Attorney Clarence Butt and Harvey Dorrance were in the county seat on business last Saturday.

Presbyterian church services are held every first and third Sunday at eleven o'clock a. m. J. E. DAV, Pastor.

Rev. Jarard having resigned his position as pastor of the Baptist church in Newberg, will probably go to Moscow, Idaho.

Charley Wilson, Walter Parker, and Will Clemenson were in the city Thursday, taking in the wonders of Forepaugh's great show.

Cy Vaughan and his two sons and Henry Decker left on Monday morning's boats for some point on the Columbia where they expected to get work in the timber.

The Graphic has received from Edmund Robinson at Kirkwood, California, an interesting account of their trip down from here. It was received too late for this week's publication.

As we go to press word comes that George Hailstone, who is in the employ of the S. P. company, while working on the mountain, fell in such a way as to break one of his ribs. He was waited on by Dr. Littlefield.

The farmer has to sell his stock cheap and it is cheap meat that you want, while it is your money I want. Take advantage of the supposed short life of the Central Meat Market and buy meat at hard time prices. J. S. BAKER.

Orin Winslow has decided to return to Carthage, Indiana, where his father offers him a good lay out on a farm. Sorry to see them leave Oregon but hope they may prosper in their old home again. They will probably leave about Sep. 1.

A meeting is called for Friday evening at 8 p. m. in the Hoskins brick building, for the purpose of organizing a McKinley and Hobart club, and making arrangements for the present campaign. All interested in the election of McKinley are cordially invited to attend.

When crossing a ravine on the Harger farm in West Chehalis last Tuesday, Amos Nelson's thrashing engine broke through the culvert, falling about five feet. The drive wheel struck a tree and broke in several pieces which caused a lay off for the crew until a new wheel could be shipped out from Portland.

If you have ever seen a little child in the agony of summer complaint, you can realize the danger of the trouble and appreciate the value of instantaneous relief always afforded by DeWitt's Colic & Cholera Cure. For dysentery and diarrhea it is a reliable remedy. We could not afford to recommend this as a cure unless it were a cure. A. T. HILL.

Mr. and Mrs. J. K. Blair started to Scotts Mills last Friday morning, driving F. A. Morris' mare to the buggy, but they got no farther than the Wyoski hill below town. When about two-thirds of the way down the hill, from some unaccountable reason the mare began to kick, and before a halt could be called the shafts and dashboard were pretty badly splintered up. Mr. and Mrs. Blair got out without a scratch however which was the main thing to be thankful for.

W. N. Sutton arrived home last Monday after an absence of two or three weeks. He visited Spokane, Baker City, Pendleton and several of the mining districts tributary to these points, with a view of choosing a location for merchandising. Since coming home he received word from Spokane that a groceryman in that city had accepted an offer made by himself and a Portland gentleman for his stock and fixtures and he left for that city on Wednesday morning. He says business is lively at Spokane and houses hard to rent, and consequently his family will remain in Newberg for the present. Billy has made many friends since coming to Newberg who are exceedingly sorry to see him leave.

Jeremiah Osborn is laying in a big supply of wood for the college boarding hall.

Moore's Alabama Happy Darkies are on the boards for Armory Hall Friday night.

Mr. Peterson is erecting a very neat barn on his north Meridian street property.

Charley Mackey has rented a farm near Dayton, where he will move in a short time.

The Graphic and the great New York Tribune one year for \$1.50. Copies of the Tribune may be seen at this office.

John Winters and family passed through town last Monday headed for salt water and apparently loaded for "bar."

N. C. Kirk and family are breaking the record this week by breaking camp at home and departing for the coast for the first time.

Mr. and Mrs. C. E. Smith of the West End drug store are rejoicing over the appearance of a little one in their family. Date, August 12.

Parties wanting buildings moved or raised will do well to call on Tice & Thoburn who are prepared to do such work and guarantee satisfaction. 7-1712

Mr. Slipp city passenger agent of the S. P. Co. was in Newberg Tuesday afternoon, and succeeded in persuading A. J. Clark to take his trip east over the S. P. route.

The editor of the Graphic left for Astoria on Wednesday, where he will soak his feet in salt water for a day or two, during the meeting of the state editorial association.

Fourteen teachers took the examination at McMinnville last week, half of whom made a failure. Snuffer of Sheridan, and Duncan of Dayton, assisted the new superintendent.

Rob Cooper was off his feet for a few days this week so that he was unable to attend to business but he is on deck again. Jay Heath took his place in the meat shop while he was out.

It is hinted that one of our merchants who has been blowing in a good deal of railroad fare each week, contemplates cutting off this unnecessary drain by negotiating with the county clerk for a marriage license. Good scheme.

J. T. Smith is not to say mad and you need not so accuse him when you meet him on the street. The only trouble is, Mrs. Smith started on her visit to Iowa last Monday and John is a little off his feed on account of loneliness.

The statement made many years ago that "man cannot live by bread alone" is as true as it ever was—he must have a nice juicy steak or a roast of meat to go with it. Stanley & Cooper are always ready to furnish their customers with the best of fresh and smoked meats.

Everett Weesner arrived home from Newport Tuesday. He reports a large attendance at this favorite resort this season. C. B. Frissell has become so enamored with the beauties of Nye Creek that he has bought a lot and has put himself to work clearing it off ready for building. The chances are that Charley will soon quit as the fellow said, call it a half day and go fishing.

Billy Sutton, who returned from an extended trip through Eastern Oregon and Washington last Monday says he heard much free silver talk, especially at Spokane and Baker City, but after making the tour and hearing all sides of the question discussed he came home fully convinced that McKinley would be elected. He says the sound money sentiment among merchants and business men generally is of a very pronounced character.

Since 1878 there have been nine epidemics of dysentery in different parts of the country in which Chamberlain's Colic, Cholera and Diarrhoea Remedy was used with perfect success. Dysentery, when epidemic, is almost as severe and dangerous as Asiatic cholera. Heretofore the best efforts of the most skilled physicians have failed to check its ravages, this remedy, however, has cured the most malignant cases, both of children and adults, and under the most trying conditions, which proves it to be the best medicine in the world for bowel complaints. For sale by A. T. Hill, druggist.

Joseph Wilson, the corner groceryman, who was arranging for a drive out through the Chehalis Center neighborhood and on half way up the side of Chehalis Mountain last Monday, wanted a small boy to go along to open gates, and that is the way the Graphic man came to get a ride. The corn, potatoes and garden truck of all kinds is making a big growth since the fine rains we had two weeks ago and everything has a fresh appearance for this time in the season. Some French prune trees were seen that were well loaded with fruit but as a rule our prune trees are not themselves this season at all. Jo Atkinson's new patent gate was the last one to encounter on the home trip, and here all we had to do was to yank the rope and the gate did the rest. Long live the man who invented it. By the way Jo must be contemplating matrimony, judging from the way he is trimming things up about the place.

Hay Wanted.
 Chas. K. Spaulding wants 40 tons of timothy and 60 tons of cheat hay, baled and delivered in Newberg. 7-1911

A Big Bargain.
 A farm of 52 acres, 1 1/2 miles from La Fayette, on Carlton road. 20 acres cleared, 10 acres in young bearing apple orchard, 10 acres pasture. Good house and barn. This is a big bargain. Enquire at the Graphic office.

Don't trifle away time when you have cholera morbus or diarrhea. Fight them in the beginning with DeWitt's Colic & Cholera Cure. You don't have to wait for results, they are instantaneous, and it leaves the bowels in healthy condition. A. T. HILL.

Mr. Hendershott, who lives near Butteville, was in town last Monday looking after the hay trade. The probabilities are that Mr. Hendershott will soon be a resident of Newberg as he is about to close a deal for the lease of the Newberg House. He is an experienced hotel man and would no doubt make a success of the business in Newberg.

A. J. Clark departed on Wednesday morning's train for Warren, Ohio, his old home, where his mother now lives. He expects to visit parts of Wisconsin before his return. The Graphic wishes him a pleasant journey.

Double Wedding.
 A double wedding was solemnized at the residence of Mr. and Mrs. John Shearer in Newberg on Thursday, August 20, 1896, at 10 o'clock a. m. The contracting parties were Miss Josie Shearer and Perry Bradley, and Miss Lizzie Shearer and Dr. I. L. Scofield, Rev. Scofield of Forest Grove, officiating, assisted by Rev. E. E. Thompson of McMinnville. A number of relations and friends were present to witness the ceremony and help to start the young people on the royal road to happiness complete.

Miss Josie Shearer has been a teacher in the Newberg public schools for the past two years while her sister Miss Lizzie has been a student in the school, and both have a large circle of friends in Newberg, who while they will regret to lose them from the circle of single blessedness will give them a hearty God speed. Perry Bradley, whose home is in Portland has been in the employ of the street railway company as conductor for several years, and by his steady habits and strict attention to business has gained an enviable reputation with the company. Dr. Scofield is a rising young dentist who came to Newberg a few months ago, since which time he has been building up a good business.

Mr. and Mrs. Bradley left on the noon train for their cozy little home awaiting them on the eastern bank of the Willamette, near Portland, while Mr. and Mrs. Scofield will occupy the Moore property on Meridian street.

The Graphic extends congratulations.

A Crystal Wedding.
 Mr. and Mrs. W. P. Heacock celebrated their fifteenth wedding anniversary at their pleasant home in north Newberg, Monday evening August 17, 1896. It was the wish of Mr. and Mrs. Heacock that the Newberg W. C. T. U. be their guests on this important occasion, and so the parlors of their home were well filled with the members and their husbands. According to previous arrangement, the Union furnished the program of music and short speeches, after which delicious cake and ice cream was served in the dining room. A very pretty water set and some other pieces were presented the happy pair, and at a late hour the company dispersed, having spent a most pleasant evening, and hoping that they might be bidden to many more anniversaries of their amiable host and hostess.

A card received from Justin Haworth at Quaker, Indiana, says they intend to come back to Oregon before Christmas and they may come before many weeks. He says the weather is very oppressive to one who knows how to appreciate a night's rest in the Willamette valley. Justin's neighbors will be glad to see them back.

Theories of cure may be discussed at length by physicians, but the sufferers want quick relief, and One Minute Cough Cure will give it to them. A sure cure for children. It is the only harmless remedy that produces immediate results. A. T. HILL.
