On account of the high water the steamer Altona had a very serious time running the rapids at Rock Island when coming up the river last Sunday. Rev. Jerard gave a very plain talk last Sunday at the Baptist church on card playing and the usual attendant evils. The sermon is highly commended by those who heard it. A pack of cards like a jug of whiskey, are in themselves harmless, but years of experience has proven that card playing gets many more young fellows into trouble than it ever helps out.

C. K. Spaulding is arranging to move across the street to the Hoskins' building where he can have more room. Chamberlain's Cough Remedy is famous for its cure of bad colds. It opens the secretions, relieves the lungs and aids nature in restoring the system to a healthy condition. Mr. Miller who recently bought the Platt place north of town went to Portland Tuesday to look after the purchase of a number of incubators for use at his chicken ranch. His plan is to make a business of raising broilers for the large hotels, and he says he already has an order from Chicago for all he can raise the coming season at remunerative prices. They will be shipped in carload lots, a man going through with the car to feed and care for the chicks. Dr. Mills will assist Mr. Miller during the season in putting up necessary buildings and in making all the arrangements for carrying on the poultry business in a systematic way.

The Tax Question Again. On further investigation the Graphic finds that the estimate of a 31 mill tax for all purposes as published last week was too low. School director L. M. Parker says the school board has agreed on asking the district to vote a 3 1/2 mill tax to pay for putting in a new furnace and making some repairs about the school building, and further that if a bond of \$1000 which falls due this year is paid off 4 mills more will be required for that purpose. This will make a grand total of 33 1/2 mills for state, county, town and school purposes.

Mr. Parker says however that the school board contemplates asking the privilege of making a new bond sale to run for a term of years to be agreed upon, and thus save the tax payers this extra 4 mill tax this year. If this is done and the 3 1/2 mill tax to be asked for is voted, Newberg tax payers will still be compelled to face a 29 1/2 mill tax. Now any fair minded man will concede at once that there is not an individual in Newberg who is doing a business that will enable him to meet such a tax without it coming as a heavy burden on him. Then if this is true it is best to continue to load ourselves up in this burdensome manner or shall we conclude to lop off some expenditures that we can get along without incurring?

At the poultry show at Portland last week where there were more than six hundred birds on exhibition J. L. Hoskins received first premium on his breeding pen of Black Minorcas, first, second and third on pullets and second on cockerels.

On Barred Plymouth Rocks Charley Butler took second on cockerel and second on pullet.

Luther Newlin took first on Buff Leghorn pullet.

E. H. Woodward second on Silver Laced Wyandotte hen and second on breeding pen for same breed. S. Hobson's and Charley Moore's White Wyandottes failed to take any prizes as the judge said they were disqualified on account of a slight defect in color of a feather or two in each bird, but he remarked that they were as fine White Wyandottes as he ever saw and aside from the defect mentioned he thought they were the highest scoring birds at the Portland show.

An Old Soldier's Recommendation. In the late war I was a soldier in the First Maryland Volunteers, Company G. During my term of service I contracted chronic diarrhoea. Since then I have used a great amount of medicine, but when I found any that would give me relief it would injure my stomach, until Chamberlain's Colic, Cholera and Diarrhoea Remedy was brought to my notice. I used it and will say it is the only remedy that gave me permanent relief and no bad results follow. I take pleasure in recommending this preparation to all of my comrades, who, while giving their services to their country, contracted this dreadful disease as I did, from eating unwholesome and uncooked food. Yours truly, A. E. Bending, Halsey, Oregon. For sale by A. T. Hill, druggist.

A Matter of Opinion. A gentleman was greatly surprised and pleased the other day at the reply a lady gave to the question: "Do you plant Vick's Seeds?" Her answer was: "I always plant Vick's seeds in the front yard, but we get cheap seeds in the back yard, which I know is a mistake."

It pays to plant good seeds, and we advise our friends who are thinking of doing anything in this line to send 10 cents for Vick's Floral Guide for 1895. This amount may be deducted from the first order. James Vick's Sons, Rochester, N. Y., are the pioneers in this line.

The story comes to our ears of a young fellow up the valley who went to see a girl, living several miles distance, and on the road got caught in a rain storm. He reached his destination accepted an invitation to stay all night, and, to facilitate the drying of his trousers hung them out the window. A bunch of festive calves gambled up to the house before he arose in the morning, and amidst themselves by chewing his trousers legs up. When he pulled them in in the morning he of course felt greatly embarrassed, and his prospective father-in-law had to call him to breakfast several times before he found out what was the matter. The old gentleman finally loaned him a pair of his own big trousers, and the young fellow wore them home and bribed the family and the neighbors to keep it quiet. But in some way it leaked out. — Transcript.

Telephone Connection With Portland. On last Tuesday the Willamette Valley Telephone company's line was connected with the telephone office in the Oregonian building, in the city of Portland, and since that time the wire has been in use to the city. At present a messenger service has been put in at that point which will be continued until connection can be made with the Columbia telephone company. The charges are as follows: To Portland 35 cents, Dayton and LaFayette 15 cents and McMinnville 20 cents. Unavoidable delays have occurred which have prevented both companies from getting ready for Portland business as soon as was hoped for, and it will still be some time before the Columbia company will be ready for connection with the valley line, but in the course of time Newberg will have good connection, not only in Portland, but with Salem and other valley cities.

Sophomore Recital. The Sophomore class gave a recital at the college on last Saturday evening which was well attended. The music was good and the orations were all of such a character as to reflect credit on the class. A unique feature of the printed program was a note at the bottom which read as follows: "The Class cordially invites you to be present at their Commencement Exercises, to be held in the Friends church, June, 1896." Anyone who has been accustomed to attending these class recitals from year to year can easily note the good work the college is doing in developing the "thinkers" of the young people, and the friends of the institution have reason to feel gratified at the progress being made.

PROGRAM. Instrumental Solo. Calva Martin. The Fourth Commandment. Rollie Kirk. Diplomacy. Wood Puett. The Presidential Campaign. Walter Woodward. Arbitration. Clara Vaughan. Elective Franchise. Oscar Cox. Music, Quartette.
