full of repetitions, than are ever saved by them.
