The Old, Old Story.

On Wednesday morning when J. B. Mount entered his hardware store he noticed a lot of tools laying on the table near the safe, and on investigation he found that a visitor had been in during the still hours of the night, on mischief bent.

The burglar effected an entrance to the store by breaking the lock to a back door, by simply prying on the door with a chisel and heavy screw driver. The counter till was forced open and a handful of dimes and nickels taken, while a few were left in the drawer and some scattered on the floor. A hole was drilled in the door of the safe, but here he got no farther, as from all indications he got scared and hastily took his departure, for a drill was left sticking in the hole and the other operating tools were left on the table near by. About \$40 in cash was in the safe, which would have been pretty fair wages for a night's work, had he secured it, but he probably only got about \$1.50.

At about half past one o'clock in the night F. H. Storey was out in his wood shed with a light, and as this was only about sixty feet from where the burglar was operating, it is quite likely that the light shining into the store room scared him away.

The tools the burglar worked with were stolen from Fred Bent's blacksmith shop.

Accident to the Elmore.

The steamer Elmore ran onto a snag last Saturday when within about four miles of Albany, and stove a hole in her hull at a point beneath the forward deck.

The pilot, John Zumwalt ran the steamer out onto the "beach" where she remained until the Gipsy arrived from Corvallis the next morning and removed what freight was aboard, when temporary repairs were made, and she returned to Salem in the evening. The steamer has since been taken to Portland for permanent repairs.

The punkin' pie social, given by the social committee of the C. E. society in the basement of the Friends church, last Friday evening was an event of more than usual importance. The first thing on the program was the conversation contest, in which Pres. Newlin won the prize, a big (7) pie, by talking to fifty-four separate persons in twenty minutes. Needles, thread and cloth were then brought out and everyone present was required to work a button-hole. The first prize was awarded Miss Sadie Bond, and the second to Miss Pearl Cummings—the boys were simply outclassed in this contest. A light collation was served, games played, and the evening was voted by all to have been well spent, and each felt sure that he knew his friends better and was better himself by having been present.

The Washington birthday social, given by the W. C. T. U. at Armory Hall last Saturday evening, was one of the most pleasant social events of the season. The costumes were fine; the coffee and cake were good; the recitation, delineating the old style of speaking, by Mrs. F. A. Morris, and the music by the orchestra were the events of the evening.

The gymnasium is now under cover and sided on three sides. Some of the boys deserve credit for the faithfulness with which they have labored in this good cause.

Many students enjoyed a very pleasant evening at the social last Friday night at the church, given by the Christian Endeavor society. Some of the boys made fowls of themselves.

The only thing that was done in honor of Washington's birthday was the raising of the college flag. It was forgotten and left out over Sunday to battle with the elements and was badly torn.

Fine weather has revived the athletic fever. The first base ball game of the season was played on the college campus last Friday evening. The contesting teams were the second nine of the college and the N. P. S. boys; score, 16-9, in favor of college.
