The populists say they hope to get Hon. J. B. Weaver of Iowa who is now making a canvass of the state to come to Newberg during the canvass. If he should come he would get a large audience as there are many people here, who, although they don't agree with him at all on political questions would be glad of an opportunity to hear him speak.

One of the Bristow boys was in town Wednesday and gave an account of a very animated political discussion which took place on Tuesday night at the Pleasant View school house on Parrett mountain, the participants being Walter Tooze of Woodburn who of course championed the republican cause and the other gentleman was a populist whose name young Bristow had forgotten. The meeting did not adjourn until after midnight.

Prof. Lee Baker of Carlton stopped over here a little while Wednesday morning for a chat with his friends, while waiting for a boat for the lower river. Mr. Baker was a candidate for recorder at the county republican convention and he has as many friends as any man in the county but the fact that he held office for several terms in the county was against him. He is an enthusiastic supporter of Prof. J. C. Hodson for school superintendent.

For every quarter in a man's pocket there are a dozen uses; and to use each one in such a way as to derive the greatest benefit is a question everyone must solve for himself. We believe, however, that no better use could be made of one of those quarters than to exchange it for a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, a medicine that every family should be provided with. For sale by A. T. Hill.

A small boy was seen on the streets one day the first of the week tearing up posters that announced the coming of Mr. McCamant. Now no one supposes that the boy was doing this for any special reason but rather because he was getting a little fun out of it and really did not realize what he was doing, but mention of the occurrence is made here simply because he is the son of a father, who, only a short time ago insinuated that posters, other than republican and democratic, were maliciously destroyed in Newberg by designing persons.

J. S. Larkin attended a meeting of the prominent horticulturists of the state at Portland last Tuesday. The meeting was called for the purpose of considering the matter of co-operative handling of the fruit for the coming year and uniting with the California Fruit Association in controlling Eastern auction houses and to elect a delegate to the meeting for the purpose of forming a national fruit growers union, to be held in Chicago, May 20. Willis Brown manager of the Oregon Fruit Union was elected as a delegate to the Chicago meeting.

Wallace McCamant of Portland addressed the citizens of Newberg on the political issues of the day at Armory hall on last Monday night, speaking from a republican standpoint. Mr. McCamant is a fluent speaker and he goes right after his subject without the aid of notes, a happy faculty which is not possessed by every political speaker. He spoke especially on the subject of the tariff and the money question and the attention he received by the large audience was good evidence that the people are doing a great deal of thinking along these lines. Mr. McCamant is a sound money man and he is not lacking in information and ability to enable him to give to every thinking man a reason for the theories he advances. Of course it is not reasonable to suppose that all his hearers agreed with him at the close of his speech but it is safe to say that should he return to Newberg in the future he will get a good audience.

A FALSEHOOD WITH INTENT.

The Editor of the Independent in this week's issue, puts out that which he knows to be a positive falsehood, when he refers to the "burden of McCamant's appeal" and connects my name with it.

CALVIN STANLEY.

REPUBLICAN SPEAKING.

Walter Tooze of Woodburn will address the citizens of Newberg on the political issues of the day at Armory hall on Wednesday night, May 13. Mr. Tooze never fails to interest an audience. Come out and hear him.

REPUBLICAN CLUB.

City Council.

The mayor and all councilmen were present at the regular council meeting last Monday night. Nothing of importance came up and consequently the meeting was devoid of interest.

The first thing that claimed their attention was a petition for a flag. The petitioners, 54 in number, asked that the city buy a flag at least 25x18 feet in size. The matter was discussed to some extent and finally left to the committee on streets and public property to investigate.

A petition was presented asking for a sidewalk, commencing at the intersection of Main street and the Dayton road, running east on Fifth to Blaine street, north to Third, thence east to College. Granted.

There was but two bills allowed, one for $14.85, presented by Recorder J. G. Hadley; and one by Crater Bros., lumber, lor $2.75. Several other bills were presented but not in time for the committee to audit them on Saturday evening previous to the meeting and no action was taken on them. Martin Cook presented a bill of $10 for damages caused by his fence being torn down in building the bridge on Smith avenue, but aside from a little talk nothing was done.

The City surveyor, Miles Reece, having resigned, Prof. J. J. Jessup was appointed to fill the vacancy.

The matter of bicyclists using the sidewalks for speeding purposes was discussed and it was decided that if more care was not taken, and less fast running, an ordinance would be passed prohibiting wheels on any walk.

W. F. M. S.

The annual meeting of the W. F. M. S. of Friends church was held Saturday afternoon, May 2nd. Reports of superintendents and committees show an increase of interest and much good work done. The girls band under the efficient management of Miss Inglis, has done much excellent work, especially in raising money for the field. The juvenile band with Mattie Stratton as superintendent is growing in interest and work. The society has done considerable work in the way of carpet tacking, sewing, etc., which have not only been helpful in raising funds but have also been good for the social interests of the membership.

The society has also done much valuable home missionary work in helping needy families. Interesting letters were read from our missionaries telling of the marked change in the lives of the natives many testifying to the same. They have a large Sabbath school, a day school of about one hundred, and are doing good work in the homes of the people. They write of the good help our California sisters are to them. The California endeavorers have pledged the support of Anna Hunnicutt another year, and the W. F. M. S. of California yearly meeting pledged the support of Lizzie Morris. The health of the missionaries is good, and we feel that God has marvelously blessed the work and workers the past year.

W. C. T. U.

Having heard criticisms concerning Mrs. Delle Cox for entering the evangelistic work we want to say that there is in the W. C. T. U. an evangelistic department and we send out evangelists in the field. Mrs. Cox is state president of East Wash., and as devoted and loyal a white-ribboner as ever she was. MEMBER.

MISS WILLARD IN THE LONE STAR STATE.

It has been a number of years since Miss Willard visited Texas, and every town within our borders wanted her. But coming in from the Northeast and having but four days to give us, she visited only three places, Marshall, Dallas and Ft. Worth.

Men and women living in cities round about these places, in some instances over a hundred miles away, came in by scores to hear the best known, best loved woman in the world today. She spoke in the large auditorium of the Central Christian church in Dallas. To secure seats the people brought their dinners when they came to the morning service, and remained patiently until the meeting was over, which was not until nearly sundown. Their eagerness to hear the voice that had moved Europe as well as America; to look into the sweet, spiritual face that has drawn to her the women of all lands; their joyful response to join the white-ribbon army—all proclaim the blessed fact that what Frances Willard stands for is the desire of our best people today.

The Dallas News said it was the largest audience ever assembled to hear any lecturer in Texas At the close several ministers led the hundreds who donned the white ribbon. In Fort Worth and Marshall these scenes were repeated. Carriages decorated with white ribbons entwined with fairy smilax and drawn by white horses, met her party at the depot in Fort Worth and drove directly to the city hall where a large audience awaited her. Who but our chieftain could draw a great congregation together upon a day's notice, and that day a rainy one, full of grippe? And yet this was done in Forth Worth.

The vote on governor in Yamhill county at the last election stood as follows: Republican 1560, populist 959, democratic 737, prohibition 221.

Notwithstanding the late spring, wild strawberries are here, or at least some of them are. Calva Martin showed us a few ripe ones and said he had a small dish of them to eat with sugar and cream.

Prof. Elmer E. Washburn of Portland University gave a very able talk to the college Y. M. C. A. Sunday afternoon on the subject of social purity. Prof. Washburn was formerly a student with us, having graduated out of the academic department, and we are always glad to welcome him among us.

New Pastor Chosen

The pastoral committee of Friends church has for some time been in correspondence with different ministers, with a view of securing a pastor to take the place of Rev. James P. Price who will go east and take a needed rest at the close of his pastoral year the first of July. At the monthly business meeting of the church on last Tuesday night the committee reported that they had secured Rev. Alfred T. Ware, now of Marshaltown, Iowa, for the place. The report of the committee was heartily endorsed by the meeting.

Rev. Ware is a graduate of Penn College at Oskaloosa, Iowa, and while he is a young man he has been very successful in his work for the church, and he comes well recommended as an active energetic pastor. He will come on about the middle of this month and will take a rest between that time and the first of July when he will enter on his work here as pastor.

Mrs. Ware who has been at Salem for some time visiting will come down soon and arrange for a house and in the meantime visit with her cousin Mrs. Prof. Lewis.

Ninety-five per cent of the skilled labor of Japan is still done in the homes of the people, where the different members of the family take turns at the work. The finest brocades, silks, artistic porcelain, cloisonne and lacquer work are done under the roofs of humble cottages.

The Three Sisters, the old steamer that served the Oregon Pacific railroad for several years, has been left to the mercy of the waves of the Willamette at Corvallis, the old hull having become so rotten and water soaked that it is not considered worth repairing.

Thomas Jefferson had the dignified bearing of an old-time gentleman. In his manner he was generally cold, but with friends would unbend his dignity and be as sociable as anyone could desire.
