He is of the opinion that during the summer there will be not less than two thousand prospectors in the region opened up by the building of the wagon road by the Red Rock Mining Company. Mrs. Hoskins had succeeded in dressing the fowls and preparing a bountiful repast without J. L.'s knowledge, and to this the visitors sat down, and while they chatted pleasantly over the incidents of the past they ate to the health of all. A number of useful presents were bestowed on Mr. Hoskins by those present and a very enjoyable evening was reported.

Miss Sargeant's Concert.

The concert given by Miss Lula G. Sargeant at the college chapel on Friday evening of last week was one of the most enjoyable ever given at the college. An exchange says: The Goddess of Liberty is getting to be a very "old maid" indeed, and has concluded to marry a man—name not stated, a mere man being of no particular consequence to a "Goddess." Any man who has a silver dollar can gaze in more or less rapture on the classic profile of the "Goddess" who is going to be married. She is a living woman who has been immortalized as the "Goddess of Liberty" on our dollars since 1875. Her name is Miss Annie Williams. She is a Philadelphia school "marm." Twenty years ago Miss Williams was "divinely short and most divinely fair," from an artistic standpoint. Mr. Morgan, an English designer employed at the Philadelphia mint at that time, completed the design for the die after five sittings by Miss Williams. He considered Miss Williams' profile as the most perfect he had ever seen either in England or America. If you have a dollar you may gaze on this classic loveliness and form your own opinion concerning "high art" as transformed from a human face to a sordid coin by a master hand.
