Rev. Frank Powell and wife have been in town since Tuesday morning. He began a course of three lectures at the Evangelical church on Wednesday night under the auspices of the A. P. A.

The farmer has to sell his stock cheap and it is cheap meat that you want, while it is your money I want. Take advantage of the supposed short life of the Central Meat Market and buy meat at hard time prices. J. S. BAKER.

So many of our people are away at work and at the coast feeding on clams, that the streets have a deserted appearance and it is difficult for A. J. Clark and Jess Presnall to get a sufficient crowd together to listen to a street discussion on the all absorbing 16 to 1 question. Very depressing indeed!

Henry Austin arrived home from Slab Creek last Sunday with a front on him suggestive of a heavy clam diet, of which he has had a particular liking of several years standing. Rob Rogers, who owns a ranch in that region, will be out here in a few days to confer with Henry, and a real estate trade is one of the possibilities.

If you have ever seen a little child in the agony of summer complaint, you can realize the danger of the trouble and appreciate the value of instantaneous relief always afforded by DeWitt's Colic & Cholera Cure. For dysentery and diarrhœa it is a reliable remedy. We could not afford to recommend this as a cure unless it were a cure. A. T. Hill.

The report comes from Slab Creek that B. C. Miles has not felt the touch of a razor on his face since he left home, and a few days ago a party of Newberg people passed him while he was sitting on a rock gazing silently out on the broad expanse of waters and he was mistaken for a stalwart Siwash of the Siletz reservation.

While nearly all the other up river boats are having a hard time of it scraping the gravel bars on the upper Willamette, the Grey Fagle is pursuing the even tenor of her way, so to speak, and this enables the O. C. T. company to keep pretty well on schedule time and carry their usual quota of passengers and freight. While the Grey Eagle may not be able to flirt as the prettiest duck on the river, she gets there just the same, even at low tide and her favors are courted.

The Tillamook Headlight gives the following bear story in which our former townsman, G. W. Grayson, is the principal actor: "One day last week G. W. Grayson, of Trask, had an interesting experience with a bear. Bruin entered into the enclosure near the Trask house, and Mr. Grayson took a shot at him with a shot gun. The bear scampered away, but presently was noticed again in a pig pen near by. Mr. Grayson went after him with an axe, and the whole family surrounded the pig pen to keep the bear from getting away. Grayson struck the bear with the axe a few times, but it seemed could not dispatch him. Finally Mr. Rice, who stays there, procured a rifle and shot the tresspasser, which fell dead, apparently. On attempting to drag him from the pen, he came to life very suddenly and started to run away. Mr. Rice shot him again and Mr. Grayson got in a few more strokes with the axe, but bruin got away into the dense brush and could not be found."

Tice & Tibodo have added much to the appearance of Parker's store room by kalsomining the inside and putting a new color on the front.

Allen Cravens, who have had charge of the college boarding hall during the past year, are moving back to their Middleton farm. Sorry to lose them.

J. T. Clark of Oregon City, manager of the Clackamas abstract company, who was passing through town last Saturday on his wheel, called on his friend F. H. Storey.

Mrs. Miles Reece is selling off their personal property, with a view of leaving for Southern California at an early day to join Mr. Reece who went there last spring.

James Vestal, who was down from the Crawford farm above Dayton last Saturday and Sunday, said that the probabilities were that they would move back to Newberg in the fall.

The statement made many years ago that "man cannot live by bread alone" is as true as it ever was—he must have a nice juicy steak or a roast of meat to go with it. Stanley & Cooper are always ready to furnish their customers with the best of fresh and smoked meats.

Charley Hoskins, who came in from the Big Nestucca the first of the week, says Fred Rogers brought in a big fat bear—one as big and fat as Fred is himself, and that is saying a good deal, while he was at Fletcher's camp, and two others were reported killed just as they left the camp.

The Graphic acknowledges the receipt of an invitation to attend the Astoria regatta, which will be held next week. The state editorial association also meets in Astoria at the same time, so the Graphic will be represented there unless a suspender breaks or some other unforeseen calamity strikes this office in a tender spot. "Clams! Clams!"

Bert Weesner arrived home from Ocean Park on Tuesday with a load of coasters. He says he found sixty five tents fluttering in the breeze at the Park, but he thinks Slab Creek is much the nicer place. Charley Moore, who started out from here last week with a heavy load of passengers and camp plunder, was obliged to hire a team at the toll gate to help pull through the mud in the timber down the Big Nestucca.

Since 1878 there have been nine epidemics of dysentery in different parts of the country in which Chamberlain's Colic, Cholera and Diarrhœa Remedy was used with perfect success. Dysentery, when epidemic, is almost as severe and dangeoous as Asiatic cholera. Heretofore the best efforts of the most skilled physicians, have failed to check its rages, this remedy, however, has cured the most malignant cases, both of children and adults, and under the most trying conditions, which proves it to be the best medicine in the world for bowel complaints. For sale by A. T. Hill, druggist.

Newberg people don't go to Tillamook any more as other places are more accessible, so the Graphic gives the following from the Headlight: "Some men who were raised in the Willamette valley, who were never in a town larger than Portland, who were never outside of the state, and who are very ordinary men, not having any particular brains to speak of, men who may be classed with the mediocrity or lower, sometimes venture into Tillamook. Some such men imagine they are endowed with a monumental intelligence that would tower up and awe the average Tillamooker. They come here under the impression that all Tillamookers are unsophisticated yahoos, green-horns, bucolics, hayseeds, ignoramuses, and illiterate beings generally. When such fellows swagger, swell up, puff out, slop over and make themselves generally obnoxious, they should be called down, and a few have been lately. When a man comes in blowing and parading himself as a great, wealthy and influential man, (especially a person never heard of before) it is safe to set him down as a dilated bag of common atmosphere. A few hundred dollars grow into millions with some people when they get into a "heathen country" like this. They don't realize that the average Tillamooker has seen more of the world than some people who come strutting over here from the Willamette valley."

Rev. A. T. Ware and wife, Mrs. F. A. Morris and Mrs. Julia Maris anticipate going to Scotts Mills today to attend Friends quarterly meeting at that place Saturday and Sunday.

Ed Holt drove over to Willhoit springs last week and got back without being held up by the bold, bad robbers. He took Mrs. S. A. and Miss Emma Deskins over for a short stay at the springs.

F. H. Storey is developing into a first class machinist. He gave Lon Johnson's engine an over hauling and made a number of changes in the pipes last week that made it hum like a new engine.

A. C. Harold and Lambert Coppock with their families, from above Salem, came down last Friday and visited with Emmor Halls until Tuesday. If they can rent a farm they will move down into this community.

Frank Vestal, who went to McMinnville a short time ago to engage in barbering, concluded to return to Newberg, and he may now be found at the old stand, ready to wait on his friends who are in need of a shave or hair cut.

Cy Hinton, who is running a thrashing machine out north of town says grain is yielding better than was expected. One field made 35 bushels per acre. Oregon is pretty hard to down on a wheat crop.

Jeremiah Osborn will have charge of the college boarding hall next year. This insures good management as Mrs. Osborn is endowed with the necessary executive ability to qualify her for the position of matron.

Rev. James P. Price, who went east recently, writes from Marshaltown, Iowa that people in Oregon don't know what hot weather is. The number of deaths from heat in the east, reported in the papers during the past few days, confirms this statement.

Don't trifle away time when you have cholera morbus or diarrhœa. Fight them in the beginning with DeWitt's Colic & Cholera Cure. You don't have to wait for results, they are instantaneous, and it leaves the bowels in healthy condition. A. T. Hill.

A man who will tie the legs of a half dozen chickens together and lug them two or three miles to town with their heads hanging down, ought to be sent to a school where the prevention of cruelty to animals is taught. Then if that don't work a reform in him he ought to be swung up by the heels for a few minutes.

Anna Hagey, the fourteen year old daughter of Mr. and Mrs. Drew Hagey, who live out northeast of town, died Wednesday afternoon of typhoid fever. The burial took place in the Dundee cemetery on Thursday evening. Mrs. Hagey and the oldest daughter, who have been down with fever for some time, are improving.

An old gentleman and lady named Degeer from Sheridan, who were on their way to Portland, were the victims of quite a severe accident Wednesday afternoon when near Dundee. The horse they were driving became scared at a passing hand car and turning suddenly, threw them out. The old gentleman escaped with a few slight bruises while his wife's collar bone was broken in the fall. They were brought to Newberg where the broken bone was set, and after resting over night they were able to return home. The runaway horse was caught, after having run about half a mile and demolished the buggy and harness pretty badly.

Mrs. Dasie Lewis Deceased.

Mrs. Dasie Lewis, the wife of Prof. C. E. Lewis died on last Sunday evening after an illness of six months duration. The deceased was a graduate of Pacific College, being a member of the class of '95. The dress she wore on the day of graduation was worn a short time afterward as a wedding dress, and now in less than a year's time the same has been used as a funeral shroud. The deceased was an earnest, active Christian and she died with a bright hope of a blessed immortality. The remains were laid to rest at 4:30 on Monday evening, a short burial service being conducted at the cemetery by Rev. A. T. Ware. Memorial services will be held at Friends church next Sunday at 11 o'clock, when the sermon will be preached by President Thomas Newlin.

A Chance to Make Money.

I have berries, grapes and peaches, a year old, fresh as when picked. I use the California Cold process, do not heat or seal the fruit, just put it up cold, keeps perfectly fresh, and costs almost nothing; can put up a bushel in ten minutes. Last week I sold directions to over 120 families; anyone will pay a dollar for directions, when they see the beautiful samples of fruit. As there are many people poor like myself, I consider it my duty to give my experience to such, and feel confident any one can make one or two hundred dollars round home in a few days. I will mail sample of fruit and complete directions, to any of your readers, for eighteen two-cent stamps, which is only the actual cost of the samples, postage, etc., to me.
7-24t13 Frances Casey, St. Louis, Mo.

Card of Thanks.

I wish to thank my neighbors and friends for their kindness and sympathy shown during my wife's recent illness and death. Also the city authorities for kindly closing the streets around our residence, the traveling public for its considerate care in passing by, and especially the many little children who walked so softly in the middle of the street, for fear of disturbing the suffering one. C. E. LEWIS.

A Lie Nailed.

Consumption and bronchitis are not by any means the same, although it is hard to distinguish one from the other Bronchitis is an inflammation of the lining of the wind tubes or air vessels of the lungs, causing soreness of the same, cough, sore throat, hoarseness, difficulty of breathing, spitting of matter and sometimes blood. Thousands die annually with this dread disease. Wilbur's Cough Cure will cure. Price 50 cents. For sale by all Druggists.

The discussion between Rev. Frank A. Powell of the Christian church and Rev. H. S. Wallace of the M. E. church held at Dayton recently and continuing over several sessions, must have been a draw, as the Herald says the total amount of the collections taken at each session to defray the expenses of the speakers, amounted to only $2.10, which was equally divided between them. Dayton audiences would no doubt shell out more liberally just now to hear a discussion of the contents of the respective political platforms.

At a Big Bargain.

My residence property on corner of Third and Center streets in Newberg. Two story house of 9 rooms, good barn and well. Will sell at a great bargain.

What a Woman Can Do.

Last week I cleared, after paying all expenses, $255.85, the month previous $260 and have at the same time attended to other duties. I believe any energetic person can do equally as well, as I have had very little experience. The Dish Washer is just lovely and every family wants one, which makes selling easy. I do no canvassing. People hear about the Dish Washer and come or send for one. It is strange that a good, cheap Dish Washer has never before been put on the market. The Mound City Dish Washer fills the bill. With it you can wash and dry the dishes for a family of ten in two minutes without wetting your hands. As soon as people see the Washer work they want one. You can make more money and make it quicker than with any household article on the market. I feel convinced that any lady or gentleman can make from $10 to $14 per day around home. You can get full particulars by addressing The Mound City Dish Washer Co., St. Louis Mo. They help you get started, then you can make money awful fast. A. L. C.
