CONGREGATIONAL FUND FOR MINISTERS.

What becomes of disabled and aged ministers and their families? A good many of them depend on friends for support, some on public charity, some suffer in extreme poverty.

GLAD TO CONGRATULATE HIM.

When John Wanamaker celebrated his fifty-fifth birthday recently he received many congratulations and good wishes, but it may be doubted if any of his friends really wished for many happy returns of the day with as much earnestness as that felt by the twenty-four life insurance companies that have issued policies on the life of the Philadelphia shopkeeper.

MARTIAL LAW NOW.

Practically the Effect of a Proclamation Issued.

Washington, July 9.—Just before midnight President Cleveland issued the following proclamation: "Whereas, by reason of unlawful obstructions, combinations and assemblages of persons it has become impracticable, in the judgment of the President, to enforce by the ordinary course of judicial proceedings the laws of the United States within the State of Illinois and the city of Chicago within said State; and Whereas, for the purpose of enforcing the faithful execution of the laws of the United States and protecting its property and removing obstructions to the United States in the State and city aforesaid, the President has employed a part of the military forces of the United States; and Whereas, it is necessary to the faithful execution of the laws of the United States and the protection of its property and removing obstructions to the United States in the State and city aforesaid, that the laws of the State which prohibit the use of force to obstruct the execution of the laws of the United States, or with interfering with the functions of the government, or destroying or attempting to destroy the property belonging to the United States, or under its protection, cannot be regarded otherwise than as public enemies; and Whereas, troops employed against such riotous mob will act with all moderation and forbearance consistent with the accomplishment of the desired end, but the necessities that confront them will not with certainty permit discrimination between guilty participants and those who are mingled with them from curiosity and without criminal intent. The only safe course, therefore, for those not actually unlawfully participating is to abide at their homes or at least not to be found in the neighborhood of riotous assemblages. While there will be no hesitation or vacillation in the decisive treatment of the guilty, this warning is especially intended to protect and save the innocent. In testimony whereof I hereunto set my hand and cause the seal of the United States to be hereunto affixed. Done at the city of Washington, this 9th day of July in the year of our Lord 1894 and of the independence of the United States of America the 18th.

GROVER'S DETERMINED ACTION.

Washington, July 9.—Just before midnight President Cleveland issued the following proclamation: "Whereas, by reason of unlawful obstructions, combinations and assemblages of persons it has become impracticable, in the judgment of the President, to enforce by the ordinary course of judicial proceedings the laws of the United States within the State of Illinois and the city of Chicago within said State; and Whereas, for the purpose of enforcing the faithful execution of the laws of the United States and protecting its property and removing obstructions to the United States in the State and city aforesaid, the President has employed a part of the military forces of the United States; and Whereas, it is necessary to the faithful execution of the laws of the United States and the protection of its property and removing obstructions to the United States in the State and city aforesaid, that the laws of the State which prohibit the use of force to obstruct the execution of the laws of the United States, or with interfering with the functions of the government, or destroying or attempting to destroy the property belonging to the United States, or under its protection, cannot be regarded otherwise than as public enemies; and Whereas, troops employed against such riotous mob will act with all moderation and forbearance consistent with the accomplishment of the desired end, but the necessities that confront them will not with certainty permit discrimination between guilty participants and those who are mingled with them from curiosity and without criminal intent. THE WALLACE OUTRAGE.

Governor McConnell Offers a Reward for Kneebone's Murderers. Wallace, Idaho, July 9.—The trouble which resulted in the killing of John Kneebone, blacksmith, at the Gem mine on the afternoon of July 3 originated in his giving damaging testimony against the strikers in their great trial here just two years ago. About a month ago he and about thirty others were blacklisted by the miners' unions of Gem and Burke, and their employers were requested to discharge them. The mine owners refused either to discharge or protect them, allowing them to take their own chances.

SEVERE LAWS PROPOSED.

The French Government's Measures Against Anarchists. Paris, July 9.—A special cabinet council, presided over by Premier Dupuy, was held to-day. There was a complete discussion of the anti-anarchist measures decided upon by the council of Ministers the day after Carnot's murder. These measures will be introduced in the Chamber to-morrow, and the government will insist upon their being adopted before the close of the session. They provide for the removal of the correctional tribunals for trial of offenders who have been sentenced to the Assizes for trial before juries. Among the offenses covered by the Ministers are incitement through the press to outrage, speeches advocating theft, murder, robbery, incendiarism, crimes against the State and the defense of such crimes. The publication of reports of anarchists' trials is forbidden under heavy penalties. The reason for this special action is in cases of persons charged with the above offenses is that the juries have always hesitated to convict, because the Assizes judges are empowered to inflict the heaviest sentences.

PAN-AMERICAN NEWS.

President Barrios Working for the Central American Union. New York, July 9.—The World's Guatemala special says: A conference of political leaders has been held at the government house. The government is playing a deep game in behalf of Central American unity, to accomplish which is President Barrios' greatest ambition. Reports are being continually received and agents sent to their Republics to spread the propaganda. There is much speculation regarding Mexico's real attitude toward this movement.

North Against South America.

New York, July 9.—A World dispatch from London says: Information reaches here that the long-tailed duel between Audinet Gilbert of New York and Senor Delpar de Santa Maria of South America, a gentleman concerned in the famous Gilbert divorce suit, has been fought, and that Santa Maria has been severely, perhaps fatally, wounded. It will be remembered Gilbert after the conclusion of his wife's suit for divorce publicly announced his intention of challenging Santa Maria. In a letter, which the World representative saw to-night, it says they met on the Belgian frontier, and that Santa Maria was run through the liver. No mention is made of Gilbert having been wounded; so he probably escaped unharmed. Santa Maria was taken to Paris. The letter states that Gilbert provoked the quarrel, which finally led to the field.

Sir John Pender's Opinion.

London, July 9.—Sir John Pender in speaking of the Ottawa conference said: "I have carefully followed the proceedings of the conference, and observe that the discussion has resulted as expected. The delegates in arriving at the conclusion reported have in my opinion shown great judgment. One point, however, for special remark is the recognition by the conference of the principle of compensating South Australia if the Pacific cable is laid. This is only just under the circumstances, and naturally implies that the existing cable service will receive similar treatment."

Gladstone's Formal Declaration.

Edinburgh, July 9.—At a meeting of the Midlothian Liberal Association a letter from Gladstone was read in which he formally places himself out of the race for re-election.
