DEVELOPMENT AND PROGRESS

All the Cities and Towns of the Pacific
States and Territories—
Washington.

County immigration conventions are
all the rage in the Evergreen state this
month.

A resumption of the operations of
the paper mills at Everett is a matter
of considerable importance to that
town.

A consignment of Kafir corn will
soon arrive from Kansas and an effort
will be made to induce Adams county
farmers to give it a thorough trial.

Specimen photographs of Whatcom
county timber have been forwarded to
an Eastern polytechnic institution, to
be used in the regular course of study.

The people of Payallup are rejoicing
in the mildness of its climate, which
fact is evidenced by the presence of
blooming roses and chrysanthemums.

Another large batch of land has been
patented by the Northern Pacific rail-
way. It consists of 595,318 acres lying
in Yakima, Walla Walla and Franklin
counties.

To this state has been secured a sepa-
rate district for river and harbor im-
provements by the authorities at Wash-
ington. An engineering office will be
established at Seattle.

The Ritzville farmers and business
men are very joyful on account of the
bright prospects for a good year. Sum-
mer fallowed ground is permeated
three or four feet with moisture and a
good crop is almost assured.

A good suggestion has been made to
build flatboats with a capacity of ten
or fifteen tons, to be loaded with ore
or near Fairview mining camp, B. C.,
in the Osoyoos division upon the
Okanogan river, and float them down
to Wenatchee.

The Pacific County Bar Association
has taken steps to prevent Oregon law-
yers from practicing in the superior
court in the district which comprises
Pacific, Wahkiakum and Lewis coun-
ties. The last legislature passed a law
allowing only those lawyers from
other states to practice in Washington
courts whose states granted the same
privileges to Washington lawyers. It
appears that Oregon laws do not per-
mit lawyers residing in this state to
practice there.

Two carloads of machinery have ar-
rived from the East for the Seattle
firm that successfully bid for two of
the new warships. The buildings are
now all in readiness, including the
building ways, which are covered by
a roofed shed 200x75 feet, giving am-
ple room to build both the torpedo boat
and the revenue tug. Not the least
significant of the recent extensions is
the shop for steel ship building which
is now completed and ready to receive
its machinery and tools.

Real estate agents of Spokane are
jubilant over the increase of their stock
in trade of alluring inducements.
The bank clearances for the week end-
ing January 25, exceeded those of Seat-
tle, Tacoma and Helena. It may also
be noted that the railroad traffic shows
a remarkable increase, and the hotels
and restaurants are filled with more
strangers than at any time for three
years previous. This increase, to-
gether with ten big mines working in
the Coeur d'Alenes and a lengthening
list of shippers in the Slocan and Trail
Creek districts, with wheat advancing
until it is worth about 20 cents per
bushel more than last year; with new
enterprises guaranteed for this city,
and with the other signs of new pros-
perity, Spokane has no complaint to
register at this date.

Oregon.

A new steamer for the coal trade is
soon to be put on between San Fran-
cisco and Coquille City.

A mining and coal-shipping corpora-
tion has been started at Bandon, with
a capital stock of \$150,000.

The building of the Astoria rail-
road has already consumed \$400,000,
which is at the rate of \$50,000 per
month.

A rabbit drive fad is now being in-
dulged in by the citizens of Lakeview,
and thousands of the animals have
been killed.

It is estimated that the wool crop
alone sold to such good advantage that
\$600,000 was disbursed in the vicinity
of The Dalles last year.

Benton county, which now has six
flouring mills, is soon to have another.
The new mill is to be of a complete
roller process and is to contain modern
machinery.

The farmers around Roseburg have
been cashing up their wheat, taking
advantage of the prevailing advance of
the market value of that commodity;
the result is much coin is being placed
in circulation which cannot be accom-
modated with the opening season.

The Willamette river seems to be
steadily deepening every year and also
increasing in volume of water. In
places the channel has an entirely dif-
ferent course than that remembered by
the oldest settlers. It really seems to
be going back to its old bed of prehis-
toric times. Such radical changes
have taken place in the channels of
other rivers, but the cause of which
has been just as deeply involved in
mystery.

A short time since cannerymen were
complaining of a slow market for their

Potter Palmer, of Chicago, is being
considered by the administration as
the possible successor to Theodore Run-
yon, as ambassador to Germany.

It is reported that Germany has or-
dered twelve torpedo destroyers from a
London shipbuilder. The new vessels
are to have a speed of thirty knots an
hour.

A railroad bridge near Sausalito,
Cal., collapsed from the weight of a
locomotive, resulting in the death of
the engineer and serious injury to the
freeman.

Right Hon. Hugh C. E. Childers,
formerly first lord of the admiralty,
chancellor of the Duchy of Lancaster,
and financial secretary of the treasury,
died in London.

General Joseph H. Porter died at the
Grand Union hotel, New York. The
immediate cause of his death was com-
plications from a gunshot wound in the
lungs, received during the war.

The rolling mills of the Illinois Steel
Company, located at South Chicago, Ill.,
which were shut down December 31,
have resumed, giving work to 6,000
men, who have been idle since the shut-
down.

A physician of Rio de Janeiro de-
clares that he has found a cure which
is almost certain in its effects for yel-
low fever. The physician's new reme-
dy consists of the internal use of
doses of the extract of eucalyptus.

A dispatch to the London Pall Mall
Gazette from Cairo, Egypt, says a seri-
ous revolution has occurred at Khartoum,
growing out of differences be-
tween the mahdi and the tribes belong-
ing to the interior of Sudan. The
mahdi is practically overthrown.

The Berlin Tageblatt says: "It will
be the duty of continental diplomacy to
convince America that England's mo-
tives in the Armenian question are po-
litical, and not humane, and thus dis-
suade the United States from co-operat-
ing with England."

A dispatch to the New York World
from Caracas, says: Anti-English
sentiments are again being held. The
women of Venezuela form branches of
society for the defense of national ter-
ritory, and will boycott all English
household goods.

Belva Lockwood, once a presidential
candidate on the woman's rights
ticket, and now a practicing attorney
in Washington, has been debarred as
a practicing attorney or agent before the
patent bureau. She is accused of hav-
ing improperly accepted a pension fee
of \$25.

Pinkerton detectives have arrested
Express Agent George Kront, of Colo-
rado Springs, Colo., on a charge of be-
ing implicated in the theft of \$35,000
from Wells Fargo Company several
months ago. Kront claims to be in-
nocent, saying he had been robbed by
highwaymen.

William Gambold, a railroad brake-
man, has begun suit against the Pen-
nsylvania Railroad Company for \$25,000
damages for malicious prosecution.
The suit is the outgrowth of the Amer-
ican Railway Union strike of 1894, and
is brought as a test case.

A special dispatch from St. Peters-
burg says: Arrangements point to a
conclusion between Russia, Great
Britain, France and Italy for a final
settlement of the Armenian question.
These include Russia's occupation and
administration of Anatolia and the
purchase of Cyprus by Russia.

The first signs of the Dominion gov-
ernment's intention to carry out its
promises towards the protection of the
country, in the event of trouble with
any other nation, are seen in the es-
timates of the coming year, which have
been presented to parliament by the
Hon. G. E. Foster, minister of finance.
The total estimate for the ensuing year
is \$41,330,681, about the same as last
year. In the expenses for the maintenance
of the militia, however, there is an in-
crease of \$772,716 over last year.

The unexpected order for Commander
Ballington Booth's recall to England
from America, has occasioned so much
disquietude and murmuring among
the rank and file of the Salvation
Army in this country that General
William Booth, father of Ballington
Booth and commander-in-chief of the
Salvation Army forces throughout the
world, who is now in Australia, has
decided to visit the United States next
spring.

The treasury department is exceed-
ingly anxious that a large proportion
of the gold offered in payment of the
new bonds shall be obtained in Europe,
and for the purpose of encouraging im-
ports, it is intimated that the bidder
who offers foreign gold, or who demon-
strates that he has gold on the way at
the time the bids are opened, will be
given preference in the awards, other
things being equal, over other who
offer domestic gold.

The second opinion in the Eastern
Oregon branch asylum case has been
handed down by the supreme court.
This time the injunction is dissolved
and the complaint dismissed, leaving
the constitutional question still unset-
tled. The opinion was written by
Judge Wolverton and concurred in by
the other two members. In its ruling,
the court admits that the question is
one of grave importance, but does not

PORTLAND MARKETS.

The jobbing trade is quiet. Receipts
of produce are light, and prices un-
changed. The egg market is fully
stocked and the movement is slow, but
quotations have not been changed.
Poultry of all kinds is steady at former
figures.

Wheat Market.

The local market is inclined to be
quiet after the flurry of the past week,

REQUESTS IN PRIZE PACKAGES.

Cleveland, O., Feb. 3.—A Luther
Moses' will, which has just been pro-
bated, is peculiar in that seven be-
quests to relatives are represented in
as many prize packages, contained in
the safe at the Savings & Trust Com-
pany. As soon as the executors fur-
nish bonds the heirs will repair to the
bank and receive the packages, which
are numbered and assigned. It is sup-
posed they contain deeds to real estate
and perhaps checks for sums of money.
The testator died three weeks ago.
He was possessed of a large fortune,
the exact value of which is not known.

ALLEGED OVERTURES TO THE POWERS.

London, Feb. 3.—A Madrid dispatch
says: It is stated that overtures which
the United States has made to the
powers to recognize the Cuban insur-
gents as belligerents have failed.

Boston, Feb. 3.—Considerable sup-
pressed excitement was noted in Christ-
ian Endeavor circles today as the result
of the news that Bishop Arnett, of
Ohio, who is here to attend the Christ-
ian Endeavor rally, had been refused
admission to three of Boston's leading
hotels on account of his color, and
vigorous denunciation of the manage-
ment of the hotels in question was
heard on every hand.
