 This cool weather is very depressing to ice dealers in town.

Some one borrowed the April number of McClure's magazine at this office and forgot to return it.
 Charley Maris and the rest of the family except Mr. Maris are up at Sheridan, harvesting their crop of hay and grain.

Mrs. Ann Lamb received a letter last week giving the information of the death of her aged mother who lived in Kansas.

It is reported that the edict will go forth on next Monday night that bicycle riders must keep off the walks on First and Main streets until bad weather, at least.
 The combined efforts of the colling moth and the ubiquitous small boy makes it pretty hard for the light crop of apples to attain their usual size this season.

B. C. Miles and family have gone to the coast where they will camp on the bank of the classic waters of Slab Creek, by the sounding sea. They will probably be gone about two weeks.
 L. M. Parker, the clothing and goods furnishing man, who is always absent of the times, left here the first of the week for San Francisco for the purpose of laying in a full stock of goods.

Henry Austin and son Arthur are at Little Neck. Henry has a great longing for a home by the sea shore and he will probably trade for land or take up a homestead while he is over there.
 The farmer has to sell his stock cheap and it is cheap meat that you want, while it is your money I want. Take advantage of the supposed short life of the Central Meat Market and buy meat at hard time prices. J. S. BAKER.

Mr. and Mrs. A. M. Cornell of Starbuck, Minnesota arrived here Tuesday evening and will visit with relatives in town for some time. Mr. Cornell is a telegraph operator and has charge of the Northern Pacific railroad office at Starbuck.
 The W. F. M. S. of Friends church will hold its meeting at the church on Saturday at 3 o'clock. Superintendents will please be prepared with quarterly reports. The Executive Board will meet at the same place one hour before the regular meeting.

The Mount Hood party arrived home last Saturday looking as brown as the sea and yellow leaf. They made the ascension all right and say they had a high time. The smoke hanging over the valley interfered very much with the sight-seeing.
 President New in, who went up the river last Saturday and returned on Monday says he found many passengers on board, both coming and going. On Sunday he preached at a union basket meeting near Wheatland, morning and evening and Dr. J. W. Watts of Lafayette preached in the afternoon.

A gentleman who lives a few miles out from Portland, in conversation with the writer a few days ago, remarked that he was sorry to hear that there was no prospect of a fair being held at Newberg this season, as he always liked to attend. This is the sentiment very generally expressed among the people.
 Frank Elliott and Charley Cavill arrived home on Tuesday from their trip to the mines of the Cascades, looking as brown from sunburn as the typical miner of the good old days when the forty-niner shouldered his pick and returned from the Eldorado of California, laden with yellow nuggets. The boys say they secured the claim they went in search of.

The annual reunion of the Hill's and Henley's will take place at Richmond, Indiana, August 11. Ab and Lon Hill of Newberg are thoroughbred and eligible to registry in the reunion herd book. These must be prolific families as they are able to command the respect of the railroad barons of Indiana and obtain low rates to the reunion. In looking through the locals in the Carriage Record it is safe to count on the subject of every other one being a Hill or a Henley.

For all kind of stove repairs, on short notice, see J. B. Mount.

The statement made many years ago that "man cannot live by bread alone" is as true as it ever was—he must have a nice juicy steak or a roast of meat to go with it. Stanley & Cooper are always ready to furnish their customers with the best of fresh and smoked meats.
 Howard Williams has traded a piece of North Dakota land to Mr. Baumann for the Noah Parish farm out east of town. Howard says he has had all he wants of Dakota and Mr. Baumann thinks he prefers that cold, bleak country, so this appears to be a trade where both parties will be benefited.

F. T. Keyes of Dundee, who has been a resident of Oregon for forty-three years, in speaking of the unusually hot weather we experienced last week, said that the Oregon climatic influences were such that no living man could forecast with any degree of certainty what the season would be. Mr. Keyes, however, is thoroughly loyal to Oregon.
 Wherever steamboat competition is cutting into the passenger business of the Southern Pacific railroad, rates are being cut by the S. P. people in order to regain lost business. Formerly, Newberg people paid a big round dollar one way between here and Portland but now a round trip ticket can be had for \$1.25. A like cut has been made at Salem and a \$1.50 round trip rate is made, when formerly more than \$2.50 was the charge for single passage. This is good so far, but the chances are that it will not be long until a rate of one dollar for the round trip will be given from Newberg. When times were flush the traveling public went with a rush and cared little for expenses, but since most people have reached that point where they have more time than money, the steamboats have been capturing the travel.

When Thursday mornings train rolled into the depot a young turkey was seen perched up on the cowcatcher, apparently as unconcerned as a first class passenger with a through ticket to Boston. Where the youngster hailed from, or whether he was bound, will probably never be revealed to mortal man, but it is probable that he was on his way to the city to see the elephant and incidentally to discover if possible the fate that befalls the large number of the turkey family that are annually ticketed to Portland along about Thanksgiving time. Alas and aleck! that is where he made his mistake, for when the train stopped the hard hearted engineer reached out his hand and gobbled him up, and the young adventurer will never gobble again, at home or abroad, for his bones are now no doubt bleaching in the sun along side the railroad track outside the gates of the city; for the craving of the average railroad engineer for young turkey is said to be equal to that of the parson for "chicken finks."

 Miss Maud Wallace of Portland has been visiting Mrs. F. A. Morris during the week.
 Christenson & Miller have sold eight binders this season in the face of a short grain crop and a short money crop.

W. S. Allen of Dundee who was seriously ill a few weeks ago, was in town last Saturday looking as hearty as ever.
 Mrs. Emma Bell has gone to Marion county to visit in the Case family. She will probably remain until some time in September.

Dave Lamb, who has been at Scotts Mills for some time looking after his mining interests is at home this week taking a rest.

 Mrs. L. M. Parker received a telegram from Casey, Illinois last Sunday announcing the death of a brother at that place. It was not unexpected as he had been in poor health for some months.

Rev. James P. Price left here on Tuesday for the trip east which he has had in contemplation for some time. He will probably be gone a year although he may return in a few months.
 Irvin Test who has been visiting with Al Clark's for the past three months, left for his home at Hag-stown, Indiana Tuesday morning. He will see the sights in Yellowstone Park on his way home.

The idea seems to prevail here that Rev. Jerard has left his charge here, but this is a mistake. He will be here for some time to come and will occupy the pulpit at the Baptist church next Sunday.
 John Christenson's team which was left standing in front of Heacock's lumber yard on Wednesday became scared and made a very pretty runaway. Somewhere up the valley the horses were caught and stopped with little damage done.

A Chance to Make Money.
 I have berries, grapes and peaches, a year old, fresh as when picked. I use the California Cold process, do not heat or seal the fruit, just put it up cold, keeps perfectly fresh, and costs almost nothing; can put up a bushel in ten minutes. Last week I sold directions to over 120 families; anyone will pay a dollar for directions, when they see the beautiful samples of fruit. As there are many people poor like myself, I consider it my duty to give my experience to such, and feel confident any one can make one or two hundred dollars round home in a few days. I will mail sample of fruit and complete directions, to any of your readers, for eighteen two-cent stamps, which is only the actual cost of the samples, postage, etc., to me. 7-2413 Frances Casey, St. Louis, Mo.

It doesn't cost much to get married here in Oregon provided both parties are willing. A marriage ceremony which occurred recently and not very many miles from this place is our authority for the statement recorded above. The groom borrowed the necessary cash to procure the license; borrowed a horse and buggy to come to town and to balance the account with the official who performed the ceremony, he is to turn in his with a veision. Such is life when it can't be made any "sacher." —Junction City Times.

A Lie Told.
 Consumption and bronchitis are not by any means the same, although it is hard to distinguish one from the other. Bronchitis is an inflammation of the lining of the wind tubes or air vessels of the lungs, causing a cough of the same cough, sore throat, hoarseness, difficulty of breathing, spitting of matter and sometimes blood. Thousands die annually with this dread disease. With our Cough Cure will cure. Price 50 cents. For sale by all Druggists.

A traveler in Japan says that the Japanese tramp takes his hot bath daily if he has a fraction of a cent for it, or his cold bath if he hasn't a cent. He carries a comb, toothpicks, a razor and a toothbrush, in a little bundle. A few Japanese tramps might well be introduced as missionaries in the American brotherhood of these countries. Do not seem to realize what cleanliness is "next to."

Avoid Consumption.
 By stopping that cough. We know of no better remedy for coughs and colds than the S. B. Cough Cure. 50 cents per bottle. For sale by all druggists.

W. C. T. U. Annual Picnic.

This is one of the red letter days of the organization, being the birthday of Lady Henry Somerset, the noted English temperance worker. A short literary and musical program will be given, and a basket dinner will be eaten in the grove. Everybody is invited to come and bring their baskets and have a good time. COMMITTEE.

Portland Welcomes: The breach between the Cleveland and the Bryan democrats in Oregon is widening. They have been gradually drifting apart for about three years. Now that the administration men refuse to support Bryan, there is no chance for them to come together. The silver men threaten to demand the resignation of the administration office holders who refuse to support Bryan. Nothing will be accomplished that way. The officials will not resign and President Cleveland will not remove them. If Bryan by any accident should happen to be elected, there will be a clean sweep in Oregon. About ninety-nine per cent of the democrats who are supporting Bryan in Oregon are doing so in the hope of getting "ollies," should he be elected. The remaining one per cent want to get even on Cleveland.

The New Hook Spoon Free to All.
 I need in the Christian Standard that Miss A. M. Pitts, station A, St. Louis, Mo., would give an elegant plated hook spoon to anyone sending her ten 2-cent stamps. I sent for one and found it so useful that I showed it to my friends and made \$10.00 in two hours, taking orders for the spoon. The hook spoon is a household necessity. It cannot slip into the dish or cooking vessel, being held in the place by a hook on the back. The spoon is something that housekeepers have needed ever since spoons were first invented. Anyone can get a sample spoon by sending ten 2-cent stamps to Miss Pitts. This is a splendid way to make money round home. Very truly,
 Jeannette S.

The cream is frozen instantly and is free from lumps. I have done so well myself and have friends knowing so well that I feel it my duty to let others know of the opportunity, as I feel confident that any person in any locality can make money, as any person can sell cream and the Freezer sells itself. J. F. Casey & Co., 112 St. Charles St., St. Louis, Mo., will mail you complete instructions and will employ you on salary if you can give them your whole time. Wx Mc.
