Henry N. Miller in Trouble.

Henry Miller was arrested last Monday on a charge brought by W. C. Kruger, for obtaining money under false pretense. On Tuesday he was arranged before Justice A. M. Hadley. He waived examination and his bonds were fixed at $1000. He was unable to furnish bail and consequently he was committed to the county jail to await the action of the grand jury at the coming March term.

The first known of the accused in this community was about a year ago when he was working at Martin Miller's chicken ranch on the red hills this side of Dayton. After closing his contract there he stopped with Dr. A. Mills at his place near Dundee for some time, but for several weeks he has been batching in David Martin's house near Dundee. He seems to have been exceedingly anxious to get married, and apparently with this object in view, he has been paying close attention to the daughter of Mr. Platt, who lives out north of town. It seems that he has represented himself to be worth considerable money, and has been saying for some time that he was going into the poultry business on a large scale in this community. Mr. Platt thought he had his place sold to him but the bargain was never closed.

Mr. Kruger says he loaned Mr. Miller $30 a short time ago on account of representations the latter made, claiming to be worth considerable money, and on becoming convinced that the representations were false, he caused the arrest to be made.

Mr. Miller had left some papers with Mr. Kruger for safe keeping and among them was found an abstract of title to land which Dr. A. Mills formerly owned. The name had been erased and Miller's written instead, and it was raised from 50 acres to 250. It was also changed to read Westmoreland Co., Pa., in place of Yamhill county, Oregon. It is supposed that Mr. Miller got possession of this paper when he was staying with Dr. Mills, and his intention was to use it to make people believe he owned valuable land east.

After his arrest he did not seem to care to talk to any one about the affair nor to make any defense. It is generally believed that he is a little off some way.

The gentleman who lives at the fish pond east of town is selling duck eggs at a dollar a setting. The city fathers can now see where they missed it in not closing the deal for that property. The Graphic said at the time that the town might as well own its own duck pond. Just think what a source of revenue it would be to the city to have a thousand ducks busy laying eggs to be sold at a dollar a setting.

Luther Votaw came down from Tacoma last week bringing his two little boys with him. He has arranged with his mother to take care of the boys while he goes on a mining expedition into the Cascade mountains where he has an interest in a claim. He will go as soon as the weather will permit in the spring.

There is quite a good deal of talk about Kaffir corn and what it would do in this country. The stir made this week over the arrest of Henry N. Miller who has been representing himself to be worth several moderate fortunes, will bring to the minds of the older settlers a similar swath cut some years ago by one white bearded "Colonel," who bought up most of the donation claims out northwest of town, but suddenly departed after getting several weeks board and lodging among the farmers free. W. J. Stater had some interesting "seances" with the "Colonel" an account of which he might give to inquirers if properly approached.

An Old Soldier's Recommendation.

In the late war I was a soldier in the First Maryland Volunteers, Company G. During my term of service I contracted chronic diarrhœa. Since then I have used a great amount of medicine, but when I found any that would give me relief it would injure my stomach, until Chamberlain's Colic, Cholera and Diarrhœa Remedy was brought to my notice. I used it and will say it is the only remedy that gave me permanent relief and no bad results follow. I take pleasure in recommending this preparation to all of my comrades, who, while giving their services to their country, contracted this dreadful disease as I did, from eating unwholesome znd uncooked food. Yours Truly, A. E. Bonding, Halsey, Oregon. For sale by A. T. Hill, druggist.
