Demorest Gold Medal Contest.

The contest held in Armory Hall Tuesday evening was of especial interest, as each participant had already received a silver medal, making it a contest between victors. The exercises began at 8:15, with music by the orchestra, composed of the following: Guitars, Mrs. Nellie Jones, Miss Ione Hill, and Mr. F. E. Vostal; violins, Messrs. Charles and Lashier; cornet, Mr. Charles Hodson, and organ Mrs. Emma Hill. The music given by the orchestra throughout the evening was very good and highly appreciated by the audience. The first speaker was Miss Bernice Corcor of Dayton. Although she is evidently a good speaker, her selection was not suited to her voice, as it put it on two much of a strain. The next speaker, Miss Bertha Cox, acquitted herself well. She was very easy and composed on the stage, and spoke in a pleasing manner. The audience was then entertained with a vocal duet by the Misses Hinchaw and Hiatt. The third speaker was the only gentleman speaker of the four contestants, Mr. Ore L. Price. Mr. Price spoke well, though he hesitated slightly once. He was heartily applauded by the large and appreciative audience. No. four, Miss Stella Smith, rendered her selection with good effect. Miss Smith's voice has been greatly improved within the last few weeks, it being stronger and much more steady. The judges, Mr. Belknap of Dayton, Mrs. J. C. Hodson, and Miss Nellie Comer of Seattle, Wash., then withdrew to make the decision. In the meantime, C. W. Mitche' gave a recitation, "The Sermon to the Sisters" for the amusement of the audience. He was heartily encouraged, and gave another such selection. The judges having made their decision, Miss Comer presented the handsome medal to Miss Smith, she thus having received two medals within almost as many weeks.

Earthquake Shock.

On Thursday morning when our citizens collected on the streets, about the first remark to be heard was, "did you feel that shaking up we got this morning?" and there were very few who did not feel the shock.

At twenty minutes past three o'clock in the morning the wave struck town, when houses shook, windows rattled and some say their beds swayed to and fro. The wave seemed to pass from west to east and was quite generally felt all over the country. Up to the time of going to press no damage from the shock has been reported.

The various families of Denny pheasants in this community seemed to be seriously disturbed by the shock, for different persons who got out of bed when they were awakened, heard the pheasants cackling and crowing around town in all directions.

Through the efficient work of the track committee of the athletic association the quarter mile track on the college campus has been put in very fair condition. The boys have begun training already.

Annual Meeting of W. C. T. U.

At the annual meeting of the Newberg Union held March 25th, all the general officers reported with the exception of two or three vice-presidents. Some of the reports of vice-presidents showed several new members brought into the union from their respective churches. The secretary reported twenty-three new members added in the past year with an average attendance of twenty-four. The treasurer reported \$115.17 raised.

Not one superintendent of department work failed to report. All of these reports show much work done, some being especially encouraging. The superintendent of mercy has distributed 100, 271 pages of literature, thus helping to teach humane treatment of dumb creatures.

The superintendents of prisons and jails have done good work, one woman having distributed 1889 pages of literature.

Several thousands of pages of literature have been sent out by the various superintendents. The L. T. L. work under the supervision of Miss Effie Macy, assisted by a member of good helpers in the way of teachers and singers, is doing excellent work. They report a membership of over 100, intelligent girls and boys full of enthusiasm. Mrs. Lorena Hodson and Miss Stella Smith were glad to receive new members.

J. W. Pierce, Republic, Ia., says: "I have used One Minute Cough Cure in my family and for myself, with results so entirely satisfactory that I can hardly find words to express myself as to its merit. I will never fail to recommend it to others, on every occasion that presents itself." A. T. Hill.

L. M. Parker has sold a half interest in his clothing and gents furnishing store to Charley Hodson. An invoice was taken of the stock the first of the week and the new firm is ready for business. Charley, however, will finish his school at Dundee before taking his place in the store. Success to the new firm.

Don't invite disappointment by experimenting. Depend upon One Minute Cough Cure and you have immediate relief. It cures croup. The only harmless remedy that produces immediate results. A. T. Hill.

The heavy frosts we have been having this week have no doubt killed considerable of the fruit that was out in full bloom, such as silver prunes and some varieties of cherries, but many kinds of fruit were not out enough to be killed by the frost. It is the wonder of the world anyway, the amount of frost and cold weather fruit can stand in this climate and survive.

Dr. Littlefield was called to Lafayette at a very early hour Tuesday morning, to consult with Dr. Michaux in a case where a lady living near there named Tustin was suffering from a very bad fracture of a lower limb. The accident happened in a runaway scrape in which the lady jumped from a vehicle, and on lighting the bone was broken and forced through the limb would have to be amputated but the doctors hope to save it.

Moses Votaw, cashier of the Chehalis Valley Bank, was in the metropolitan city of Lafayette, Thursday, on his wheel, and being accustomed to riding on the walks in his home town, he thought nothing of doing the same away from home, but that is where he missed it as he was arraigned for the grave offense and fined \$2.00. A McMinnville youth met with the same sad fate at the same time.
